SiteComments:

Graves of Coetzee family associated with HH01. This graveyard (GY02) holds 2 graves which are both fitted with dolerite headstones and with cement slabs. However, the inscriptions on the headstones cannot be deciphered - except for the name 'Anna Coetzee (1882 or 1892)' on one of the headstones. These graves are probably older than 60 years. GY02 will not be affected by the BS4 activities.
