**Subject:** De Aar 2 South WEF - Confirmation of Acceptance of Updated Final Layout for Decision Making

Dear Tilly

**RE: De Aar 2 South WEF - Confirmation of Acceptance of Updated Final Layout for Decision Making**

With reference to the attached KMZ file, "*20230120\_Mulilo De Aar 2 South WEF Layout.kmz*" with the following updates:

1. The final layout now consists of 26 turbines positions only, as opposed to the "possible" 28 turbine positions, i.e. only the turbine positions that would be constructed are included in the map). In this regard, please note that turbines 9 & 13 have been removed from the layout.
2. Turbines 11 & 25 have been slightly microsited to ensure they fall outside of an avifauna no go buffer area.

For the palaeontological impact, I hereby

- Confirm that the updated final layout is acceptable.
- Confirm that the updated final layout does not result in any changes to my earlier findings or require any further mitigation to what I have already recommended in my statement/report for the update of the EMPr and Layout Plan Finalisation process

Yours sincerely  
Marion Bamford
