## CERTIFICATE OF WOODBORER INSPECTION

DGS HOLDINGS & INVESTMENTS (PTY) LTD

11 PALM GROVE  
PORTION OF 1 OF ERF 517  
BRICKFIELD  
BEREA  
DURBAN

This serves to confirm that we have inspected the above mentioned property for wood wood borer.

Upon inspection we found that the doors, doorframes, window frames, wooden flooring and roof trusses have been infested and damaged by woodborer.

Some of the roof beams and other wooden areas has to be replaced because the damage was very bad and it made the wood weak and fragile.

The property could be considered to be demolished, due to the fact that the wooden areas have been badly damaged and weakened.
