	Site Name	Springfontein WEF MSA a
	Date	25/02/2014 - 13:50
	Project	
	CaseNID	162683
	Coords	-30.339806, 25.647444

Page No: 1 **SiteAutoID:** 33358

CommonName:

Springfontein WEF MS...

Physical Type: Open Site

BroadAgeCategory: MSA

Site Category: Artefacts

Directions:

Sprinfontein Free State

SiteComments:

Isolated un-retouched flakes and chunks were noted along the northern boundary of the development footprint. Artefacts occur mostly as single artefacts with a density of between 1 - 2 artefacts per 30m²) and recorded as an occurrence and do not constitute a site. No archaeological stratigraphy is present and the artefact show a high degree of weathering possibly from being washed

Damage Types:
