Site Category: Building

SiteComments:

Stone cottage with later plastered verandah. Hipped, corrugated iron roof. Stoep has plastered brick division indicating two flats. Four-panelled front door originally flanked by two sash windows, one of these is now a door with a side light. The verandah has two pillars and the ends are closed with small windows. Side walls have original sashes. There is a stone wall along the streets with wooden gates. This house should be protected in the Town Planning Scheme and listed.

Damage Types:
