Site Category: Building

**SiteComments:**

Site LSF-S4 comprises of the partial foundation remains of a rectangular stone built structure measuring approximately 4x3m in size. It is inferred that the site is directly linked to Site LSF-S3 and may well represent an outbuilding of the original farmstead. Ruined remains may thus well date to the rough 1880's or soon thereafter and is formally protected by the NHRA 1999.
