

SCOPING REPORT:

**THE EXTENSION OF
BELFAST SILICA MINE
LOCATED ON THE REMAINING
EXTENT OF PORTION 1 OF
THE FARM KLIPFONTEIN 385 JS,
BELFAST**

Report prepared for: Belfast Silica Mine (Pty) Ltd.

Report dated: July 2014

Report number: EMP 2014/01

DMR reference number: MP 30/5/1/2/2/388MR

Prepared by:

TABLE OF CONTENTS

LIST OF TABLES	iii
LIST OF FIGURES	iii
LIST OF APPENDICES	iii
1. INTRODUCTION	1
2. DESCRIPTION OF THE PROPOSED MINING ACTIVITY	2
2.1 Name and address of mining right holder.....	2
2.2 Details of the environmental consultant.....	2
2.3 Location of the mining right area.....	2
2.4 Mining right area.....	3
2.5 Mineral, mining method and life of mine.....	6
2.5.1 Mineral deposit.....	6
2.5.2 Target mineral and mine product(s).....	6
2.5.3 Mining methods(s).....	6
2.5.4 Estimated reserves of the mineral deposit and extent of target area.....	7
2.5.5 Quartzite quality.....	8
2.5.6 The planned Life of Mine (LOM).....	8
2.5.7 Proposed production, yields and sales tons.....	8
2.6 Infrastructure.....	8
2.7 Services required.....	11
2.7.1 Water.....	11
2.7.2 Electricity.....	11
2.7.3 Sewage.....	11
2.7.4 Waste disposal.....	11
2.7.5 Roads.....	12
2.8 Pollution control facilities.....	12
2.9 Surface water management.....	12
2.10 Labour force.....	13
2.11 Housing and Living Conditions.....	13
2.12 Health Care.....	13
3. DESCRIPTION OF THE PRE-MINING ENVIRONMENT	14
3.1 Geology.....	14
3.2 Climate.....	15
3.2.1 Regional climate.....	15
3.2.2 Mean monthly rainfall.....	16
3.2.3 Mean annual rainfall.....	16
3.2.4 Mean annual evaporation.....	16
3.2.5 Mean monthly maximum and minimum temperatures.....	17
3.2.6 Prevailing wind direction.....	17
3.2.7 The incidence of extreme weather conditions.....	17
3.3 Topography.....	17
3.4 Soils/land type.....	20
3.5 Land capability/agricultural potential.....	21
3.6 Land use.....	23
3.6.1 Land use before mining activities.....	23
3.6.2 Historical agricultural production.....	23
3.6.3 Signs of misuse and/or soil erosion.....	23
3.6.4 Existing structures and distance from activities.....	23
3.7 Natural vegetation.....	24

3.7.1	General vegetation description.....	24
3.7.2	Vegetation of the proposed extension area.....	26
3.8	Animal life.....	28
3.9	Surface water.....	29
3.10	Archaeological, historical and cultural aspects.....	33
3.11	Groundwater.....	34
3.12	Air quality.....	34
3.13	Noise.....	35
3.14	Visual aspects.....	35
3.15	Traffic.....	35
4.	IDENTIFICATION OF INTERESTED AND AFFECTED PARTIES	37
4.1	Directly affected landowner/user.....	37
4.2	Directly adjacent landowners/users.....	37
4.3	Identified local authorities, government departments and stakeholders.....	38
4.4	Consultation with identified interested and affected parties.....	38
5.	DESCRIPTION OF THE ALTERNATIVES	39
5.1	Overall mining operation.....	39
5.1.1	Mining method.....	39
5.1.2	Mine plan alternatives.....	39
5.1.3	Infrastructure.....	39
5.2	Services.....	40
5.2.1	Water.....	40
5.2.2	Electricity.....	40
5.2.3	Sewage.....	40
5.2.4	Waste disposal.....	40
5.2.5	Roads.....	40
5.3	Land use.....	40
6.	DISCUSSION AND CONCLUSION	41
6.1	Proposed extension of the existing quarrying operation.....	41
6.2	Potential environmental impacts identified.....	41
6.3	Potential impacts on identified interested and affected parties.....	44
6.4	Conclusion.....	44
7.	PLAN OF STUDY FOR EIA	45
7.1	Public participation process to be followed.....	45
7.1.1	Evaluation of the scoping report.....	45
7.1.2	Consultation of identified interested and affected parties.....	45
7.1.3	Evaluation of the Environmental Impact Assessment (EIA) and Environmental Management Programme (EMP).....	46
7.1.5	Informing Interested and Affected Parties of the Record of Decision.....	47
7.2	Compilation of the Environmental Impact Assessment (EIA).....	47
7.2.1	Specialist studies.....	48
7.2.1.1	Biodiversity assessment.....	48
7.2.1.2	Phase 1 Heritage Impact Assessment.....	49
7.2.1.3	Desktop palaeontological study.....	50
7.2.2	Method of assessing issues and alternatives.....	50
7.2.2.1	Issues.....	50
7.2.2.2	Impacts.....	50
7.2.2.3	Evaluation of impacts.....	50

7.2.2.4 Alternatives.....	51
7.3 Compilation of the Environmental Management Programme (EMP).....	51
