

Archaeological Site Report	SiteNo	PDV2011/005
	Site Name	PAARDE VALLEY 2011/005
	Date	29/02/2012 - 14:32
	Project	
	CaseNID	118134
	Coords	-30.597583, 24.004278
Page No: 1 SiteAutoID: 33924		

BroadAgeCategory: LSA

Site Category: Artefacts

Directions:

On crest of low hill, along river margin at western edge of study area.

SiteComments:

Dense hornfels scatter on crest of low hill. The artefacts are not very fresh but are probably still all LSA. This site had enough artefacts at a similar stage of weathering to be considered an occupation site.

Stone Artefact Types: Hornfels

Damage Types:
