	Site Name	Gamsberg 13
	Date	01/03/2013 - 08:29
	Project	
	CaseNID	118723
	Coords	-29.236680, 18.952750

Page No: 1 **SiteAutoID:** 51182

AlternateCode:
GI2

BroadAgeCategory: LSA

Site Category: Artefacts

SiteComments:

A small shelter on the northern side of the basin. While it was expected that there might be evidence of Later Stone Age (LSA) or earlier use, there were minimal traces of archaeological material: a single LSA quartz flake was found. The shelter was disturbed by previous mining-related activity

Stone Artefact Types: Quartz

Damage Types:
