Dear Sir

Re: Need for Environmental Authorization: Proposed construction of Cell C and MTN Telecommunication Masts at 8 sites In KwaZulu-Natal

1. Your queries dated 10 June 2011 regarding the need for environmental authorization in terms of section 24(2) of the National Environmental Management Act 1998 (Act 107 of 1998) for the construction of telecommunication masts at 8 sites in KwaZulu-Natal refers.
2. According to the Listing Notice 3 Maps (Version 2, January 2011) of this Department, the construction of telecommunication masts on the following two (2) sites will trigger Activity 3 in Listing Notice 3 (Government Notice No. R 546, 18 June 2010) and therefore require an environmental authorization:

<u>No</u>	<u>Name</u>	<u>GPS Co-ordinates</u>	
		<u>S</u>	<u>E</u>
108518	Nkangala	28.52.42.33	31.20.11.18
T304	Richards Bay Lighthouse	28.46.30.94	32.07.40.96

3. The abovementioned Listing Notice 3 Maps indicate that the construction of telecommunication masts on the following six (6) sites does not trigger any activity in Listing Notice 3:

<u>No</u>	<u>Name</u>	<u>GPS Co-ordinates</u>	
		<u>S</u>	<u>E</u>
108516	Kwamlamula	27.17.13,13	32.26.06,30
108520	Ulundi	28.14.59,45	31.25.20,45
108522	Mdletshe	27.57.56,54	32.03.26,99
T2163	Birdwood Beacon	28.44.12,57	32.05.04,10
T2477	Ngwelezana Reservoir	28.46.06,39	31.51.29,99

T5208

Gabandlovu Hall

28.51.09,0

31.54.21,0

4. Please note that the abovementioned evaluation is only to determine if activities under Listing Notice 3 are triggered. Where no activities in Listing Notice 3 are triggered, it is essential that Cell C (Pty) Ltd and MTN (Pty) Ltd provide a detailed project description to the Assistant Manager: Impact Management at the relevant district office to determine if any activity under Listing Notice 1 will be triggered.

Yours faithfully

for: Head of Department:

Department of Agriculture, Environmental Affairs & Rural Development
