## Letter

**In terms of Section 36(1) of the National Heritage Resources Act (Act 25 of 1999)**

Dear Ms. Lusani Rathanya

### **Proposed Redstone Solar Thermal Energy Power Project, Postmansburg**

Although the comment required that a 15m buffer between the fence of grave and the development is created. But after much consideration I can make allowances for 12.5 m or 10m for the buffer provided the graves will not be compromised. If your need further assistance please feel free to contact me.

Kind Regards
