Specialist Reports

The Heritage exemption letter will be attached to this appendix in hard copy

APPENDIX: **E**

Public Participation

A Public Participation process was undertaken and included the following:

- Placement of site notices at the proposed property on 15 July 2015
- Placement of an advertisements in the “Courant and Bloemnuus” newspapers on Thursday 16 July 2015;
- Written notifications were sent to all identified Interested and Affected Parties (i.e. adjacent landowners) on 14 July 2015 as well as a mail drop on 15 July 2015;
- Written notifications were sent to the relevant authorities on 14 July 2015
- A Draft Basic Assessment Report was sent to the Department of Agriculture, Department Water Affairs, Mangaung Metro Municipality, SAHRA, Free State DESTEA and all I&AP's on 7 September 2015.
- A Final Basic Assessment Report was sent to all the relevant departments as stated above and all the I&AP's 12 Oct 15.

A time period of 30 days was allowed for the identified I&APs to register and / or send their issues and concerns regarding the proposed project to Eko Environmental.

Dear Ms. G. Mkhosana

NOTIFICATION OF A PUBLIC PARTICIPATION PROCESS FOR A PROPOSED TOWNSHIP DEVELOPMENT ON PLOT 147, SHANNON, BLOEMSPRUIT AGRICULTURAL PLOTS

Purpose of this notification:

Notice is hereby given of a public participation process currently underway in terms of the EIA Regulations of 2014 under the National Environmental Management Act (NEMA), 1998 (Act 107 of 1998) to apply for authorization from the Free State Department of Economic Development, Tourism and Environmental Affairs through a basic assessment. The listed activity applicable to this project is Activity 27, (GN R.983) for the clearance of indigenous vegetation of more than 1 ha.

Project Description

The proposed project entails township development of 80 erven on plot 147 with a footprint of 4.277 ha as single residential stands and is in line with the Mangaung Integrated Development Plan 2013 as the area is earmarked for residential development.

The site will be cleared for the installation of infrastructure (roads, sewage, electricity and storm water) to service each unit.

Municipal services

The proposed development would be subjected to approval from the Mangaung Metro regarding the provision of basic services and infrastructure for water supply, sewage, general waste removal, electricity, storm water management and access.

Locality

The site is located on the corner of Kendal- and Voorspoed Avenue in Shannon. Please refer to the attached locality map.

Waste management

- During construction phase all waste will be collected and disposed of at an authorised landfill site. Waste will be typical from any construction operation.
- During the operational phase the Mangaung Metro will be responsible waste removal.

Public consultation:

- To inform the general public regarding the project the proposed project will be advertise in the Courant and Bloemnuus and site notice placed on site
- Neighbours, relevant regulatory departments and potential I&AP's will be notified in writing.
- You are also invited to an **on-site meeting on 6 Aug '15 at 17:30.**

To register as an Interested and / or Affected Party or to obtain more information, or obtain access to the Draft **BAR** (Basic Assessment Report) please contact Jaco de Jonge at Eko Environmental: Suite 158, Private Bag X01, Brandhof, Bloemfontein, 9324; or 051 444 4700 (Tel), 086 697 6132 (Fax) or jaco@ekogroup.co.za on or before 17 August 2015. Please indicate any concerns regarding the project in the table below.

Kind regards

Jaco de Jonge

Proof of Final Basic Assessment Report to SAHRA

Comments Received from authorities and I&APs:

Ms. Kolobe from MMM Environmental department requested the BAR be delivered. Mr. Jobo wanted a meeting with Eko Environmental. Informed him again of the site visit on the 6 Aug '15. After the meeting Mr. Jobo asked if Lenova would be interested to buy his plot.

Response on comments:

The Draft BAR was sent to Ms. Kolobe on 7 Sep 15. A site meeting was held on 6 Aug where all questions were answered.

Mr. Jobo's comment was forwarded to Urban Dynamics who in turn informed the applicant.

11 August 2015

Minutes of Public Meeting held at Plot 147 - 06 August 2015

The proposed establishment of a township development at Plot 147, Bloemspruit, Bloemfontein

All persons present during this meeting have been registered as Interested & Affected Parties (I&AP's) and will be included in all consequent correspondence and public meetings.

These minutes will also be forwarded to the applicant and the Free State Department of Economic Development, Tourism and Environmental Affairs.

The following concerns and comments were raised by I&AP's:

Security Concerns:

They are concerned that crime in the region will rise due to the construction and related activities on plot 147, Bloemspruit, Bloemfontein.

Illegal workers:

They are concerned that foreign workers will work on the proposed project which they will oppose because they feel local residents from the area should be hired to uplift the local community.

Duration of the project:

They wanted to know how long before the houses are built on the property. An estimated time of between 2-3 years was given to when the actual building will take place, but it should be kept in mind that that time can change.

Size of proposed development:

There was a question about the project size and if plot 147 was going to be the only area being developed. They were informed that plot 147 was the only property that the applicant Lenova Construction and development CC owned and the proposed size of the property is 4.277ha. As plot 147 is the only property of the applicant it will be the only property that will be developed.

Spatial Development Framework:

There was a question if the area will have to be rezoned. The current zoning is Agricultural Holding and will be rezoned as residential. It was explained that the area was earmarked for township development in the Mangaung Metro Spatial development framework and therefore it is seen as a favorable land use for the area.
