Page No: 1      **SiteAutoID:** 36276

**AlternateCode:**  
LSF-S5

Site Category: Transport infrastructure

**SiteComments:**

The Site LSF-S5 railway bridge is situated just outside the proposed study site and will not be impacted on by development. The bridge can reasonably be inferred to date to the 1949 period when the railway siding was constructed, implying that the bridge constitutes a structure older than 60 years and thus formally protected by the NHRA 1999.

Damage Types:
