	Site Name	VAALEVALLEY 2
	Date	28/09/2008 - 13:05
	Project	
	CaseNID	
	Coords	-34.105130, 22.124290

Page No: 1 **SiteAutoID:** 34059

BroadAgeCategory: MSA

Site Category: Artefacts

SiteComments:

Also in the old sand quarry is a medium-density scatter of MSA stone artefacts, some of which appear embedded in consolidated dune sands below looser sands. This, however, may be the result of artefacts being exposed by earth moving machinery and subsequently becoming incorporated in consolidated sands that were hardened through exposure to air.

Damage Types:
