SiteComments:

BKS1310/2627BA/BE010 is a single industrial building identified approximately 8 m from the proposed AMD and treated water pipeline routes. The building is most likely associated with BKS1310/2627BA/BE009. The building is typical of 1970s architecture and may be associated with recent industrial developments. Immediate threats can include threats such as corrosion or vandalism, or development such as drilling and site clearing. Potential sources of threats and risk include the proposed development of pipelines and the HDS treatment plant. The construction of the proposed AMD and treated water pipelines may cause alteration, damage to or destruction of historical buildings and structures older than 60 years.
