SiteComments:

Generally wall appear to form a series of arcs around central cattle kraals somewhat like a sunflower in plan. At one deep midden rubbish heap is banked against an outer wall. Pottery from this midden belongs to the Uitkomst facies Mason 1962 and the style of walling belongs to Klipriviersberg or Group 111 Taylor 1979. The ancestors of the BaFokeng made both the walling and pottery Huffman 2002.
