	Site Name	Rietfontein 001
	Date	01/03/1991 - 12:07
	Project	
	CaseNID	
	Coords	-26.460291, 27.762340

Page No: 1 **SiteAutoID:** 32779

BroadAgeCategory: MSA

Site Category: Artefacts, Archaeological

SiteComments:

Along the vlei edge on Pootjie also contain Middle stone age , artefacts such triangular flakes , blades and core. The same material also occurred on the hill above the Pootjie Dam. The position of the site is estimated from the 1991 map. It appears like the site has already been affected by the development of Pootjie

Damage Types:
