Archive Import History: Visual Description: Long saddle-roofed corner building. Two short wings in front with covered end-gables with finials. Main end-gable on the side street is covered and has a five-sided bay window with three 1x1-paned sash windows, plaster decor and roof. On left of building is a Karoo-type extension. Full verandah in Church Street with ogee roof on wooden supports and with drip fretwork decoration. Modern pipe railing. The extension has a six-panelled door with plain fanlight. 2x2-paned sash windows with louvered shutters. Main part has four-panelled doors with two-paned fanlights, also a modern double glazed door. Wall has imitation ashlar decor with corner quoins and plain door and window surrounds. An interesting building of local architectural value. Colours: Site Features: Condition: Good Construction Date: Materials: Plastered brick : Corrugated iron Catalogue: Rudner, 1991, No: 032, Significance Category: A
