Site Category: Building

**Directions:**

High impact, situated on main street.

**SiteComments:**

Archive Import History: The building was completed in June 1930 after the previous town hall was destroyed by fire in 1927. It was officially opened by the Administrator of the Orange Free State, C T M Willcocks and the Mayor of Fauresmith, Dr J J van Niekerk. Visual Description: Single storey plastered brick building under pitched corrugated iron roof. Symmetrical front facade with tower, triangular pediment and pilasters. Extensions on side elevations with lean-to corrugated iron verandahs. Timber doors and windows. Colours: Site Features: Condition: Good Construction Date: 1930 Materials: Plastered brick : Corrugated iron Catalogue: Gous, 1994, No: 1.8, Significance Category:
