APPENDIX D – PUBLIC PARTICIPATION PROCESS

PUBLIC PARTICIPATION PROCESS

Provides a description of the Public Participation Process followed.

1. PUBLIC INVOLVEMENT

A public participation process was undertaken in accordance with the **EIA Regulations, 2014 (as amended)**

The public participation and communication process aims to identify issues in order to maximise the social and environmental benefits, and to minimise the social and environmental costs of the proposed project. All interested and affected parties (I&APs) were consulted and afforded the opportunity to participate. I&APs were informed and involved in the project from the outset in order to promote participation and transparency.

The aim of this public participation process is to achieve the following broad goals:

- Identification of all key I&APs and stakeholders;
- The active involvement of all I&APs with respect to decision making;
- Exchange of information relevant to the proposed project through Background Information Documents (BID), site notices, consultations and newspaper advertisements.
- The development of an understanding with regards to the broader project objectives and goals and knowledge of the project; and
- The identification of issues and concerns with regards to all potential alternatives associated with the proposed development.

2. APPROACH TO UNDERTAKING THE PUBLIC PARTICIPATION PROCESS

The following approach was followed in undertaking the public participation process:

2.1 Identification of and Consultation with I&APs

The first step in the public participation process is normally to identify the key I&APs. Key I&APs include:

- The landowner on whose property the development is to take place.
- Landowners adjacent to the proposed site and in the immediate area;
- Maquassi Hills Local Municipality;
- Ward Councillors from the Maquassi Hills Local Municipality
- Dr Kenneth Kaunda District Municipality;
- Nala Local Municipality – Free State Province
- The National Department of Forestry, Fisheries and Environment
- The Department of Water and Sanitation
- The North West Province Department of Economic Development, Environment, Conservation and Tourism
- The North West Province Heritage Resources Agency
- The Free State Province Department of Economic, Small Business Development, Tourism and Environmental Affairs

Letters from liaison with these I &APs and the Local Authorities are attached.

2.2 Background Information Document (BID)

A BID was compiled in August 2022 . The aim of this document was to provide a brief outline of the proposed project, provide preliminary details regarding the Basic Assessment Report process, and explaining how I&APs can become involved in the project. The BID was forwarded to all registered interested and affected parties.

A copy of the BID is included.

2.3 Advertising

In accordance with the EIA Regulations, 2014, as amended advertisements were placed in two egional newspapers requesting I&APs to register their interest in the project. Advertisements were placed in the regional newspaper, The Klerksdorp Record and the Welkom Vista of 10 November 2022. The Klerksdorp Record is widely distributed in the North West Province including Wolmaransstad and Leeudoringstad while the Welkom Vista is distributed in the Bothaville environs. The commenting period was 30 days.
Copies of both advertisement are included.

2.5 Site notices

Site notifications in English in A2 format requesting comments or objections were erected at the Leeudoringstad Public Library and the

Bothaville Public Library as well as at the start, centre and end of the project.
A copy of the site notice is included.

2.6 Comments and Response Report

A comments and response report was drafted that will include all the issues raised by the Interested and/or Affected Parties as well as the responses to the issues raised. A copy of the Comments and Response report is included.

2.7 List of Registered I&AP's

A list of registered Interested and Affected Parties were compiled and is included.

3. LOCAL AUTHORITY INVOLVEMENT

Written notices were forwarded to the Dr Kenneth Kaunda District Municipality and the Maquassi Hills Local Municipality in the North West Province respectively as well as the Nala Local Municipality representing the Bothaville region. The Ward councillor for the Leeudoringstad region and the Speaker of the Nala Local Municipality were also notified in writing. The respective local authorities will be informed of the availability of the Draft BAR . The respective local authorities will also be reminded of the closing expiry date for comments.

4. LAND OWNERS NOTIFICATION

The site (National road R504 Section 4) is the property of the State. SANRAL is an Organ of the State and also the Applicant.

5. REVIEW OF THE DRAFT BAR REPORT

The Draft Basic Assessment Report will be made available for public review and comment for a period of 30 days. All registered I&AP's, stakeholders, commenting and competent authorities will be made aware of the availability of the document and the venue for access to the document. Copies of the Draft BAR will be displayed at the Maquassi Hills and Bothaville Public Libraries respectively. Copies of the Draft BAR will be submitted to the following institutions for comments:

- The National Department of Forestry, Fisheries and Environment,
- The Department of Water and Sanitation
- The North West Province Department of Economic Development, Environment, Conservation and Tourism
- The North West Province Heritage Resources Agency
- The Free State province Department of Economic, Small Business Development, Tourism and Environmental Affairs
- Maquassi Hills Local Municipality;
- Nala Local Municipality;
- Dr Kenneth Kaunda District Municipality

The involvement of the public and I&APs is an important part of the BAR process. Comments on the Draft BAR will be included in the Final BAR submitted to DFFE for authorisation.

6. WAY FORWARD

The Final BAR will be submitted to the DEFF for authorisation.

All Interested and Affected Parties will be notified of the decision made by the competent authority and will be provided the opportunity to appeal the decision.

PUBLIC PARTICIPATION PLAN

PROJECT: THE PROPOSED REHABILITATION OF NATIONAL ROAD R504 SECTION 4 FROM LEEUDORINGSTAD (KM 0,0) TO THE NW PROVINCE/ FREE STATE PROVINCE BORDER (KM 24.1).

SUBJECT	PLAN	IMPLEMENTATION
Identification of potential I&AP's	Identify the following I&AP's - Competent authority/ies - Commenting authorities - Stakeholders - Organs of State - Civil organisations representing the public - Landowners/occupiers of land	<u>Competent authorities:</u> - National Department of Forestry, Fisheries and Environment - Department of Water and Sanitation in the project catchment area - NWP Heritage Resources Agency - Free State Provincial Heritage Resources Authority <u>Commenting authorities:</u> - NWP Department of Economic Development, Environment, Conservation and Tourism - Free State Department of Economic, Small Business Development, Tourism & Environmental Affairs <u>Stakeholders:</u> - NWP Department of Public Works and Roads <u>Local authorities:</u> - Dr Kenneth Kaunda District Municipality: Speaker and Municipal Manager - Maquassi Hills Local Municipality: Speakers Office; Municipal Manager; Ward Councillors with jurisdiction in the proposed project area. - Nala Local Municipality - Lejweleputswa District Municipality <u>Civil organisations:</u> - Leeudoringstad Farmers Association - Bothaville Farmers Association <u>Land owners and occupiers of</u>

		land: - Land owners and occupiers of land adjacent to the proposed project Public: - The public in general and the communities of Leeudoringstad
Consultation process	Notification and consultation: Written notifications included a BID and Location plan	All abovementioned I&AP's will be notified in writing and notices delivered electronically besides the public in general. The public will be notified via site notices erected on site (start centre and end of project), both libraries (public place) and placement of an advertisement in the regional newspaper and by the ward councillors. All I&AP's will be registered in an I&AP register. All issues and responses from I&AP's will be recorded in the Comments and Responses Report
	Site Notices	Site notices will be erected at the Bothaville and Wolmaransstad Public Libraries, as well as at the start, centre and end of the project
	Newspaper advertisement	An advertisement will be placed in the regional newspaper The Klerksdorp Record.
	Registration of I&AP's	All responding I&AP's will be registered in the PPP registration document
	Draft BAR and EMPr	A copy of the Draft BAR and EMPr will be made available for public viewing at a public place and registered I&AP's be made aware of the availability of the documents and commenting time-frames.
	Compilation of a Comments and Responses Report	All comments, issues, complaints and responses will be recorded in a Comments and Responses report
	Response to comments, issues, complaints.	All issues raised will be responded to in writing

	Decision on application for environmental authorisation	All registered I&AP's will be notified on the final decision made by the competent authority.
	Appeals	All I&AP's will be informed on the appeals process to be followed.

NOTICE OF BASIC ASSESSMENT REPORT PROCESS:

ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 AS AMENDED

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that an application to conduct a Basic Assessment Report will be submitted at the National Department of Forestry, Fisheries and Environment for the following project:

THE PROPOSED UPGRADING OF NATIONAL ROAD R504 SECTION 4, FROM LEEUDORINGSTAD (KM 0.0) TO NW/FS BORDER (KM 24.1)

It is the intention of the South African National Roads Agency (Soc) Ltd (SANRAL) to upgrade Section 4 of national route R504. The proposed project will start at the intersection of the R502/R504 on the outskirts of Leeudoringstad and end at the North West/Free State border (Vaal River). The upgrading will entail the rehabilitation of the existing road surface, the Leeudoringspruit culvert and the Klipspruit and Vaal River bridges. Material required for filling will be acquired from commercial sources.

Chameleon Environmental was appointed to undertake the environmental studies on behalf of the Applicant.
The proposed rehabilitation project might trigger Activity 19 of Listing 1 of the NEMA Regulations 2014 as amended requiring environmental authorisation. The National Department of Forestry, Fisheries and Environment is the competent authority. An application for General Authorisation will be submitted to the Department of Water and Sanitation
To register as an interested or affected party or require more information on the project, please contact Chameleon Environmental in writing before 17 September 2022.

THE PROPOSED UPGRADING OF NATIONAL ROAD R504, SECTION 4, FROM LEEUDORINGSTAD (KM 0.0) TO THE NORTH WEST PROVINCE/FREE STATE PROVINCE BORDER (KM 24.1)

BACKGROUND INFORMATION DOCUMENT AUGUST 2022

1. INTRODUCTION

This Background Information Document (BID) serves to inform the public of the intention of the South African National Roads Agency (Soc) Limited(SANRAL) to upgrade the National Route R504, section 4, from Leeudoringstad (km 0.0)to the North West Province/ Free State Province border (km 24.1).

The Basic Assessment Report (BAR) process will be undertaken for the road project for submission to the National Department of Environment, Forestry and Fisheries (DEFF) for authorisation. Material will be sourced from existing commercial sources. An application for General Authorisation will be submitted to the Department of Water and Sanitation (DWS) for the encroachment on a natural water source.

Public consultation is an essential part of the process. You have been identified as an Interested and/or Affected Party (I&AP). All comments received from I&AP's will be recorded and presented to the project team and regulatory authorities.

PURPOSE OF THIS DOCUMENT

This Background Information Document (BID) has been compiled and distributed for the following purposes:

- Notifying Interested and/or Affected Parties (I&APs) of the proposed new development;
- Providing a brief project description;
- Describing the Basic Assessment Report process.

Chameleon Environmental was appointed by Nyeleti Consulting Engineers (Pty) Ltd, the design engineers appointed by SANRAL, to facilitate the BAR and public participation processes on behalf of SANRAL.

2. PROJECT DESCRIPTION

The proposed project is the upgrading of the R504, section 4, national road between Leeudoringstad and the North West Province border. The start of the project is the

R504/R502 intersection just outside of Leeudoringstad (km 0.0) and the project ends on the Free State Province side of the Vaal River Bridge (km 24.1).

Road rehabilitation will include:

- Base patching and section rehabilitation (insitu Recycling)
- Rut fill with Micro-surfacing and texture slurry
- Double Seal
- Shoulder shaping and re-compaction

Culvert rehabilitation – Leeudoringspruit and Klipspruit – will include:

- Backfilling of the embankments and installation of gabion mattresses for protection
- Addition of concrete side drains before and after the culvert.
- Installation of gabion mattresses in the stream bed up and downstream of the culvert as to protect the streambed from future erosion.

Bridge rehabilitation – Vaal River Bridge – will include:

- Backfilling and implementation of embankment protection measures of the extensively eroded south eastern embankment.
- Reparation/replacement of embankment protection of the north western embankment.
- Demolishing and removal of the old bridge from the river.
- Reparation of spalled piers above and below water level.

3. ENVIRONMENTAL IMPACT ASSESSMENT PROCESS

The Basic Assessment Report (BAR) process will be guided by the EIA Regulations, 2014, as amended and environmental management principles and objectives of the National Environmental Management Act, 1998 (Act No. 107 of 1998). The Environment Impact Assessment (EIA) regulations were published on 4 December 2014 and came into effect on 8 December 2014 in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and amended on 7 April 2017. Listed activities that are triggered in terms of the EIA Regulations, 2014, as amended, may not commence without environmental authorisation from the competent authority and in respect of which the investigation, assessment and communication of potential impacts of activities must follow the BAR procedure as prescribed.

A BAR is a process whereby regulatory authorities, stakeholders and Interested and Affected Parties (I&AP's) are provided with sufficient information to be able to make

an informed decision on whether a proposed development is environmentally acceptable or not.

The National Department of Forestry, Fisheries and Environment is the competent authority responsible for the decision with regard to the BAR undertaken for the road construction project. An application for General Authorisation will also be submitted to the Department of Water and Sanitation as the competent authority on water use issues.

4. STUDY APPROACH AND METHODOLOLGY

The goal of a BAR is to identify and assess the potential environmental impacts (biophysical and social) associated with the proposed development.

The following tasks are included as part of this process:

- Site visit and desk study of available information and identification of key issues;
- Identify and compile a list of I&AP's;
- Compile and distribute a Background Information Document (BID) to I&AP's;
- Advertise in the local newspaper notifying the public of the project;
- Synthesis of issues for preliminary investigation.
- Compile a Draft Basic Assessment Report and Application for Environmental Authorisation form and submit to DFFE for review and comment.
- Apply for a General Authorisation tothe DWS
- Submit Draft BA Reports to authorities, stakeholders and the public for comment.
- Submit Final BA Report to DFFE for authorisation.
- Notify commenting authorities, registered stakeholders and I&AP's of the final decision.

5. SPECIALIST STUDIES

The project is the upgrading of the existing R504 Section 4 national road. Construction will be concentrated in the existing road reserve with the exception of the improvement of intersections and development of material sources. Impacts on the environment will therefore be negligible.

A Specialist Biodiversity Assessment will be conducted as to establish any environmental sensitive areas relating to the project.

A Specialist Heritage Assessment of the project area including bridges, major culverts and borrow pits will be conducted as to establish it's heritage status. Basic

rejuvenation of the Vaal River Bridge and the upgrading/replacement of culverts and drainage pipes are proposed in line with SANRAL specifications.

6. AUTHORISATION

The competent authority will consider the final BA Report and will either issue environmental authorisation with or without conditions, or reject the report. The decision made by the competent authority will be distributed to I&APs as part of the appeal process. An appeal period of 20 days will be provided. Formal, motivated appeals should be lodged with the respective Departments. The results of the appeal process will then be made known to the public through the distribution of final feedback letters.

7. COMMENCEMENT OF CONSTRUCTION

It is proposed that the project will be put out to tender once the authorisation is received from the DFFE. Construction cannot commence without authorisation from the competent environmental authoritiy. Any enquiries regarding the design and technical issues or employment opportunities should be directed to the applicant.

8. PUBLIC INVOLVEMENT

Please contact Chameleon Environmental if you require further information on the application and or activity. Please submit your name, contact information, interest and relevant issue in writing. The contact details are:

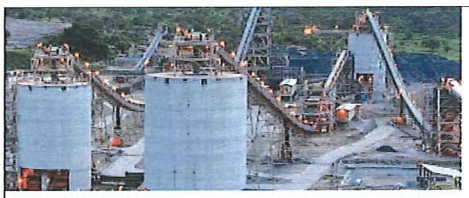
Vrystaat Kroon Vista Bloem Express Bulletin MEDIA24

NOTICE OF A BASIC ASSESSMENT REPORT IN TERMS OF THE AMENDED ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014

It is the intention of the South African National Roads Agency (Soc) Ltd (SANRAL) to rehabilitate the R504, Section 4, national road between Leeudoringstad and the North West Province / Free State Province border. The start of the project is the R504 / R502 intersection just outside of Leeudoringstad (km 0.0) and the project ends on the Free State Province side of the Vaal River Bridge (km 24.1). The project will include: Road rehabilitation through base patching, rut infilling, paving of the surface and re-compaction and shaping of the shoulders. Culvert rehabilitation of the Leeudoringspruit and Klipspruit through backfilling of the embankments, installation of gabion mattresses for protection from possible erosion and adding concrete side drains. Rehabilitation of the Vaal River Bridge will entail backfilling, reparation / replacement and implementation of embankment protection measures of the extensively eroded south eastern and north western embankments and the reparation of spalled piers above and below water level. Notice is hereby given in terms of Activity 19 of Listing 1 of the NEMA Regulations – "The infilling or depositing of any material of more than 10m³ into or dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10m³ from a watercourse" and environmental authorisation needs to be applied for. The Basic Assessment Report process will be conducted and submitted to the National Department of Forestry, Fisheries and Environment who is the competent authority for the roads project. An application for General Authorisation for water use will be submitted to the Department of Water and Sanitation. Sourcing of material will be through existing commercial sources. Chameleon Environmental was appointed as independent environmental consultants to undertake the application for environmental authorisation for the proposed road project.

Should you wish to register as an interested and / or Affected Party or comment on the environmental process, please forward your contact details and comments to: Paul Bothma of Chameleon Environmental in writing at fax 086 6377786 or e-mail ce.pc@mwebbiz.co.za before 10 December 2022.



NORTHAM BOOYSENDAL
smart platinum mining

Booysendal Platinum is situated on the border of the Limpopo and Mpumalanga Provinces near the towns of Mashishing (Lydenburg), Roossenekal and Steelpoort. The mine is located on the southernmost exposure of the eastern limb of the Bushveld Complex with eighty percent of its resources in the Mpumalanga Province. The Mine has a board and pillar mining layout and operates with trackless mechanised mining equipment. Booysendal is a subsidiary of the JSE-listed Northam Platinum Limited, a well-established, mid-tier independent and integrated platinum group metals producer with a strong tradition of innovation and technical expertise in the sector.

CHIEF MINE PLANNER (DU)

BOOYSENDAL CENTRAL SERVICES - MINE TECHNICAL SERVICES DEPARTMENT ● Ref. No.: BDMTS14/22

Role requirements: The successful candidate must have the following basic requirements: • Relevant degree or diploma in Mining, Geology or Mineral Resource Management related discipline • An advanced qualification in a Mineral Resource Management related discipline will be advantageous • Minimum of five (5) years' mine planning experience, of which at least two (2) years were in a supervisory position • Sound knowledge and experience with MicroStation • Sound knowledge and experience with Surpac will be advantageous • Advanced knowledge of and experience in Microsoft Office suite, specifically in Excel • Medical Certificate of Fitness.

Position purpose: The role reports directly to the MTS Manager and provides support to the implementation of business objectives through the design and integration of operational plans. The function includes managing the compilation and maintenance of accurate mine plans. The incumbent will oversee and analyse data and information relating to ore reserves, ore body characteristics, achieved production results and other technical supporting documents to construct mine plans with associated supporting plans for resource on regular intervals. The appointee is also responsible for managing effective planning processes through participation in the development of standardised mine planning frameworks in collaboration with all MTS and operational management, and ensures adherence to design criteria, planning parameters and quality standards.

Key performance areas: • Manage effective planning systems as part of a process / function • Monitor adherence to mine plans and designs in order to ensure the achievement of production targets • Oversee the updating and maintenance of mine plans and designs in line with changes in operations, mining methodologies and production targets • Ensure adherence to standards, policies, guidelines and practices in line with overall Mine Planning strategy and relevant legislative requirements • Implement and maintain appropriate structures, processes and guidelines necessary for effective operational execution of the planning function.

HUMAN RESOURCE SYSTEMS OFFICER (C4)

BOOYSENDAL CENTRAL SERVICES - HR DEPARTMENT Ref. No.: BDHR49/22

Role requirements: The successful candidate must have the following basic requirements: • HR degree / diploma at NQF level 6 • Medical Certificate of Fitness • 3 - 5 years' reporting and company system administration working experience • Extensive SAP experience on organisational processes (e.g. organisational structures, business plans) • Experience in gathering functional requirements and developing technical specifications • Knowledge of organisational and time and attendance processes, principles and systems • Advanced computer skills with sound knowledge of Microsoft Word, Excel and Outlook.

Key performance areas: • Perform continuous checks to ensure compliance on relevant company systems • Ad hoc reporting of engagements, terminations and movements • Interpret business requirements into system deliverables • Organisational and business plan (BPC) management • Liaise with Group Services with regard to any system functionalities and specifications • Control and enhancements of processes related to the system organogram, business plan and time & attendance • Training of subordinates on SAP and Firefly • Supervision of subordinates and validation of work output • System support and fault finding.

Please attach a comprehensive updated curriculum vitae as well as a certified copy of your ID and your qualifications.

Should you meet all the requirements, please submit your CV to HRApplicationsBD@norplats.co.za and please quote the job title and reference number in the subject box. Kindly note that Booysendal will only correspond with short-listed candidates.

Applications close: 18 November 2022

CV's received in any form after the closing date and time will not be considered. Should you not hear from the company within 21 days after the closing date for applications, please consider your application as unsuccessful.

Booysendal Platinum Mine is an equal employment opportunity employer and reserves the right to make appointments in line with its Employment Equity Policy.

KINGDOM ACADEMY
RAISING ROYALTY

Have you made the decision to follow God wherever it leads?
Have you been called to build God's Kingdom selflessly and passionately within the sphere of education?
Do these values describe you unequivocally? God seeker, selfless servant, sacrificial love for people and raising royalty within pupils.
If your honest answer to all the above is a resounding, "YES!", Kingdom Academy may have the perfect opportunity for you!
Kingdom Academy is an Association of Christian Schools International (ACSI) independent school in Welkom (Free State). The school is a ministry of the Kingdom Ministries of Christ Church. The school believes that we are raising royalty within our pupils and our mission is to establish Christ's character and purpose for life.
Applicants are invited to apply for the following post:

Grade 8 Senior Phase Teacher
To commence on 1 January 2023
The successful applicant must:

- Have appropriate teaching qualifications (degree, honours, masters, PGCE and/or diploma).
- Have experience in teaching Grade 7 to 12. At least three years' teaching experience will be advantageous.
- Experience in teaching at least one of the following subjects: English (Home Language), Mathematics and Natural Sciences is required.
- Be willing to participate in extra murals which includes praise and worship as well as staff spiritual training.
- Be registered with SACE.
- Must have a living, growing relationship with Jesus and a hard-working, teachable attitude.

Individuals with the appropriate experience and attributes should submit a covering letter and curriculum vitae with at least two references to principal@kingdomacademy.co.za
The school reserves the right not to make an appointment. An application will not in itself entitle the applicant to an interview or appointment and failure to meet the minimum requirements of the advertised post will result in applicants automatically being disqualified from consideration. Only short listed applicants will be contacted.

NOTICE OF A BASIC ASSESSMENT REPORT IN TERMS OF THE AMENDED ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014

IT is the intention of the SOUTH AFRICAN NATIONAL ROADS AGENCY (SOC) LTD (SANRAL) to rehabilitate the R504, Section 4, national road between Leeudoringstad and the North West Province/Free State Province border. The start of the project is the R504/R502 intersection just outside of Leeudoringstad (0.0km) and the project ends on the Free State Province side of the Vaal River Bridge (24.1km).

The project will include: road rehabilitation through base patching, rut infilling, paving of the surface and re-compaction and shaping of the shoulders. Culvert rehabilitation of the Leeudoringspruit and Klipspruit through backfilling of the embankments, installation of gabion mattresses for protection from possible erosion and adding concrete side drains. Rehabilitation of the Vaal River Bridge will entail backfilling, reparation/replacement and implementation of embankment protection measures of the extensively eroded south eastern and north western embankments and the reparation of spalled piers above and below water lever.

Notice is hereby given in terms of Activity 19 of Listing 1 of the NEMA Regulations - "The infilling or depositing of any material of more than 10m³ into or dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10m³ from a watercourse", and environmental authorisation needs to be applied for.

The Basic Assessment Report process will be conducted and submitted to the National Department of Forestry, Fisheries and Environment who is the competent authority for the roads project. An application for General Authorisation for water use will be submitted to the Department of Water and Sanitation. Sourcing of material will be through existing commercial sources. Chameleon Environmental was appointed as independent environmental consultants to undertake the application for environmental authorisation for the proposed road project.

Should you wish to register as an Interested and/or Affected Party or comment on the environmental process, please forward your contact details and comments to: Paul Bothma of Chameleon Environmental in writing at Fax 086 637 7786 or email ce.pc@mwebbiz.co.za before 10 December 2022.

Dear Interested and Affected Party

NOTIFICATION LETTER: THE PROPOSED REHABILITATION AND STRENGHTENING OF NATIONAL ROAD R504 SECTION 4 FROM LEEUDORINGSTAD (KM 0.0) TO THE NORTH WEST PROVINCE/FREE STATE PROVINCE BORDER (KM 24.1)

This notification letter serves to inform you that it is the intention of the South African National Roads Agency (Soc) Limited (SANRAL) to rehabilitate and strengthen the National Route R504, Section 4, from Leeudoringstad to the North West Province/Free State border. Please find a locality plan and Background Information Document attached.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that Basic Assessment Report processes will be conducted for the proposed roads and borrow pits projects respectively. The National Department of Environmental Affairs, Forestry and Fisheries is the competent authority for the roads projects and the North West Province Department of Mineral Resources and Energy the competent authority for the borrow pit project. An application for General Authorisation for water use will also be submitted to the Department of Water and Sanitation.

Included please find copies of a Background Information Document (BID) as well as a site location map for your perusal.

Should you need to register as an Interested and Affected Party kindly forward your contact details and any comments or enquiries regarding the above matter, in writing, to the undersigned.
E-mail: ce.pc@mwebbiz.co.za
Fax: 0866377786

IS: R504 Opgradering

Ons as gemeenskap van Leeudoringstad is verheug om te verneem dat die R504 tussen Wolmaransstad en Leeudoringstad in die proses van opgradering is.

Die gedeelte van die R504 vanaf Leeudoringstad tot by die Vaalrivierbrug is egter vir ons 'n groot bron van kommer. Die verkeer van veral swaarvoertuie op hierdie pad het drasties toegeneem. Die pad is sekerlik nie ontwerp om sulke swaar verkeer te dra nie en die agteruitgang daarvan is duidelik sigbaar.

Gedurende die oesseisoen word etlike duisende tonne graan ook op hierdie pad vervoer na silo's in die omgewing, baie daarvan met stadig bewegende trekkers en waens. Tesame met die baie swaar voertuie skep dit 'n gevaarlike situasie.

Ons wil graag met hierdie skrywe 'n beroep op u doen om die opgradering van hierdie gedeelte van die R504 ook te ondersoek en ernstig te oorweeg.

Laastens wil ons u versoek om bogenoemde pad in stand te hou tot en met opgradering. Op hierdie stadium is daar lewensgevaarlike slaggate op die ryvlak.

Ons sien uit na u terugvoer in hierdie verband en dank u byvoorbaat.

Vriendelike groete

Gerhard Rossouw
Voorsitter Leeudoringstad Boerevereniging

Re: 2022-11-0019: The proposed rehabilitation and strengthening of National Road R504 Section 4 from Leeudoringstad (Km0,0) to North West and Free State border (Km 24,1)

Your pre-application meeting request, received by the Department on 09 November 2022 refers.
It is unclear whether a pre-application meeting is required or not, as the cover letter motivates for a meeting to discuss the public participation process, but the pre-app form states that a meeting is not required.

Should a meeting be required, please respond to this email so a date for the meeting may be proposed.

Dear Mr Mere

NOTIFICATION LETTER: THE PROPOSED REHABILITATION AND STRENGHTENING OF NATIONAL ROAD R504 SECTION 4 FROM LEEUDORINGSTAD (KM 0.0) TO THE NORTH WEST PROVINCE/FREE STATE PROVINCE BORDER (KM 24.1)

I refer to a telephone conversation with your Mwase dated 9 November 2022 pertaining to the subject. This notification letter serves to inform you that it is the intention of the South African National Roads Agency (Soc) Limited (SANRAL) to rehabilitate and strengthen the National Route R504, Section 4, from Leeudoringstad to the North West Province/Free State border.
The project falls mainly in the North West Province with the Maquassi Hills Local Municipality and the Dr Kenneth Kaunda District Municipality as local authoritoies. A section of the Vaal River bridge however falls within the Free State province with the Nala Local Municipality as the local authority. Please find a locality plan and Background Information Document attached.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that Basic Assessment Report processes will be conducted for the proposed roads and borrow pits projects respectively. The National Department of Environmental Affairs, Forestry and Fisheries is the competent authority for the roads projects and the North West Province Department of Mineral Resources and Energy the competent authority for the borrow pit project. An application for General Authorisation for water use will also be submitted to the Department of Water and Sanitation.

Chameleon Environmental was appointed as the EAP on the project.

You are registered as a Stakeholder in the process. Kindly forward any comments or enquiries regarding the above matter in writing, to the undersigned before 9 December 2022. E-mail: ce.pc@mwebbiz.co.za; Fax: 0866377786; Post: PO Box 11788, Silver Lakes, 0054
