SiteComments:

The site is comprised of a cemetery containing four graves of the Lemmer family. The cemetery is located on Portion 3 of the farm Oak Hill 305 which is owned by Mr Lemmer. It is located roughly 150 m to the north-west of Mr Lemmer's homestead. All the graves are orientated along the east-west axis, with their headstones on the western end. The cemetery is enclosed with a wooden pole fence, approximately 10 m x 5 m in extent and is well maintained. The buried individuals include the parents and in-laws of the current landowner Mr Lemmer's. All the graves have granite headstones of which three the headstones represent the grave dressings as a whole. One grave has an upright granite dressing with a rectangular granite lined dressing which had been filled with gravel.
