Dear Tilly

Thank you for the KMZ file ([20221109_Mulilo De Aar 2 South WEF Layout.kmz](#)) of the final full layout for the De Aar 2 South WEF project, received earlier.

As requested, I have compared this layout to that previously assessed in the final walkdown assessment and against the heritage sites identified within the WEF.

I can confirm that the updated final full layout is acceptable from a heritage perspective and that no additional mitigation to that recommended in ACO's Walkdown Survey Report dated August 2022 is required.

Best regards

John
