	Date	Kloof-en-Dal, Roodepoort 28/09/2014 07:47
	Project	
	CaseNID	
	Coords	-26.155484, 27.920585

Page No: 1 **SiteAutoID:** 26636

Site Category: Geological

SiteComments:

Archive Import History: The Confidence Reef was discovered by F. P. T. Stroben on 18 September 1884 and there be and his brother, H. W. Stroben, mined the first payable gold on the Witwatersrand. The discovery of the Confidence Reef led to the flocking of prospectors to the Witwatersrand, which in turn resulted in the discovery of the conglomerates of the Main Reef in 1886.
