

Stakeholder Engagement Process

Basic Assessment for Offshore Bypass Pipelines and Associated Infrastructure, Voorbaai, Mossel Bay

SRK Project No: 583957

Notice is hereby given of a stakeholder engagement process, and the opportunity to register as an Interested and Affected Party (IAP) and / or provide comment on the Draft Basic Assessment Report in terms of the National Environmental Management Act 107 of 1998 (NEMA):

Project: The Petroleum Oil and Gas Corporation of South Africa SOC Limited (PetroSA) proposes to modify the existing Single-Point Mooring (SPM) subsea bundle by installing two new ~1.4 km steel pipelines on the seabed, parallel to the existing housing structure. The pipelines will terminate in a new Pipeline End Manifold (PLEM) seabed structure and be tied into the existing SPM buoy (to be repositioned) and the existing operating bundle. The pipelines will be launched to sea from the pipeline assembly site at PetroSA's Tank Farm.

Location: The project area for the subsea pipelines and associated infrastructure extends from ~1.5km to ~3km offshore of the coast of Voorbaai in Mossel Bay. PetroSA's Tank Farm and the launch way are located on Erf 1349, Remainder of Erf 13 and Erf 1358.

Applications for:

- Environmental Authorisation in terms of the NEMA EIA Regulations, 2014, for Listing Notice 1, Activity (19), (54) and (65).

Opportunity to participate: The Basic Assessment Report is available for public review and comment on the SRK website www.srk.co.za (via the 'Knowledge Centre' and 'Public Documents' links) from 24 February 2023. Stakeholders are invited to submit comments and/or register on the project database by completing the online form available on SRK's website, by **27 March 2023** or submitting comments SRK (contact details below). Note that **only registered stakeholders** will be notified of future opportunities to provide comments on relevant documentation.
