BroadAgeCategory: LIA

Site Category: Archaeological

SiteComments:

Late Iron Age stonewalled site S25° 45' 29.22" & E30° 16' 58.28". This site is most probably that of an extended family. The stone walls are still in place. It seems that the southern circle site section was the original settlement which was later extended to the north.

DetailsOfCulturalMaterial:

Stone walls
