Feature 1

Site Category: Structures

SiteComments:

Feature 1 consists of an old farm house that has fallen to ruin. The original stable and livestock holding pens are attached to this structure. The structures' potential to contribute to aesthetic, historic, scientific and social aspects are non-existent and it is therefore of low heritage significance. The age of the structure is unknown but is not indicated on 1943 maps of the area. A structure indicated on the 1943 map does not exist anymore.
