Oud Gouties, Heinrich Cloete, JC Allen en Quintin Burger was Saterdag (20/11) in die Cheetahs XV-span, wat teen Baia Mare van Roemenië gespeel het. Foto: Facebook

Rugbysterre presteer

Drie oud-Gouties het Saterdag (20/11) deel gevorm van die Cheetahs XV wat teen Baia Mare van Roemenië gespeel het.

Die span het goed gevaar teen die meer ervare Roemenië se kampioen senior span. Dié internasionale span het 72-14 as oorwinnaars uit die stryd getree.

Die drie spelers, Heinrich Cloete, JC Allen en Quintin Burger, was oorspronklik rugbyspelers van die Welkom-klub.

Hulle is uitgenooi om in die Bloem-klubliga te speel, wat dan ook deur Welkom

Klub gewen is.

Na afloop van die liga is die beste spelers gekies om vir die Cheetah XV-tal in die voorwedstryd van die Cheetahs teen die Sharks te speel.

Die opwindende rugby is in die Toyota Stadium in Bloemfontein gespeel.

Die drie Welkom-spelers het tydens die wedstryd beïndruk en nie net is Burger 'n oud-leerling van Goudveld-Hoërskool nie, maar hy is nou ook 'n onderwyser by dié skool.

JC en Heinrich is al twee o.20-spelers.

KEREN RENEWABLE ENERGY (PTY) LTD ENVIROAFRICA CC

NEMA PUBLIC PARTICIPATION PROCESS

THE PROPOSED DOORNRIVIER SOLAR PV FACILITIES (DOORNRIVIER SOLAR 1, DOORNRIVIER SOLAR 2 AND DOORNRIVIER SOLAR 3)

Notice is hereby given of the intention to submit three separate NEMA applications and the public participation process, in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended ("NEMA"), Environmental Impact Assessment Regulations 2014, as well as a Water Use License Application in terms of the National Water Act (Act 36 of 1998)(NWA). The proposed Doornrivier Solar PV facilities and associated infrastructure include activities listed in terms of the NEMA EIA Regulations 2014.

EnviroAfrica cc has been appointed by Keren Renewable Energy (Pty) Ltd, to undertake a separate NEMA application process for Environmental Authorisation for each of the proposed solar PV facilities (Doornrivier Solar 1, Doornrivier Solar 2 and Doornrivier Solar 3).

Application for environmental authorization to undertake the following listed activities* in terms of NEMA EIA Regulations 2014:

Government Notice R327 (Listing Notice 1): Activity No. 11, 12, 19, 27, 28
 Government Notice R325 (Listing Notice 2): Activity No. 1, 9, 15
 Government Notice R324 (Listing Notice 3): Activity No. 12, 14

Application in terms of NWA: Sections 21 (b), (c) and (f)*.

*Please note that the listed activities above may change during the course of the NEMA Application process. Registered I&APs will be notified of any changes.

Project Description & Location:
 It is proposed that three separate solar photovoltaic (PV) facilities be developed, including associated infrastructure, each with a maximum output of 100MW, on Portion 21 of Farm 330 and Portion 5 of Farm 330 and Remainder of Farm 330. These will be connected to the existing Theseus substation located north-east, directly adjacent to, the proposed developments. The Doornrivier Solar 1 facility will be located on Portion 21 of Farm 330. Doornrivier Solar 2 will be located on a portion of Portion 21 of Farm 330 and a portion of Portion 5 of Farm 330. Doornrivier Solar 3 will be located on the western side of Portion 5 of Farm 330 and Remainder of Farm 330. Each development will cover a maximum area of up to 250ha. The sites are located approximately 4km south-west of Virginia.

Site co-ordinates (estimated central point):
 Doornrivier Solar 1: 28° 09' 46.78" S, 26° 24' 49.16" E. Doornrivier Solar 2: 28° 10' 13.71" S, 26° 48' 16.12" E. Doornrivier Solar 3: 28° 10' 35.93" S, 26° 47' 30.50" E

Description of Alternatives:
 Due to proximity to the Eskom substation, consent use of land and other renewable energy developments/proposed developments, alternative sites do not exist. However, alternative options which include *inter alia* alternative PV technology, layout options and the option of not proceeding with the proposed development (the No-Go option) will be considered and assessed in the Environmental Impact Assessment Report (EIR). The EIR will include specialist reports and will undergo a further round of public participation.

Public Participation:
 Interested and Affected Parties (I&APs) are hereby notified of the applications and invited to register (in writing) and/or provide initial comments and identify any issues, concerns or opportunities relating to either, or all of, the projects to the contact details provided below, on or before **18 February 2022** in terms of the environmental aspects (NEMA Application) and for water related issues (NWA). In order to register or submit comment, I&APs should refer to the project name(s), and provide their name, address & contact details (indicating your preferred method of notification) and an indication of any direct business, financial, personal, or other interest which they have in the application. You are also requested to pass this information to any person you feel should be notified.

Please note that only Registered I&APs will be notified of the availability of reports and other written submissions made (or to be made) to the Department by the applicant, and be entitled to comment on these reports and submissions; will be notified of the outcome of the application, the reasons for the decision, and that an appeal may be lodged against a decision; and will be notified of the applicant's intention to appeal the decision, and where and for what period the appeal submission will be available for inspection.

In the with the Protection of Personal Information Act (Act 4 of 2013 – as amended) should any Registered I&APs not want their contact information to be published as part of any reports as part of this application, please inform EnviroAfrica in writing. A non-response in this regard will be taken as consent to make any contact information publicly available.
