

APPENDIX D:

PUBLIC PARTICIPATION PROCESS

Provides a description of the Public Participation Process followed.

1. PUBLIC INVOLVEMENT

A public participation process was undertaken in accordance with the Public Participation Plan submitted (Annexure 1) to the DFFE in terms of the EIA Regulations, 2014, as amended and the Directions regarding measures to address, prevent and combat the spread of COVID-19 relating to National Environmental Management Permits and Licenses dated 05 June 2020.

2. APPROACH TO UNDERTAKING THE PUBLIC PARTICIPATION PROCESS

The following approach was followed in undertaking the public participation process:

a. Identification of and Consultation with I&APs

The first step in the public participation process was to identify the key I&APs. A list of the registered I&APs is attached.

b. Advertising

In accordance with the EIA Regulations, 2014, as amended an advertisement was placed requesting I&APs to register their interest in the project. An advertisement was placed in the Northern Bulletin of 5 March 2021. A copy of the advertisement is included in Appendix D. A copy of the advertisement is included to this appendix.

c. Site Notice

Site notifications in English in A2 format requesting comments or objections were placed on site and at the Groblersdal public Library on 12 March 2021.

d. Notification Letter and Background Information Document

Notification letters about the project and a Background Information Document were sent out to the particular Ward Councillors, Government Departments that would be relevant to this project and the affected landowners are included to this Appendix.

e. Comments and Response Report

A comments and response report was drafted that included all the issues raised by the Interested and/or Affected Parties as well as the responses to the issues raised. The Comments and Response report is included to this Appendix.

f. Local Authority Involvement

Letters were forwarded to the Tzaneen Local Municipality and the Mopani District Municipality.

h. Review of Draft Basic Assessment Report

The Draft Basic Assessment Report will be made available to the public for review and comment, within an allocated 30-day period.

3. WAY FORWARD

The comments received will be incorporated into the draft Basic Assessment Report and the final report will be submitted to the DFFE for authorisation.

PUBLIC PARTICIPATION PLAN

PUBLIC PARTICIPATION PLAN

THE UPGRADE OF NATIONAL ROAD R36 SECTION 6 FROM MANCHABENI (KM 4.70) TO TZANEEN (KM 33.50)

SUBJECT	PLAN	IMPLEMENTATION
<p>Identification of potential I&AP's</p>	<p>Identify the following I&AP's</p> <ul style="list-style-type: none"> - Competent authority/ies - Commenting authorities - Stakeholders - Organs of State - Civil organisations representing the public - Landowners/occupiers of land 	<p><u>Competent authorities:</u></p> <ul style="list-style-type: none"> - National Department of Environment, Forestry and Fisheries - Provincial Department of Water and Sanitation - Heritage Resources Agency <p><u>Commenting authorities:</u></p> <ul style="list-style-type: none"> - Mpumalanga Department of Agriculture, Rural Development, Land and Environmental Affairs - Biodiversity EIA's, Department of Environment, Forestry and Fisheries - Department of Agriculture <p><u>Stakeholders:</u></p> <ul style="list-style-type: none"> - Provincial Department of Public Works and Roads - Eskom - Transnet <p><u>Local authorities:</u></p> <ul style="list-style-type: none"> - Mopani District Municipality Municipal Manager - Greater Tzaneen Local Municipality: Speakers Office; Municipal Manager; Ward Councillors with jurisdiction in the proposed project area. <p><u>Civil organisations:</u></p> <ul style="list-style-type: none"> - Farmers Associations <p><u>Land owners and occupiers of land:</u></p> <ul style="list-style-type: none"> - Land owners and occupiers of land adjacent to the proposed project <p><u>Public:</u></p> <ul style="list-style-type: none"> - The public in general and the communities
<p>Consultation process</p>	<p>Notification and consultation: Written notifications included a BID and Location plan</p>	<p>All abovementioned I&AP's will be notified in writing and notices delivered electronically</p>

		<p>besides the public in general. The public will be notified via site notices erected on site (start centre and end of project), public libraries (public place) and placement of an advertisement in the local newspaper and by the ward councillors.</p> <p>All I&AP's will be registered in an I&AP register.</p> <p>All issues and responses from I&AP's will be recorded in the Comments and Responses Report</p>
	Site Notices	Site notices will be erected at the Tzaneen Public Library, as well as at the start, centre and end of the project
	Newspaper advertisement	An advertisement will be placed in the local newspaper The Letaba Herald.
	Registration of I&AP's	All responding I&AP's will be registered in the List of Interested and Affected Parties with their contact details
	Focus group meetings	Focus group meetings, if possible, will be held with landowners that are directly affected by the proposed alignment and will be affected by any land acquisition process.
	All draft document: Draft Scoping and Plan of Study of EIA, Draft EIR and EMPr	<p>A copy of the Draft Scoping Report and Plan of Study of EIA will be made available for public viewing at a public place and registered I&AP's be made aware of the availability of the documents and commenting time-frames.</p> <p>Copies will be made available to Government Departments, either electronically or in hard format as indicated by them.</p>
	Compilation of a Comments and Responses Report	All comments, issues, complaints and responses will be recorded in a Comments and Responses report
	Response to comments, issues, complaints.	All issues raised will be responded to in writing
	Decision on application for	All registered I&AP's will be

	environmental authorisation	notified on the final decision made by the competent authority.
	Appeals	All I&AP's will be informed on the appeals process to be followed.
<p>NB- It should be noted that both the DEFF and the Applicant (SANRAL) implement a policy of limited personal contact including meetings, conferences and other gatherings during the Covid 19 pandemic. Therefore, it will be attempted to have focus group meetings with landowners. No community meetings will however, be conducted as communities are represented by Ward Councillors and Farmers Associations regular updates on the project will be presented to the ward councillors and representative associations. The Applicant will also appoint PLO's (Public Liaison Officers) to the project to be in constant contact with community leaders, ward councillors and other community representatives.</p>

ANNEXURE 2

SITE NOTICE

NOTICE OF BASIC ASSESSMENT PROCESS:

ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014, AS AMENDED

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014 promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that an application to conduct a Basic Assessment will be submitted at the National Department of Environment, Forestry and Fisheries for the following project:

PROPOSED UPGRADE OF NATIONAL ROAD R36 SECTION 6 FROM MANCHABENI (KM 4.70) TO TZANEEN (KM 33.40)

It is the intention of the South African National Roads Agency (Soc) Ltd (SANRAL) to upgrade the R36 section 6 from Matchabeni (Km 4.7) to Tzaneen (Km 33.40). The current envisaged scope of work will include the following:

- Widening of the existing road cross section to a new single and dual carriageway cross-section,
- Vertical and horizontal geometric improvements,
- Vertical and horizontal realignments,
- Improvements of minor and major intersections.
- Widening of river bridges and major and minor culverts,
- Clearing of vegetation outside road reserve for stockpile areas.

Chameleon Environmental was appointed to undertake the environmental studies on their behalf. Any enquiries regarding the above matter should be referred in writing to:

Dr Jenine Bothma at bothmaj@tiscali.co.za

or Fax: 086 6855 080

or PO Box 11788, Silver Lakes, 0054

ANNEXURE 3

ADVERTISEMENT

PMC suffers losses after violent riot

■ Joe Dreyer

Palabora Mining Company suffered substantial production and sales losses after violent community protest action on Friday, the 26th of February, which left office buildings and other infrastructure severely damaged and, in some cases, destroyed. Eleven rioters aged between 25 and 40, were arrested and have appeared in the Phalaborwa Magistrate's court in connection with the incident. They will face charges of trespassing, arson, malicious damage to property and public violence.

The mine released a statement this week where they explained that the incident was a result of the scheduled meeting between the mine management and a new contractor, UMM, which is to take over operations at Lift 2 on the mine. The contractor would be taking over from the current contractor, Mvuso.

The scheduled meeting was however suspended after news that a group calling themselves the BCF had invited their masses to wait for the contractor outside of the meeting venue. A voice note was circulated over the WhatsApp messenger platform on Thursday evening (25th of February) in which an unidentified man believed to be one of the leaders of the BCF urged their members to converge at the main gate to the mine's premises at 10:00 on Friday morning. According to the orator of the voice note, the new company, Ukwezi, would be taking over the operations at Lift 2 on the mine. The BCF were seemingly unhappy about the development and planned to engage the mine and the company with a mandate that local labourers should be given preference.

The meeting was then rescheduled for the 2nd of March which is when the violence ensued. Mine workers were advised to leave the premises by 11:00 as the protest action at the entrance gate escalated. Rioters burnt down the reception offices of the mine and a motor vehicle at the recep-

tion. They also vandalized the main gate and stole some valuable items which included computers and related hardware.

The following day, on Saturday the 26th of February, however, the rioters again arrived at the entrance gates of the mine. The police Tactical Response Teams (TRT) maintained their presence at the site and at the time of writing this article the situation was under control. Later that afternoon a truck was set alight on the R40 heading out of Phalaborwa in the direction of Gravelotte, just after the Setlali bridge. Eyewitness told Bulletin that riot members from the same BCF group, had botched an attempt to set alight another truck earlier in the morning at the Makushane four-way intersection after forcefully removing the driver from the truck then driving it into the intersection.

Just before they could set the vehicle alight, in retaliation to 11 of their members being arrested, the police arrived and the vandals fled the scene.

In their press statement PMC said that they had met with all parties involved and declared that the agreement with the new contractor UMM had not yet been finalized due to material issues that needed to be agreed upon such as socio-economic development, enterprise development, supplier development impact and other important issues.

"We have committed to ensuring that the transition between the two contractors does not negatively impact the current service providers, Mvuso," said Michelle Gouws, acting general manager of

Human Resources for PMC. "All Mvuso employees that were willing to be transferred to UMM have been absorbed by the new contractor with the provisions of section 197 of the Labour Relations

Act. We have further maintained that recruitment of labour from the local communities shall remain at 80% of semi-skilled and 90% unskilled employees."

GTM's plan of action for damaged riddled roads

■ Roelof de Jonge

The Greater Tzaneen Municipality (GTM) is aware of the dire state of the roads throughout its area of jurisdiction. This week the GTM announced its plan to see to the problematic pothole riddled roadways and in a press release said that they were confident that the situation would be resolved in the coming weeks.

According to Neville Ndala, spokesperson for the GTM, the municipality has already assessed the extent of the damage, particularly caused by the recent rain fall. "The municipality has developed a plan to adequately respond to the challenges," said Ndala. "GTM has started with the implementation of a roads maintenance plan in response to the potholes, erosion of gravel roads and stormwater problems. We request patience from our residents due to the abnormally high demand for assistance with road repairs."

Below are the dates for the planned maintenance of GTM:

- Tzaneen CBD – 15 to 19 February and 26 to 30 April
- Old Industrial – 5 to 9 April
- Medi Park – 22 to 26 February
- Flora Park – 1 to 5 March and 22 to 26 March
- New Industrial – 1 to 5 March and 12 to 16 April
- Arbor Park – 8 to 12 February
- Premier Park – 15 to 19 March
- Aqua Park – 29 March to 02 April
- Haenertsburg – 18 to 19 February, 25 to 26 February and 19 to 23 April
- Nkowankowa A – 15 to 19 February, 22 to 26 March and 12 to 16 April
- Nkowankowa B – 1 to 5 March and 19 to 23 April
- Nkowankowa C – 29 March to 2 April
- Lenyenye – 15 to 19 March and 5 to 9 April
- Letsitele – 8 to 12 March.

PROPOSED UPGRADE OF NATIONAL ROAD R36 SECTION 6 FROM MANCHABENI (KM 4.70) TO TZANEEN (KM 33.40)

Notice of Basic Assessment and Water Use License processes

The South African National Roads Agency Soc Limited (SANRAL) proposes to upgrade the R36 section 6 from Manchabeni (km4.7) to Tzaneen (km33.40).

Notice is hereby given in terms of the EIA Regulations, 2014, as amended, published on 4 December 2014, in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that a Basic Assessment will be undertaken for the project.

The project comprise, *inter alia*, of the following:

- Widening of the existing road cross section to a new single and dual carriageway cross-section,
- Vertical and horizontal geometric improvements,
- Vertical and horizontal realignments,
- Improvements of minor and major intersections.
- Widening of river bridges and major and minor culverts,
- Clearing of vegetation for outside road reserve for stockpile areas.

The water uses (crossing streams/ rivers or within 500m of a wetland) will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

Should you wish to register as an Interested and/or Affected Party, receive more information or provide any comment, please contact: Chameleon Environmental, P O Box 11788, Silver Lakes, 0054, fax 086 6855 080 or bothmaj@tiscali.co.za by 15 April 2021.

Written representations can be submitted to Dr Jenine Bothma.

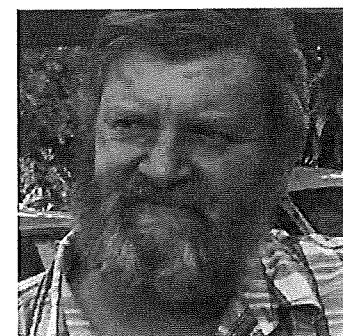

David Jansen oorlede

■ Roelof de Jonge

David (Phillipus Ernst) Jansen was gebore op die 7de Julie 1955 en is op die 22ste Februarie 2021 oorlede. Volgens sy dogter, Linda Deacon, is dit met groot hartseer dat sy naasbestaendes afskeid moes neem van Jansen.

"Hy sal gemis word deur sy vrou Gina, drie dogters Linda, Daleen en Elaine en sy seun JJ. Hy laat ook drie skoonseuns, 'n skoonogter, nege kleinkinders, twee susters en 'n wye vriendskapkring na."

Die familie wil graag almal bedank vir hul ondersteuning, bystand en bemoedigende boodskappe deur hierdie moeilike tyd. 'n Gedenkdiens was op die 25ste Februarie vanuit die Volle Evangelie Kerk op Tzaneen vir Jansen gehou.

ANNEXURE 4

NOTICES ISSUED AND BID

PROPOSED UPGRADE OF NATIONAL ROAD R36 SECTION 6 FROM MANCHABENI (KM 4.70) TO TZANEEN (KM 33.40)

BACKGROUND INFORMATION DOCUMENT

MARCH 2021

1. INTRODUCTION

This Background Information Document (BID) serves to inform the public of the intention of the South African National Roads Agency (Soc) Ltd (SANRAL) to upgrade the National Road R36 Section 6 from Manchabeni (Km 4.70) to Tzaneen (Km 33.40). A Basic Assessment will be undertaken for the proposed activity and environmental authorisation sought. Public consultation is an essential part of the process. You have been identified as an Interested and/or Affected Party (I&AP). All comments from you will be recorded and presented to the project team and regulatory authorities.

Chameleon Environmental was appointed by Nathoo Mbenjane Engineers (Pty) Ltd to facilitate the Basic Assessment and public participation process on behalf of SANRAL.

2. PROJECT DESCRIPTION

The project entails the following:

- Widening of the existing road cross section to a new single and dual carriageway cross-section,
- Vertical and horizontal geometric improvements,
- Vertical and horizontal realignments,
- Improvements of minor and major intersections.
- Widening of river bridges and major and minor culverts,
- Clearing of vegetation outside the road reserve for stockpile areas.

The water uses (crossing streams/ivers or within 500m of a wetland) will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

The authorisation for the borrow pits or quarries associated with the project will be applied for at the Department of Mineral Resources in a separate Basic Assessment process.

PURPOSE OF THIS DOCUMENT

This Background Information Document (BID) has been compiled and distributed for the following purposes:

- To notify Interested and/or Affected Parties (I&APs) of the proposed new development;
- To provide a brief project description;
- To describe the Basic Assessment process.

3. BASIC ASSESSMENT PROCESS

The Basic Assessment (BA) process will be guided by the EIA Regulations, 2014, as amended and environmental management principles and objectives of the National Environmental Management Act, 1998 (Act No. 107 of 1998). The Environment Impact Assessment (EIA) regulations, 2014 came into effect on 8 December 2014 in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998). Activities identified in terms of Regulation R. 983 and may not commence without environmental authorization from the competent authority and in respect of which the investigation, assessment and communication of potential impacts of activities must follow the Basic Assessment procedure as prescribed.

A Basic Assessment is a process involving consultation with regulatory authorities and other I&APs that serve to inform a decision on whether or not a development is environmentally acceptable.

The National Department of Environment, Forestry and Fisheries (DEFF) will be the final decision making authority with regard to this project with the Limpopo Department of Economic Development, Environment and Tourism as the commenting authority.

4. STUDY APPROACH AND METHODOLOGY

The goal of the Basic Assessment is to identify and assess the potential environmental impacts (biophysical and social) associated with the proposed development.

The following tasks are included as part of this process:

- Submit application form to DEFF;
- Site visit and desk study of available information and identification of key issues;
- Identify and compile a list of I&APs;
- Compile and distribute a Background Information Document (BID) to I&APs;
- Advertise in the local newspaper notifying the public of the project;
- Synthesis issues for preliminary investigation.
- Compile a Draft Basic Assessment Report and make it available for public comment.
- Submit Final Basic Assessment Report to environmental authorities for approval.

5. SPECIALIST STUDIES

It is anticipated that the following specialist studies will be undertaken as part of the Basic Assessment process:

- Aquatic and vegetation study;
- Heritage assessment.

Specialist consultants will be appointed to assess the potential impacts associated with the proposed project.

The aim of this specialist studies are for the specialist to assess the impact of the project actions on the environment. The specialists will analyse the current situation and will assess the potential impacts of the

project actions (and feasible alternatives) on various aspects of the particular issue during the construction and operation phases of the proposed project.

The impacts will be assessed in terms of various criteria such as extent, duration, intensity and whether the impact is positive or negative. The significance of the impact will then be determined through a synthesis of the various criteria used. The specialist will also recommend mitigation actions that they believe can materially affect the significance rating of impacts.

6. AUTHORISATION

The DEFF will consider the final Basic Assessment and will either issue an authorisation with or without conditions, or reject the proposed project. The authorisation issued by the DEFF will be distributed to I&APs as part of the appeal period. Formal, motivated appeals should be lodged with the Department. The results of the appeal process will then be made known to the public through the distribution of a final feedback letter.

7. COMMENCEMENT OF CONSTRUCTION

It is proposed that the project will be put out to tender once the authorisation is received from DEFF. Construction cannot commence without authorisation from the environmental authorities. Any enquiries regarding the tender or employment opportunities should be directed to the applicant.

8. PUBLIC INVOLVEMENT

Please contact Chameleon Environmental if you require further information on the application and or activity. Please submit your name, contact information, interest and relevant issue in writing before or on the 16th of April 2021. The contact details are:

Dear Mr Sam

NOTIFICATION LETTER: THE PROPOSED UPGRADE OF NATIONAL ROAD R36 SECTION 6 FROM MANCHABENI (KM 4.70) TO TZANEEN (KM 33.40)

This notification letter serves to inform you that it is the intention of the South African National Roads Agency (Soc) Limited (SANRAL) to upgrade the National Road R36 Section 6 from Manchabeni (Km 4.70) to Tzaneen (Km 33.40) in the Limpopo Province. Please find a locality plan attached. The road will be widened by up to 10m to accommodate the widening of the road.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that a Basic Assessment will be conducted for the proposed project for submission to the National Department of Forestry, Fisheries and the Environment for authorisation. Please find a Background Information Document on the process to be undertaken.

Kindly forward your comments or enquiries regarding the above matter to the undersigned.

For more information, do not hesitate to contact me.

Dear Ms Maisela

NOTIFICATION LETTER: THE PROPOSED UPGRADE OF NATIONAL ROAD R36 SECTION 6 FROM MANCHABENI (KM 4.70) TO TZANEEN (KM 33.40)

This notification letter serves to inform you that it is the intention of the South African National Roads Agency (Soc) Limited (SANRAL) to upgrade the National Road R36 Section 6 from Manchabeni (Km 4.70) to Tzaneen (Km 33.40) in the Limpopo Province. Please find a locality plan attached.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that a Basic Assessment will be conducted for the proposed project for submission to the National Department of Environment, Forestry and Fisheries for authorisation. Please find a Background Information Document on the process to be undertaken.

Kindly forward your comments or enquiries regarding the above matter to the undersigned.

For more information, do not hesitate to contact me.

Regards
