Site Category: Building

Directions:

The historical old parsonage building known as Dower House, including the land between the house and Dower Street, as well as five metres of land around the remaining three elevations of the building, situated on a certain piece of land....

SiteComments:

Archive Import History: This building is historically the most important in Kokstad. This is not only because it was the first building in the town and the home of the person who was arguably the founder of Kokstad. Dower's association with the Griqua and his role in the community.
