	Site Name	Zeerust 8
	Date	01/03/2008 - 07:40
	Project	
	CaseNID	
	Coords	-25.814180, 25.842440

Page No: 1 **SiteAutoID:** 33821

CommonName:

Zeerust 8

Site Category: Building

SiteComments:

The site consists of an old mining shed which is still standing in the main plant. The building seems to have been constructed soon after the mine was operational in 1916. A part from the concrete foundation, the shed is constructed almost entirely of corrugated iron with dimensions of approximately 10 x 10 metres. The shed is still used to store equipment.

Damage Types:
