

## **APPENDIX 3:**

### **Environmental Authorisation application form**

# mineral resources & energy

Department:  
Minerals Resources and Energy  
REPUBLIC OF SOUTH AFRICA

## Application for Amendment of Environmental Authorisation and Variation of Waste Management Licence

Application for amendment of an environmental authorisation in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and Waste Management Licence in terms of National Environmental Management Waste Act, 2008 (Act No. 59 of 2008) as amended, and the Environmental Impact Assessment Regulations of 2014.

### Kindly note that:

1. This form must be used to apply for the amendment of an environmental authorisation and Waste Management Licence. An amendment includes:
  - a) adding, substituting, removing or changing a condition or requirement of an environmental authorisation and Waste Management Licence, or
  - b) updating or changing any details or correcting a technical error.
2. This form is current as of 08 December 2014. It is the responsibility of the Applicant / EAP to ascertain whether subsequent versions of the form have been published or produced by the competent authority.
3. The required information must be typed within the spaces provided in the form. The sizes of the spaces provided are not necessarily indicative of the amount of information to be provided. It is in the form of a table that can extend itself as each space is filled with typing.
4. Incomplete applications may be rejected or returned to the applicant for amendment.
5. The use of “not applicable” in the form must be done with circumspection. Where it is used in respect of material information that is required by the competent authority for assessing the application, this may result in the rejection of the application as provided for in the regulations.
6. **No faxed or e-mailed applications will be accepted.**
7. Unless protected by law, all information contained in and attached to this application, will become public information on receipt by the competent authority. Upon request during any stage of the application process, the applicant / EAP must provide any registered interested and affected party with the information contained in and attached to this application.

8. This form must be submitted to the Department at the postal address given below or by delivery thereof to the Registry Office of the Department. Should the application form and attached reports not be submitted to the addresses given below it will be rejected.
9. Proof of payment of the prescribed fee of R 2 000 must accompany the submission of this form, unless exclusion applies (see section 1 below). The application will not be processed without proof of payment unless one of the exclusions provided for in the fee Regulations is applicable and such information in the exclusion section of this application form has been confirmed by this Department.

## 1. PROOF OF PAYMENT

Applicants are required to tick the appropriate box below to indicate that either proof of payment is attached or that, in the applicant's view, exclusion applies. Proof and a motivation for exclusions must be attached as **Appendix 1** of this application form.

Proof of payment attached as **Appendix 1**

☒

Exclusion applies

☐

An applicant is excluded from paying fees if:

- The activity is a community based project funded by a government grant; or
- The applicant is an organ of state.

TYPE OF EXCLUSION	Tick where applicable. Proper motivation must be attached to the application
The activity is a community based project funded by a government grant	
The applicant is an organ of state

Farm name, Erf No., portion etc:	Bonne Esperance 356 LR & Too Late 359 LR																																										
Physical address where authorised activity is taking or will take place:	Farms Goedetrouw 366 LR & Ketting 368 LR																																										
Magisterial District or Town:	Capricorn District Municipality ("CDM") and Blouberg Local Municipality ("BLM")																																										
Departmental reference number of the previous environmental authorisation in respect of which an amendment is applied for:	Mining Right nr: LP 30/5/1/2/3/2/1/10161 EM MPT nr: 25/2021																																										
Date of issue of environmental authorisation:	Amended Integrated Environmental Authorisation issued on 10 November 2020. Mining Right Registered on 15 April 2021.																																										
Activity/ies for which authorisation was granted:	<b>GN R983 (as amended by R327)</b> Activities 10, 12, 19 & 24. <b>GN R984 (as amended by R325)</b> Activities 4, 6, 7, 15 & 17. <b>GN R985 (as amended by R324)</b> Activities 2, 3, 4, 7, 10, 12 & 14.																																										
<b>Please Note: A certified copy of the environmental authorisation must be attached to this application as Appendix 2.</b>																																											

### 3. DETAILS OF IMPLEMENTATION OF PREVIOUS ENVIRONMENTAL AUTHORISATION

Was the activity commenced with during the validity period of the environmental authorisation? If yes, please describe the implementation of the previous environmental authorisation to date:	YES	<input type="checkbox"/>
An early works drilling programme was commissioned. Environmental monitoring was commenced with and is ongoing.		

### 4. AMENDMENTS APPLIED FOR AND RELATED INFORMATION

Please indicate which of the following is relevant:

4.1. The holder of an environmental authorisation may at any time apply to the relevant competent authority for the amendment of the authorisation if:

(a) there is a material change in the circumstances which existed at the time of the granting of the environmental authorisation;	<input type="checkbox"/>	NO
(b) there has been a change of ownership in the property and transfer of rights and obligations must be provided for; or	<input type="checkbox"/>	NO
(c) any detail contained in the environmental authorisation must be amended, added, substituted, corrected, removed or updated.	YES	<input type="checkbox"/>

4.2. Describe the amendments that are being applied for:
Application is hereby made for the extension of the current Mining Area with the inclusion of the farms Bonne Esperance 356 LR and Too Late 359 LR (the Farms) in accordance with the provision of Section 102 of the MPRDA.

4.3. Please provide the reasons and/or a motivation for the application for amendment:
<p>The Farms are to the west of the farms Langbryde 324 LR and Old Langsine 360 LR and to the north of the farms Rosamond 357 LR and Millstream 358 LR which form part of Mining Right LP 30/5/1/2/2/10161 MR held by Waterberg JV Resources (Pty) Ltd.</p> <p>Geologically, the known mineralized zone of the Bushveld Complex underlain by these two Farms are downdip of the known sub-crop position on the farm Old Langsine at an approximate depth of 1200m.</p> <p>The Farms are situated in the mountainous area of the Makgabeng Plato, and Specialist Environmental Studies showed that the Farms are included within a protected area. Because of these facts surface exploration on these Farms will not be possible.</p> <p>It is the intention of Waterberg JV Resources (Pty) Ltd to execute an underground exploration programme ounce the underground development from the current Mining Areas reach these Farms.</p> <p>The underground exploration programme will determine the orientation and grade of the potential resource underlain by these two Farms. A detailed feasibility study and mining work programme will be conducted at this stage.</p>

4.4. Should the amendment being requested result due to 4.1 (b) above, you are requested to furnish the Department with a written undertaking that the new holder of the environmental authorisation is willing and able to assume responsibility of the environmental authorisation issued. Provide a short motivation and explanation below:
N/A

## 5. ENVIRONMENTAL IMPACTS

<p>5.1. Describe any negative environmental impacts that may occur if the application for amendment is granted, amongst others information on any increases in air emissions, waste generation, discharges to water and impacts of the natural or cultural environment must be included.</p> <p>Planned prospecting and mining as recorded in the Mining Work Programme will be conducted underground and as such will not require any new Environmental Authorisations under the current Mining Right. No negative environmental impacts are therefor expected.</p> <p>The inclusion of the mentioned Farms will not immediately trigger any new listed activities in terms of the activities listed under GN R983, R984 and R985 of 4 December 2014, as amended by GN R327, R325 and R324 of 7 April 2017 respectively, as well as GN R921 of 29 November 2013.</p> <p>Should it become necessary in future that small scale infrastructure in the form of ventilation or emergency shafts, access roads, etc., needs to be constructed on the Farms, an application to amend the Environmental Authorisation, with the necessary specialist environmental studies, will be submitted to the DMRE.</p>
<p>5.2. Describe any negative environmental impacts that may occur if the application for amendment is <b>not</b> granted.</p> <p>None anticipated.</p>
<p>5.3. Describe any positive environmental impacts that may occur if the application for amendment is granted, amongst others information on any reduction in the ecological footprint, air emissions, waste generation and discharges to water must be included.</p> <p>Positive impacts are anticipated in the form of possibly extending the life of mine, therefore continued employment opportunities and social benefits in the CDM area.</p>

## 6. AUTHORISATION FROM OTHER GOVERNMENT DEPARTMENTS

6.1. Are any permission, licenses or other authorisations required from any other departments before the requested amendments can be effected?	<input checked="" type="checkbox"/>	NO
--	-------------------------------------	----

If yes, please complete the table below.

Name of department and contact person	Authorisation required	Authorisation applied for (Yes/ No)

## 7. RIGHTS OR INTERESTS OF OTHER PARTIES

In your opinion, will this proposed amendment adversely affect the rights and interests of other parties?	<input checked="checked" type="checkbox"/>	NO
<p>Please provide a detailed motivation of your opinion.</p> <p>The Farms are situated in the mountainous area north of the Applicant's Mining Area and as such are uninhabited nor is there any proof of any group of persons having historically inhabited the Farms. No surface infrastructure is planned to be placed on the Farms.</p> <p>The planned activities will be conducted underground and will not have any negative environmental impacts or influence on any other possible surface activity.</p>		

**NOTE: The Department is entitled to request further information if it believes it is necessary for the consideration of the application. If the application is for a substantive amendment or if the rights or interests of other parties are likely to be adversely affected, the Department will instruct the applicant to conduct a public participation process and to conduct any investigations and assessments that it deems necessary.**

## 8. DECLARATION:

I, .....declare that I will comply with all my legal obligations in terms of this application and provide accurate information to everyone concerned in respect to this application.

Signature of the applicant:

Name of company or organisation: Waterberg JV Resources (Pty) Ltd

Date:

### **CV of EAP**

# GERT PRETORIUS

<https://www.linkedin.com/in/gert-pretorius-799ba914/>

## PROFESSIONAL PROFILE

Senior Accomplished Environmental Management Specialist with over 24 years' consulting and functional experience in integrated environmental management. Obtained a proven track record through managing several projects in the public and the private entities across mining, industrial and infrastructural sectors.

Prowess in strategic planning, Environmental Impact Assessment (EIA) and post-EIA ecological planning for environmental impact mitigation. Advocate and promote the concept of sustainable development of natural/physical resources for the best environmental outcome in projects. Champion environmental planning, monitoring and control towards excellence in environmental performances.

### Key Expertise:

- Specialized experience in Integrated Environmental Management planning to secure legal and statutory clearances for new business/operations, while orchestrating pre-feasibility environmental documentation for submission to permitting authorities.
- Environmental consulting experience largely includes Water use licensing, Mining right and permit applications, Environmental authorization applications, Waste management applications, Environmental monitoring, Performance assessment, Pre-feasibility reporting, financial provisioning etc.
- Credible working experience as EIA Practitioner, Environmental Project Manager, and Environmental Control Officer.
- Adept at management of specialist consultants, legal/statutory compliances, environmental database & environmental audits.
- Proven ability to engage and manage multiple stakeholders (client, consultants, contractors, authorities, community etc.) and manage stakeholders' relationships towards achieving environmental goals.
- Skilled in risk assessment & mitigation planning, rehabilitation planning & monitoring, mine water management, water audits, land management planning in consistent with mines' water & environmental management plans etc.
- Excellent leadership and mentoring qualities, analytical, confident, communicative, adaptable, and committed to integrity.

## WORK EXPERIENCE

### **ENVIRONMENTAL CONSULTANT & PROJECT MANAGER**

Bateleur Environmental & Monitoring Services – Pretoria, SA  
July 2007 - Current

Bateleur Environmental and Monitoring Services is self-founded independent environmental consulting company established in 2007 to provide professional environmental consultancy services to both private & public sectors, dedicated to promoting development in an environmentally sustainable manner.

### **Functions & Responsibilities:**

- Responsible for providing specialist technical direction, advice, support and assistance on environmental matters to projects and their teams. This supports the effective implementation of the EMS to enable identification, management, and mitigation of environmental risks to any proposed on-ground changes.
- Developing, producing, and maintaining the required EMS documentation (e.g., risk screenings, assessments and Environment Management Plans.
- Facilitating environmental activities including hazard identification and risk management workshops; and ensuring environmental risk management databases are maintained for each Project.

## QUALIFICATIONS

**BSc. (Soil Science, Geography & Environmental Management)**  
North West University – 1996

**BSc. Hons. (Environmental Management)**  
North West University - 1996

### Professional Membership:

Member of South African Council for Natural Scientific Professions.

Member of International Association for Impact Assessment of South Africa.

EAPASA – Application in process.

### Professional Development:

Ernst & Young Workshop on Financial Provisioning for Mine Rehabilitation.

Workshop on "Introduction to the Practical Implementation of Environmental Law & Recent Legislation".

Air Quality Management, Dustfall monitoring and reporting.

# WORK EXPERIENCE

## Highlights in Project Involvement & Accomplishments:

### Cedar Construction Co. Ltd – Kampala Uganda:

- Environmental and Social Impact Assessment for road refurbishments in The Democratic Republic, The Congo.

### Waterberg JV Resources (Pty) Ltd. 2018-2021:

- Successfully applied for a Mining Right, including compilation of an Integrated Environmental Management Plan. Managing team of specialists to compile the necessary specialist reports for the documentation required for submission.
- Appointed as Environmental Control Officer.

### Platinum Group Metals (RSA) (Pty) Ltd. 2017-2018:

- Successfully completed Environmental Pre-feasibility Report for the NI43-101 Pre-feasibility Report to progress to a Definitive Feasibility Report. Managed team of specialist consultants to compile the required reports to be incorporated into the Environmental Pre-feasibility Report.
- Appointed as Environmental Control Officer.

### Maseve Investments 11 (Pty) Ltd. Maseve Platinum Mine -2016:

- Successfully applied for a Water Use License with a team of specialist consultants.

### Trollope Mining Services (Pty) Ltd – 2015:

- Completed various Prospecting Right applications including EMP & Prospecting Work Programs, with a team of specialist consultants.

### Lion Park Quarries (Pty) Ltd. 2016:

- Successfully applied for EIA amendment.
- Successfully applied for a Water Use License with team of specialist consultants.

## ENVIRONMENT CONSULTANT/PROJECT MANAGER

GeoVicon (Pty) Ltd. - Middelburg, South Africa  
March 2005 – July 2007

### Key Accomplishments:

- Provided environment consultancy services to clients relating to water and environmental issues, and managed projects.
- Successfully completed Environmental Authorisation applications for several Mining Right & Water Use License.

## ENVIRONMENTAL COORDINATOR

Anglo Coal Ltd. - Emalahleni, South Africa  
April 2004 – February 2005

### Key Accomplishments:

- Managed Anglo Coal water databases, surface and groundwater sampling and reporting.
- Conducted Environmental Audits/Water Audits on mines in compliance with ISO 14000 requirements.
- Ensured that land management practices support the mines' water and environmental management plans.
- Established water monitoring protocols for all Anglo Coal mines.

## ENVIRONMENTAL OFFICER

Anglo Platinum Ltd. - Mokopane, South Africa  
October 1999 – March 2004

### Key Accomplishments:

- Responsible for all water management on the mine.
- Significantly contributed to the process of ISO 14000 certification.
- Successfully implemented water management system.

## APPENDICES

---

Appendix 1-1 Interested and Affected Party Register

Appendix 1-2 Notifications, Copies of Advertisements and On-site Notices Placed

## **1 INTRODUCTION AND APPLICATION OVERVIEW**

This Environmental Authorisation Amendment Application is for the inclusion of the Extension Area within the Mining Right, namely Bonne Esperance 356 LR and Too Late 359 LR, situated within the Blouberg Local Municipality, Capricorn District, Limpopo Province. No additional infrastructure is planned at this stage.

## **2 LEGISLATIVE PROCESS**

The inclusion of the Extension Area in terms of Section 102 of the MPRDA. The Section 102 application triggers Activity 21D of EIA listing notice 1 which requires a Basic Assessment to be completed.

As per the Acknowledgement of the Application provided by the DMRE the following Public Participation was conducted:

- Public Participation as required in terms of Regulation 41 of the EIA Regulations
  - Placement of an advertisement in a local newspaper;
  - Placement of a notice board on the boundary of the properties affected; and
  - Written notification to Landowners and/or occupiers of the affected properties, Landowners/occupiers of adjacent properties, The Municipal Ward Councillor, The Blouberg Local Municipality, and any organ of state with jurisdiction.
- Public Participation as required in terms of Section 24K of NEMA: Section 24K requires consultation with other relevant organs of state as determined by the Competent Authority. As per the acknowledgement letter, the Competent Authority (DMRE) has indicated that the BAR must be made available to the following organs of state for 30 days:
  - Limpopo Department of Economic Development, Environment and Tourism;
  - Eskom Holdings SOC Ltd;
  - Department of Water and Sanitation;
  - Department of Agriculture, Land Reform and Rural Development;
  - South African Heritage Resources Agency;
  - Capricorn District Municipality; and
  - Blouberg Local Municipality.

## **3 PUBLIC PARTICIPATION PROCESS RESULTS**

### **3.1 Interested and Affected Party (IAP) Register**

An application specific IAP register was compiled and included the following parties:

- Landowners and/or occupiers of the affected properties;
- Landowners/occupiers of adjacent properties;
- The Municipal Ward Councilor of Blouberg Local Municipality;
- Blouberg Local Municipality;

- Capricorn District Municipality;
- Any organ of state with jurisdiction;
- Limpopo Department of Economic Development, Environment and Tourism;
- Eskom Holdings SOC Ltd;
- Department of Water and Sanitation;
- Department of Agriculture, Land Reform and Rural Development; and
- South African Heritage Resources Agency.

See Appendix 1-1 for the Interested and Affected Party Register.

### **3.2 Notification of the Application**

The following notifications was done on 17 November 2022 at announcement of the Extension Project:

- An Advertisement was placed in the Polokwane Observer;
- On-site notices were placed at the property boundaries; and
- A notification with information on the application was sent to IAPs.

Notifications was sent via Email (where email addresses exists), via Fax (where only a fax number exists), via SMS (where a cell phone number is available).

Appendix 1-2 have copies of the Advertisement, On-site notices, and notifications sent.

### **3.3 Making available the Draft Basic Assessment Report to the required Organs of State**

Hardcopies of the Draft Basic Assessment Report will be submitted to the following organs of state:

- Limpopo Department of Economic Development, Environment and Tourism;
- Eskom Holdings SOC Ltd;
- Department of Water and Sanitation;
- Department of Agriculture, Land Reform and Rural Development;
- South African Heritage Resources Agency;
- Capricorn District Municipality; and
- Blouberg Local Municipality.

The commenting period will be for 30 calendar days.

### **3.4 Comments and Response Report (CRR)**

A CRR will be compiled from the comments received on the Draft Basic Assessment Report and included in the final Basic Assessment Report.

## WATERBERG JV RESOURCES PTY LTD

### WATERBERG PLATINUM MINE

Ref Number: LP30/5/1/2/2/10161 MR

Applicant: Waterberg JV Resources (Pty) Ltd

Environmental Assessment Practitioner: Gert Pretorius, Bateleur Environmental & Monitoring Services

Date: 17 November 2022

Dear Stakeholder

**NOTIFICATION OF AN APPLICATION FOR AMENDMENT OF THE MINING RIGHT IN TERMS OF SECTION 102 OF THE MPRDA AND THE ENVIRONMENTAL AUTHORISATION IN TERMS OF THE 2014 EIA REGULATIONS, AS AMENDED**

Please note that Waterberg JV Resources (Pty) Ltd has submitted an application to the Department of Mineral Resources and Energy (DMRE) for the amendment of its Mining Right in terms of Section 102 of the Mineral and Petroleum Resources Development Act (MPRDA). The Section 102 triggers an amendment of the Environmental Authorisation in terms of the 2014 EIA Regulations, as amended.

The amendment entails the inclusion of two additional farms within the Mining Right, namely Bonne Esperance 356 LR and Too Late 359 LR, which is located to the north west of the existing Mining Right as indicated in the figure below. It should be noted that the amendment application does not include an application for any additional infrastructure and/or disturbances on the two farms, it only includes the two farms in the Mining Right Area.

The DMRE requires a public participation process in terms of Regulation 41 of the EIA Regulations and Section 24K of NEMA. Interested and Affected Parties are invited to submit comments on the application to the details below.

Kind Regards

Lizinda Dickson

## On site Notices

### WATERBERG JV RESOURCES (PTY) LTD MINING RIGHT AND ENVIRONMENTAL AUTHORISATION AMENDMENT PUBLIC PARTICIPATION NOTIFICATION

**APPLICANT:** Waterberg JV Resources (Pty) Ltd

**APPLICATION:** Waterberg JV Resources (Pty) Ltd holds a Mining Right for platinum group metals and other minerals. Waterberg JV has submitted an application for the inclusion of two farms into the Mining Right Area, namely Bonne Esperance 356 LR and Too Late 359 LR, situated within the Blouberg Local Municipality, Capricorn District, Limpopo Province.

The inclusion of the two farms is done in terms of Section 102 of the Mineral and Petroleum Resources Development Act. The Section 102 application triggers Activity 21D of EIA listing notice 1 which requires a Basic Assessment to be completed.

The amendment application does not include an application for any additional infrastructure and/or disturbances on the two farms, it only includes the two farms in the Mining Right Area.

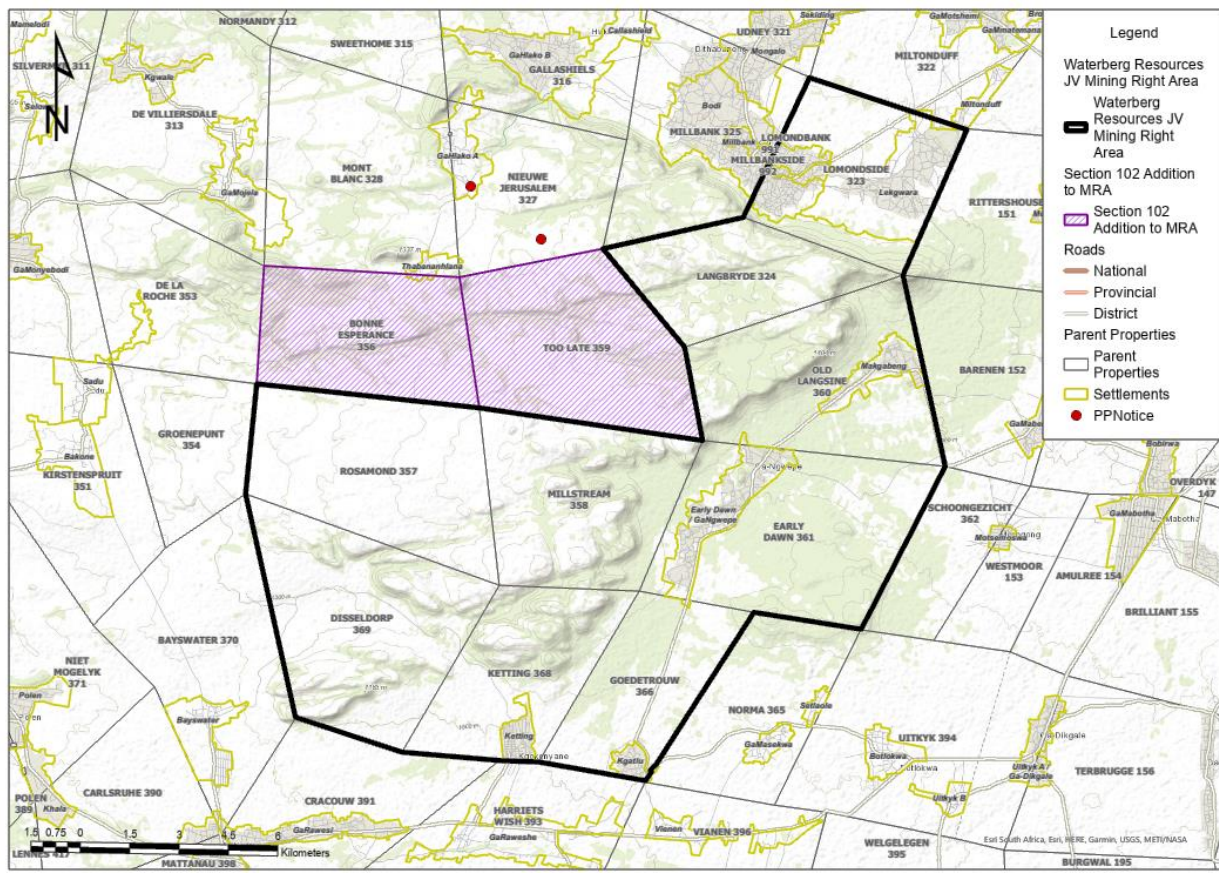

**PUBLIC PARTICIPATION:** The DMRE requires a public participation process in terms of Regulation 41 of the EIA Regulations and Section 24K of NEMA. Interested and Affected Parties are invited to submit comments on the application to the details below.
