

**Khangela Emoyeni Wind Energy
Facility Phase 2**

Public Participation Report

DEFF Reference: 14/12/16/3/3/2/687

September 2020

1 Introduction

The Phase 2 Khangela Emoyeni Wind Energy Facility (WEF)¹ (hereafter referred to as the Khangela Emoyeni WEF) is located near the town of Murraysburg in the Western Province. A number of amendments have been proposed to the project scope (as detailed in the Amendment Report) and requires a Part 2 amendment process² to be undertaken, including a 30-day Public Participation Process (PPP)³.

The aim of the PPP is to inform all potential and registered Interested and Affected Parties (I&APs) of the proposed amendments and any associated changes in the assessed impacts. It also allows the Competent Authority, the Department of Environment, Forestry and Fisheries (DEFF), to make an informed decision based on a transparent and meaningful process.

This Public Participation Report (PPR) has therefore been compiled to collectively represent the consultation process that has been undertaken through the PPP.

The following sections are included:

- Section 2 The requirement for a Public Participation Plan is explained in Section 2 and describes the process that needs to be followed for public participation during the COVID-19 lockdown period.
- Section 3 The I&AP database from the original Environmental Impact Assessment (EIA) process was used as the baseline document for PPP. All registered I&APs have been requested (via email) to confirm and/or update their contact details. In instances where email addresses were not available, phone calls and sms's were made to the applicable I&AP. Contact details of commenting authorities were also confirmed and updated where necessary. The database will continue to be updated and maintained throughout the amendment process.
- Section 4 The PPP undertaken to date is described in this section. Proof of advertisements, site notices and deliveries will be made available in the Final PPR.
- Section 5 All comments received during the 30-day comment period will be included and responded to in this section for DEFF to consider in the final report version.
- Section 6 The way forward is described in this section.

2 Public Participation Plan

The Department of Environment, Forestry and Fisheries ("DEFF") published a Direction in terms of the Disaster Management Act (57 of 2002) under GN R439 on 31 March 2020 in respect of the undertaking and administration of Environmental Impact Assessment (EIA) and related processes during the COVID-19 Lockdown ("EIA Directions").

To ensure that reasonable notice is given to potential and registered interested and affected parties ("I&APs"), the competent authority requested a proposed Public Participation Plan setting out all the public participation steps to be undertaken. This was approved by the competent authority on 21 July

¹ Please note that the proposed amendments also includes a request to change the project name to *Khangela Emoyeni WEF*.

² In terms of the Environmental Impact Assessment (EIA) Regulations (Government Notice Regulation (GN R) 982 of 4 December 2014, as amended) of the National Environmental Management Act (Act 107 of 1998) (NEMA), as amended.

³ In terms of Regulation 32 of the EIA Regulations (GN R982).

2020, prior to commencement of any Public Participation Process (PPP). The Public Participation Plan and its approval is included in Appendix C1.

3 I&AP Database

Table 1: provides a summary of the I&AP database for the Umsindi Emoyeni WEF. Please note that contact details have been omitted for privacy reasons.

4 AMENDMENT PHASE CONSULTATION

Prior to the circulation of the Draft Amendment Report and submission of the amendment application form to DEFF, the following measures were undertaken to ensure that the legislated 30-day public comment period will be available to the relevant parties.

4.1 Advertisements

Advertisements, in English was placed in *Die Burger* (national newspaper) and in the *Die Courier* (Local newspaper) on Friday 25 September 2020 and in the *Graaff-Reinet Advertiser* (*English and Afrikaans*) (Local newspaper) the 24 September 2020. The English text is available in Figure 1 to ensure legibility. Proof of the pages on which the advertisements were published in *Die Burger*, *Die Courier* and *Graaff-Reinet Advertiser* will be included in the final PPR.

**EMOYENI WIND ENERGY FACILITIES
NEAR MURRAYSBURG IN THE WESTERN CAPE AND RICHMOND IN THE
NORTHERN CAPE HAVE REFERENCE (DEA REF: PHASE 1 -
14/12/16/3/3/2/686, PHASE 2 - 14/12/16/3/3/2/687).**

Application for Amendment of Environmental Authorisation

Applications have been submitted to the Department of Environment, Forestry and Fisheries (DEFF) to amend the Environmental Authorizations that were granted by the Department on 06 September 2018. This amendment application includes the following:

- Improved wind turbine technology (increased hub height, rotor diameter and rated power of the turbines); and
- An optimized layout to accommodate the revised turbine specifications.

Location of projects: **Phase 1** - Remainder and remainder of Portion 1 of Farm De Hoop 30; Portion 3, 7, 10 and Remainder of Portion 2, of Farm Driefontein 26; Portion 1 and Remainder of the Farm Klein Driefontein 152 and Portion 2 of Farm Witteklip 32. **Phase 2** - Remainder of Farm 28; Portion 1 of Farm 29; Remainder, Portion 1, 2, 3 of Farm De Hoop 30; Portion 4 of Farm Driefontein 26; Portion 2 of Farm Swavel Kranse 28; Remainder, Portion 1, 3, 4, 6, 7 and Remainder of Portion 2 of Farm Klipplaat 109.

The proposed amendments are considered to be substantive and requires a Part 2 amendment to be undertaken in terms of Regulation 31 and 32 of the Environmental Impact Assessment (EIA) Regulation (GN R982 as amended) of the National Environmental Management Act (Act 107 of 1998) as amended. Amendment Reports have been compiled for the project and are available for public review as indicated below. The Amendment Reports provide a description of the proposed amendments; the changes to the impact assessment ratings originally authorised in 2018; additional mitigation measures to be considered; and subsequently any advantages and disadvantages associated with the proposed amendments.

The Amendment Reports are accessible to the public at the following locations for a period of 30 days, from **28 September 2020** until **27 October 2020**:

- Kays Kafee (6 Pastorie street, Murraysburg)
- Murraysburg Farmers' Co-operative/ Karoo Vleisboere Kooperasie (36 Leeb Street Murraysburg)
- Richmond Post Office (Pienaar Street, Richmond)
- Dropbox:
https://www.dropbox.com/sh/20xxm5wxwk2ja4p/AACr7neEWY24jrbZFHgzHXu_a?dl=0

For further information on accessing the reports, or to submit comment on the projects, please contact Mrs Andrea Siebritz (Email: Andrea.Siebritz@zutari.com) or Wynand Loftus (E: Wynand.Loftus@Zutari.com , No: 0723542607/ 044 805 5458) of Zutari by **27 October 2020**

ZUTARI

Figure 1: Copy of the advertisement text that was published in the newspapers

4.2 Site notices and Posters

Site notices in English and Afrikaans were fixed at nine points along the boundary of the site and at key public road intersections in the vicinity of the site. Posters were put up in five public areas to inform the public of the proposed project. The text of the site notice is included below in **Figure 2**.

4.2.1 Proof of placement

Proof of site notices and posters will be made available in the Final Amendment Report.

4.3 Availability of Amendment Report

The Draft Amendment Report was made available for a 30-day public comment period from 28 September 2020 to 27 October 2020. Registered I&APs identified during the original EIA process were notified of this comment period. The written notification provided to the I&APs is included in Appendix C2.

The Draft Amendment Report has been made available to national and provincial authorities/stakeholders. Copies of the report were also made available to I&APs as follow:

■ **Electronic:**

- **Dropbox:** https://www.dropbox.com/sh/20xxm5wxwk2ja4p/AACr7neEWY24jrbZFHgzHXu_a?dl=0

■ **Hard copies:**

- Kays Kafee (6 Pastorie street, Murraysburg)
- Murraysburg Farmers' Co-operative/ Karoo Vleisboere Kooperasie (36 Leeb Street Murraysburg)
- Richmond Post Office (Pienaar Street, Richmond)

Proof of delivery and notification will be included in the Final Amendment Report .

**EMOYENI WIND ENERGY FACILITIES
NEAR MURRAYSBURG IN THE WESTERN CAPE AND RICHMOND IN THE
NORTHERN CAPE**

DEFF REF: PHASE 1 - 14/12/16/3/3/2/686, PHASE 2 - 14/12/16/3/3/2/687.

Description: Emoyeni Wind Farm Project (Pty) Ltd received Environmental Authorization (EA) on 6 September 2018 in terms of the National Environmental Management Act (Act 107 of 1998) (NEMA), as amended, for the development of two 147 MW wind energy facilities (WEFs) and associated infrastructure, namely Phase 1 (Umsinde Emoyeni) and Phase 2 (Khangela Emoyeni) WEF. Emoyeni Wind Farm Project is proposing to amend the EAs for the WEFs to allow for:

- Improved wind turbine technology (increased hub height, rotor diameter and rated power of the turbines); and
- An optimized layout to accommodate the revised turbine specifications.

Location: The Emoyeni WEFs are located near the town of Murrayburg in the Western Cape and Northern Cape Provinces. The Emoyeni WEF falls within the jurisdiction of the Central Karoo District Municipality and Pixley Ka Sema District Municipality. The properties involved are shown in the table below.

Phase 1 (Umsinde Emoyeni):	Phase 2 (Khangela Emoyeni):
Remainder and remainder of Portion 1 of Farm De Hoop 30; Portion 3, 7, 10 and Remainder of Portion 2, of Farm Driefontein 26; Portion 1 and Remainder of the Farm Klein Driefontein 152 and Portion 2 of Farm Witteklip 32	Remainder of Farm 28; Portion 1 of Farm 29; Remainder, Portion 1, 2, 3 of Farm De Hoop 30; Portion 4 of Farm Driefontein 26; Portion 2 of Farm Swavel Kranse 28; Remainder, Portion 1, 3, 4, 6, 7 and Remainder of Portion 2 of Farm Klipplaat 109.

The proposed amendments are considered to be substantive and requires a Part 2 amendment to be undertaken in terms of Regulation 31 and 32 of the Environmental Impact Assessment (EIA) Regulation (GN R982 as amended) of the National Environmental Management Act (Act 107 of 1998) as amended. Amendment Reports have been compiled for the project and are available for public review as indicated below. The Amendment Reports provide a description of the proposed amendments; the changes to the impact assessment ratings originally authorised in 2018; additional mitigation measures to be considered; and subsequently any advantages and disadvantages associated with the proposed amendments.

Zutari (Pty) Ltd (Zutari) has been appointed by Emoyeni Wind Farm Project (Pty) Ltd to undertake the above-mentioned amendment process.

The proposed amendments will be assessed in the amendment reports, which will be made available at Kays Kafee (6 Pastorie street, Murrayburg, Murrayburg Farmers' Co-operative/Karoo Vleis boere Kooperasie (36 Leeb Street and Richmond Post Office, Pienaar Street, Richmond) for a 30-day public comment period.

If you would like to obtain more information, be kept informed throughout the process or wish to submit any comments or concerns, please register as an Interested and Affected Party by contacting Mrs Andrea Siebritz (E: Andrea.Siebritz@zutari.com) or Mr. Wynand Loftus (Wynand.Loftus@Zutari.com, No: 0723542607/ 044 805 5458) of Zutari

**EMOYENI WINDKRAGAAANLEGTE
NABY MURRAYSBURG IN DIE WES-KAAP EN RICHMOND IN DIE NOORD-
KAAP**

DOBV Verwysingsnr.: FASE 1 - 14/12/16/3/3/2/686, FASE 2 - 14/12/16/3/3/2/687

Beskrywing: *Emoyeni Wind Farm Project* (Edms.) Bpk. het omgewingsmagtigings ontvang op die 6 September 2018 in terme van die gewysigde Nasionale Omgewingsbestuurswet (No. 107 van 1998), vir die ontwikkeling van twee 147 MW windkragaanlegte, naamlik Fase 1 (Umsinde Emoyeni) en Fase 2 (Khangela Emoyeni). *Emoyeni Wind Farm Project* stel voor om die omgewingsmagtigings te wysig om die volgende veranderinge in te sluit:

- Verbeterde windturbine tegnologie (verhoging van die naaf-hoogte, vergroting van die rotorsneue en gebruik van turbines met 'n groter vermoë om krag op te wek); en
- Optimalisering van die uitleg met inagneming van die gewysigde turbine-spesifikasies.

Ligging: Die Emoyeni windkragaanlegte is naby Murrayburg in die Wes-Kaap en Richmond in die Noord-Kaap. Die projek val binne die jurisdiksie van die Sentraal-Karoo en Pixley Ka Sema Distriksmunisipaliteite. Die betrokke eiendomme word in die onderstaande tabel aangedui:

Fase 1 (Umsinde Emoyeni):	Fase 2 (Khangela Emoyeni):
Restant en restant van Gedeelte 1 van plaas De Hoop 30; Gedeeltes 3, 7, 10 en Restant van Gedeelte 2 van plaas Driefontein 26; Gedeelte 1 en Restant van plaas Klein Driefontein 152 en Gedeelte 2 van plaas Witteklip 32.	Restant van plaas 28; Gedeelte 1 van plaas 29; Restant en Gedeeltes 1, 2, 3 van plaas De Hoop 30; Gedeelte 4 van plaas Driefontein 26; Gedeelte 2 van plaas Swavel Kranse 28; Restant en Gedeeltes 1, 3, 4, 6, 7 en die Restant van Gedeelte 2 van plaas Klipplaat 109

Bogenoemde wysigings word as wesenlike veranderings beskou en vereis 'n Deel 2-wysigingsaansoek vervolgens Regulasies 31 en 32 van die gewysigde Omgewingsimpakstudie Regulasies (GK R982) van die Wet op Nasionale Omgewingsbestuur (Wet 107 van 1998), soos gewysig. Wysigingsverslae is dus saamgestel en beskikbaar vir openbare oorsig. Die verslae beskryf die voorgestelde wysigings, veranderinge aan die goedgekeurde 2018 impakstudie graderings, bykomende versagende maatreëls vir oorweging, asook die voordele en nadele wat verband hou met die voorgestelde wysigings.

Zutari (Edms.) Bpk. is deur *Emoyeni Wind Farm Project* (Edms.) Bpk. aangestel om die bogenoemde wysigingsproses te hanteer.

Die voorgestelde wysings sal beoordeel word in die wysingsverslae wat beskikbaar sal wees by Kays Kafee (Pastoriestraatno 8, Murrayburg), Karoo Vleisboere Koöperasie (Leebstraatno 36, Murrayburg) en Richmond Poskantoor (Pienaarstraat, Richmond) vir 'n 30-dae publieke kommentaar periode.

Indien u meer inligting verlang, op hoogte wil bly gedurende die wysigingsproses of graag kommenaar of bekommernisse wil indien, kan u as 'n Belanghebbende en Geaffekteerde Party registreer deur Mev. Andrea Siebritz (Email: Andrea.Siebritz@zutari.com) of Mnr. Wynand Loftus (Wynand.Loftus@Zutari.com, No: 0723542607/ 044 805 5458) van Zutari te kontak.

5 COMMENTS AND RESPONSES

Table 2 contains one comment that was received during the process that was followed to confirm the contact details of registered I&APs (see Appendix C3 for a copy of the original comment). The table will further be updated to include comments received during the 30-day public comment period.

Table 2 Comments receiving prior to the amendment report being made available for public comment

No	Details regarding the comment received	Comment	Response from the Applicant, EAP, Specialist
1	Date received: 08/07/2020 Submitted via: Email by the Karoo News Group	<p>We would like to place on record the response given to us by the Department Environmental Appeals Directorate when appealing this unscrupulous development. The Director stated that "...political motivations override all other considerations and facts in appeal decisions." Additionally it was said by the Departments Appeals Directorate "....."all" of the EAP's conducting the EIA's are biased."</p> <p>Due to the obvious impacts such a development will have in a area which has the highest levels of breeding Black Eagle sites in the country it is our intention to enact criminal proceedings for the intentional killing of protected species should a single protected species be killed by this ridiculous development</p>	<p>The Karoo News Group's comment is noted. A copy of the appeal decision is available in Appendix A of the Amendment Report for interested parties to view the Minister's response to the Karoo News Group on this matter. We would also like to put on record that declarations of independence have been signed by the Environmental Assessment Practitioner (EAP) and specialists as required in terms of the EIA Regulations.</p> <p>The Group's concern regarding potential impacts on eagles is noted. The avifauna specialist has taken these into consideration and undertook a site visit in June 2020 to determine if new nests have been built since the original impact assessment was completed in January 2018. In addition, the Verreaux's Eagle Risk Assessment Tool (VERA) was utilised to model areas of high sensitivity for Verreaux's Eagles (also known as Black Eagles) that needs to be avoided. Based on the results of this model, the project layout was amended to exclude the revised and extended "no-go" buffers. Please refer to Section 4.3.3 of the Amendment Report for more information on the assessed impacts.</p>

6 WAY FORWARD

Following the 30-day public comment period, the Draft Amendment Report will be updated by incorporating I&AP comments received (where relevant). All comments will be recorded and responded to in this PPR which will be circulated to all who have provided comment. The updated Amendment Report will then be submitted to DEFF for their decision-making process. Once DEFF has made their decision on the proposed amendment project, all registered I&APs will be notified of the outcome of the decision within fourteen (14) calendar days of the decision and the right to appeal the project.

In diversity there is beauty and there is strength.
