AlternateCode: S.34_16 **AlternateName:** PLA2162/2328BC/S....

Site Category: Structures

SiteComments:

S.34_16 are most likely one homestead. This homestead consisted of one kraal and several dilapidated structures. The structures were constructed using varying building material. The majority of structures were stonewalled and circular, while some where rectangular and constructed using concrete. The area around this homestead is overgrown suggesting that it has been abandoned for an extended period of time.

Damage Types:
