Dear Madam

RE: APPLICATION FOR EXEMPTION TO CONDUCT FULL HERITAGE IMPACT ASSESSMENT: TJATANE ELECTRIFICATION PROJECT.

The above notification of intentions to construct the powerline which will be connected to the existing powerline in the area from pole number JMN 117/197/6/32 AND JMN 117/206/14 both transverse on the Fetakgomo local Municipality is hereby acknowledged.

This office has noted that the proposed development would be undertaken on the existing powerline which it is unlikely that heritage resources of cultural significance could occur. Therefore this office exempts the above mentioned proposed development.

Should heritage resources of any nature including archaeological sites be uncovered during development, LHRA and a professional Heritage specialist must be contacted immediately. Should there be any queries, please do not hesitate to contact the undersigned.
