PROPOSED RENEWABLE ENERGY GENERATION PROJECTS ON THE FARM RHODES 269, KURUMAN RD, JOE MOROLONG LOCAL MUNICIPALITY, JOHN TAOLO GAETSEWE DISTRICT MUNICIPALITY, NORTHERN CAPE PROVINCE - Short name: RHODES 2 SOLAR PARK

Dear Sir/Madam,

The Draft Environmental Impact Report for the proposed Rhodes 2 Solar Park was received by the DEA on 22 February 2016. According to the new EIA Regulations (2014), Regulation 23(1)(a), the Final EIA Report must be submitted on/before 11 April 2016. The draft EIA Report has already been subjected to a 30-day commenting period and we are ready to submit the Final EIA Report. However, significant changes will have to be made to the EIA Report and thus another draft EIA Report will have to be sent out to the registered I&APs for a 30-day commenting period.

This letter serves as a notification in terms of Regulation 23(1)(b) of the new EIA Regulations (2016), that new information has been added to the environmental impact report, which was not contained in the reports consulted during the initial public participation process and the revised environmental impact report will be submitted to another public participation process of at least 30 days. The Final EIA Report with the new information, that has been subjected to a 30-day commenting period must reach the DEA before / on 2 June 2016.

I hope you find this in order.

Kind Regards,

.....
