WAA014

Site Category: Stone walling

SiteComments:

WAA0014 occurs in large wattle wood lot. Most of the walling is obscured by wattle that is currently being cleared. The walling appears to be rectangular in shape and at least 40m x 20m in size. The patina on the rocks suggests that it predates the 20th century. The site occurs ~30m from the existing road.
