Attention : AMAFA Committee

MOTIVATION : NEW CARPORT

14 SPRINGSIDE CRESCENT – BEREA, DURBAN  
LOT 771 DURBAN  
For – Mr K. E MACILWAINE

The new work comprises of a suspended reinforced concrete slab spanning between the existing garage and house. This is to provide an additional parking space - CARPORT. The residence at present has only one roofed garage, meaning other vehicles and visitors are forced to park on the road side. After constant break ins and vehicle theft, this new carport has become a necessity.

Yours Faithfully
