

Archaeological Site Report	SiteNo	WIT003
	Site Name	Witbank 003
	Date	01/10/2010 - 07:05
	Project	
	CaseNID	116877
	Coords	-28.755658, 16.660514

Page No: 1 **SiteAutoID:** 34589

BroadAgeCategory: LSA

Site Category: Artefacts

SiteComments:

This small site was immediately noticeable as it contained various limpets and a large amount of Cape Coastal Pottery, as well as informal looking quartz artefacts. The presence of pottery indicates that the site is likely to be less than 2000 years old.

Stone Artefact Types: Quartz

Manufactured Artefact Types: Pottery, Ceramics

Damage Types:
