Site Category: Building

SiteComments:

Archive Import History: The original portion of the historic Bachelors building was erected between 1786 and 1799. The building was later altered into a double-storeyed Georgian house and it was taken into use in 1903 as a boarding establishment for students. It is the oldest portion of the oldest university residence of Stellenbosch and many well-known personalities in the public life of South Africa lodged here during their student years.
