

# **ANNEXURE 3**

## **Public Consultation**

# **ANNEXURE 3.1**

## **List of Interested and Affected Parties ("I&AP")**

Public Participation Process (“**PPP**”) undertaken:

A PPP under the EIA Regulations was undertaken as part of the Scoping Phase, which included the following:

- Placing site notices at the entrance to the site and on the proposed site;
- Placing adverts in the Diamond Field Advertiser (“**DFA**”) and Noord Kaap newspaper;
- a Notification and Background Information Document (**BID**) regarding the project was sent to all identified interested and affected parties (“**I&APs**”). This includes the adjacent landowners and relevant authorities.

A time period of 30 days was allowed for the public to register and / or send their issues and concerns regarding the Project to Turn 180 Environmental Consultants.

**EIA and IWULA PROCESS**

Notice is given of an application for an Integrated Water Use License ("IWULA") to the Department of Water and Sanitation ("DWS") in terms of Sections 21(a), (c) and (i) of the National Water Act 36 of 1998 ("NWA") and Environmental Authorisation ("EA") to the Department of Environment and Nature Conservation ("DENC") in terms of the 2014 EIA Regulations as amended in 2017 under the National Environmental Management Act 107 of 1998 ("NEMA") for the clearance of more than 20 ha of indigenous vegetation on Portion 1 of the farm Harrisdale 226 ("Kilmorey"), Barkly West district, Northern Cape. The project entails the clearance of vegetation and abstraction for the planting and irrigation of Lucerne.

**The following activities will be applied for:**

Activity 15 of GN. R325 of the EIA Regulation 2017, Section 21(a), (c) and (i) of the NWA. This notification provides stakeholders and/or potential Interested and Affected Parties with the opportunity to comment on the proposed project.

You are requested to send any issues and/or concerns regarding the proposed project to: Louis de Villiers at Tum180 Environmental Consultants, Suite 221, Private Bag X01, Brandhof, 9324; or 072-967-7962, or louis@tum180.co.za within 30 days of the date of this advertisement and no later than 21 September 2018.

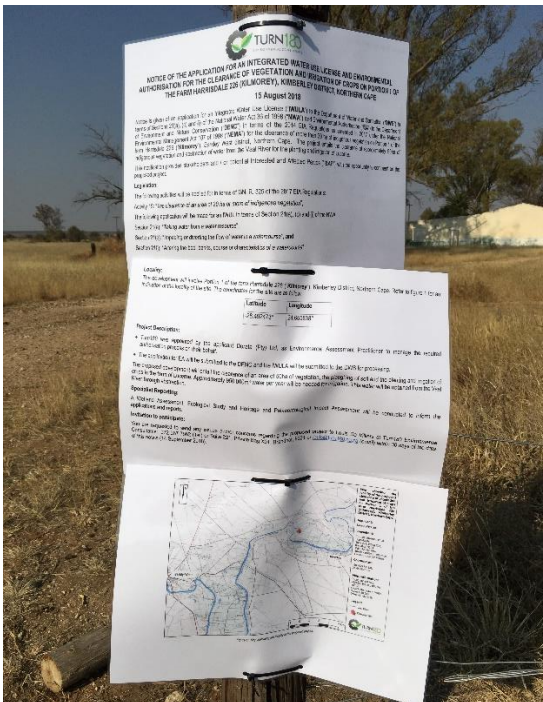

Proof of site notices placed at entrance to the site and on site:

Site notice 1 on the proposed site.

# **ANNEXURE: 3.3**

**Proof that adjacent landowners and stakeholders received written notification**

**Example of the Notification and BID sent to adjacent landowners and stakeholders:**

Date: 28 August 2018

Enquiries: Louis De Villiers

**Dear Interested and Affected Party**

**NOTICE OF THE APPLICATION FOR AN INTEGRATED WATER USE LICENSE AND ENVIRONMENTAL AUTHORISATION FOR THE CLEARANCE OF VEGETATION AND CULTIVATION OF CROPS ON PORTION 1 OF THE FARM HARRISDALE 226 (KILMOREY), BARKLY WEST DISTRICT, NORTHERN CAPE**

Notice is given of an application for an Integrated Water Use License (“**IWULA**”) to the Department of Water and Sanitation (“**DWS**”) in terms of Sections 21(a), (c) and (i) of the National Water Act 36 of 1998 (“**NWA**”) and Environmental Authorisation (“**EA**”) to the Department of Environment and Nature Conservation (“**DENC**”) in terms of the 2014 EIA Regulations as amended in 2017 under the National Environmental Management Act 107 of 1998 (“**NEMA**”) for the clearance of more than 20ha of indigenous vegetation on Portion 1 of the farm Harrisdale 226 (“**Kilmorey**”), Barkly West District, Northern Cape.

This notification provides stakeholders and / or potential Interested and Affected Parties (“**I&AP**”) with the opportunity to comment on the proposed project.

**Project Description**

- Turn 180 Environmental Consultants (“**Turn 180**”) was appointed by the applicant, Dorata (Pty) Ltd, as Environmental Assessment Practitioner (“**EAP**”) to manage the required authorisation process on their behalf.
- The application for EA will be submitted to the DENC and the IWULA will be submitted to the DWS for processing.

The proposed development will entail the clearance of an area of approximately 50ha of indigenous vegetation and the cultivation of crops in the form of Lucerne. An IWULA will be made to the DWS to abstract a volume of 950 000m<sup>3</sup> water per year from the Vaal River to be used for irrigation purposes.

## **Legislation**

The following activities will be applied for in terms of GN. R. 325 of the 2017 EIA Regulations:

Activity 15: *"The clearance of an area of 20 ha or more of indigenous vegetation"*,

The following application will be made for an IWUL in terms of Section 21(a), (c) and (i) of the NWA:

Section 21(a): *"Taking water from a water resource"*,

Section 21(c): *"Impeding or diverting the flow of water in a watercourse"*, and

Section 21(i): *"Altering the bed, banks, course or characteristics of a watercourse"*

### **The application process will include the following:**

- IWULA,
- S&EIR Process,
- Public Participation Process,
- Specialist studies.

## **S&EIR**

The impacts of all activities associated with the proposed project will be assessed in the S&EIR. Draft reports will be made available to all registered I&APs for comment. Comments received will be addressed and incorporated into the final reports, which will then also be made available to the registered I&APs for comment.

An Environmental Management Programme report will also be developed for all activities associated with the Project, wherein mitigation and management measures will be proposed that should be implemented during all phases of the project. The final reports will be submitted to the DENC for processing of the application for EA.

Comments received regarding the IWULA will be included in all reports.

### **Locality:**

The development will involve Portion 1 of the farm Harrisdale 226 ("Kilmorey"), Barkley West District, Northern Cape. Refer to the attached locality map for an indication of the locality of the site. The coordinates for the site are as follow:

| <b>Latitude</b> | <b>Longitude</b> |
|-----------------|------------------|
| -28.492473°     | 24.655838°       |

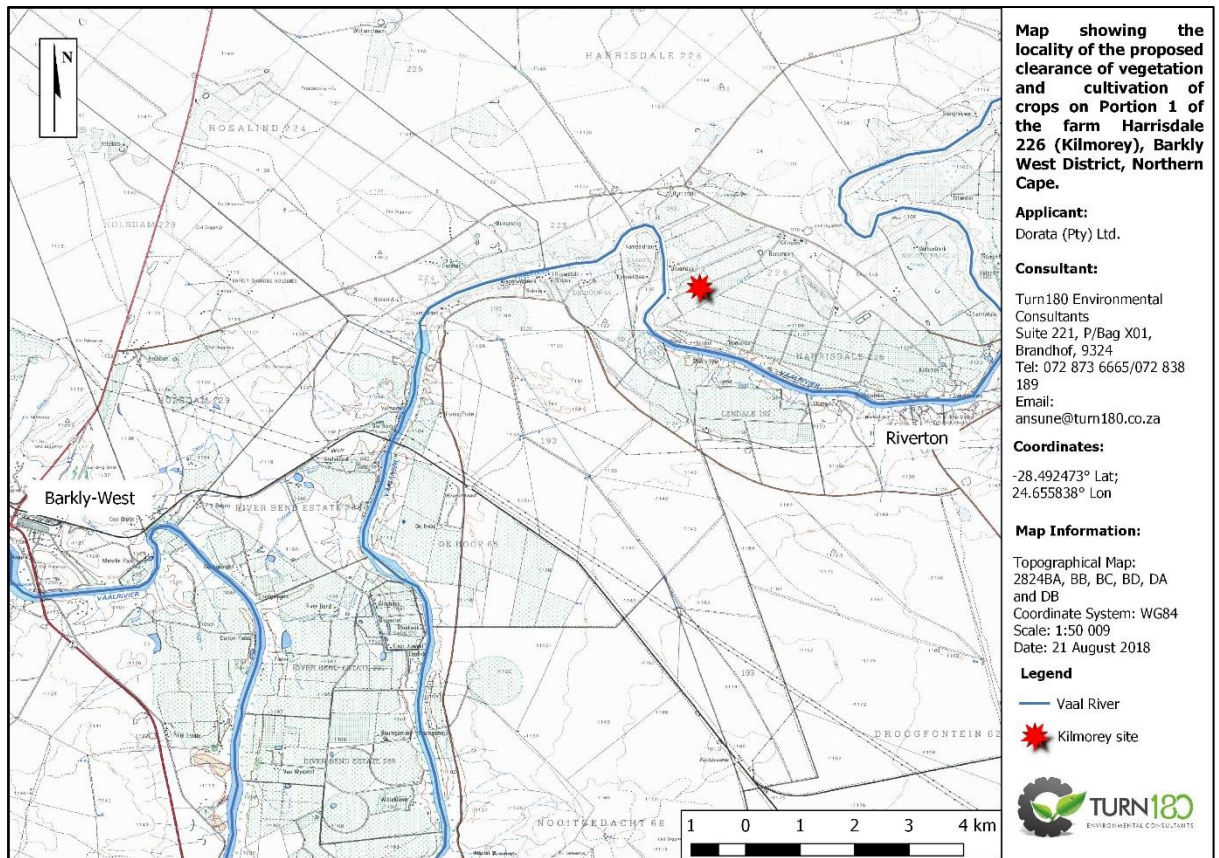

Figure 1: Map indicating the locality of the proposed site.

## Invitation to participate

You are requested to send any issues and/or concerns regarding the proposed projects to Louis De Villiers at Turn 180 within 30 days of the date of this letter (28 September 2018). Any of the following contact details can be used:

**Dear Ms. E. Botes (HOD)**

**NOTICE OF THE APPLICATION FOR AN INTEGRATED WATER USE LICENSE AND ENVIRONMENTAL AUTHORISATION FOR THE CLEARANCE OF VEGETATION AND CULTIVATION OF CROPS ON PORTION 1 OF THE FARM HARRISDALE 226 (KILMOREY), BARKLEY WEST DISTRICT, NORTHERN CAPE**

Notice is given of an application for an Integrated Water Use License ("IWULA") to the Department of Water and Sanitation ("DWS") in terms of Sections 21(a), (c) and (i) of the National Water Act 36 of 1998 ("NWA") and Environmental Authorisation ("EA") to the Department of Environment and Nature Conservation ("DENC") in terms of the 2014 EIA Regulations as amended in 2017 under the National Environmental Management Act 107 of 1998 ("NEMA") for the clearance of more than 20ha of indigenous vegetation on Portion 1 of the farm Harrisdale 226 ("Kilmorey"), Barkly West District, Northern Cape.

This notification provides stakeholders and / or potential Interested and Affected Parties (“I&AP”) with the opportunity to comment on the proposed project.

## **Project Description**

- Turn 180 Environmental Consultants (“**Turn 180**”) was appointed by the applicant, Dorata (Pty) Ltd, as Environmental Assessment Practitioner (“**EAP**”) to manage the required authorisation process on their behalf.
- The application for EA will be submitted to the DENC and the IWULA will be submitted to the DWS for processing.

The proposed development will entail the clearance of an area of approximately 50ha of indigenous vegetation and the cultivation of crops in the form of Lucerne. An IWULA will be made to the DWS to abstract a volume of 950 000m<sup>3</sup> water per year from the Vaal River to be used for irrigation purposes.

## **Legislation**

The following activities will be applied for in terms of GN. R. 325 of the 2017 EIA Regulations:

Activity 15: *“The clearance of an area of 20 ha or more of indigenous vegetation”,*

The following application will be made for an IWUL in terms of Section 21(a), (c) and (i) of the NWA:

Section 21(a): *“Taking water from a water resource”,*

Section 21(c): *“Impeding or diverting the flow of water in a watercourse”,* and

Section 21(i): *“Altering the bed, banks, course or characteristics of a watercourse”*

### **The application process will include the following:**

- IWULA,
- S&EIR Process,
- Public Participation Process,
- Specialist studies.

## **S&EIR**

The impacts of all activities associated with the proposed project will be assessed in the S&EIR. Draft reports will be made available to all registered I&APs for comment. Comments received will be addressed and incorporated into the final reports, which will then also be made available to the registered I&APs for comment.

An Environmental Management Programme report will also be developed for all activities associated with the Project, wherein mitigation and management measures will be proposed that should be implemented during all phases of the project. The final reports will be submitted to the DENC for processing of the application for EA.

Comments received regarding the IWULA will be included in all reports.

Locality:

The development will involve Portion 1 of the farm Harrisdale 226 ("Kilmorey"), Barkly West District, Northern Cape. Refer to the attached locality map for an indication of the locality of the site. The coordinates for the site are as follow:

| Latitude    | Longitude  |
|-------------|------------|
| -28.492473° | 24.655838° |

Figure 2: Map indicating the locality of the proposed site.

## Invitation to participate

You are requested to send any issues and/or concerns regarding the proposed projects to Louis De Villiers at Turn 180 within 30 days of the date of this letter (28 September 2018). Any of the following contact details can be used:

**072 967 7962 (Tel)**

**Suite 221**

**Private Bag X01**

**Brandhof**

**Bloemfontein**

**9324**

**[louis@turn180.co.za](mailto:louis@turn180.co.za)**

Your feedback in this regard is appreciated.  
Regards

A handwritten signature in dark ink, appearing to be 'Louis De Villiers', with a long horizontal stroke extending to the right.

### Interim Comment

In terms of Section 38(3), 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Dorata (Pty) Ltd

Application for an Integrated Water Use License and Environmental Authorisation for the clearance of vegetation and cultivation of crops on Portion 1 of the farm Harrisdale 226 (Kilmorey), Barkly West District, Northern Cape.

Thank you for notifying SAHRA of the Environmental Authorisation (EA) Application and Integrated Water Use License for clearance of vegetation and cultivation of crops on portion 1 of the farm Harrisdale 226, Barkley West District, Northern Cape Province.

As the proposed development is undergoing an EA Application process in terms of the National Environmental Management Act, 107 of 1998 (NEMA) and NEMA Environmental Impact Assessment (EIA) Regulations, it is incumbent on the developer to ensure that a Heritage Impact Assessment (HIA) is done as per section 38(3) and 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA). This must include an archaeological component, palaeontological component and any other applicable heritage components. The HIA must be conducted as part of the EA Application in terms of NEMA and the NEMA EIA Regulations.

The quickest process to follow for the archaeological component would be to contract a specialist (see [www.asapa.org.za](http://www.asapa.org.za) or [www.aphp.org.za](http://www.aphp.org.za)) to provide an Archaeological Impact Assessment (AIA). The AIA must comply with the SAHRA 2007 Minimum Standards: Archaeological and Palaeontological Component of Impact Assessments.

The proposed prospecting area is located within an area of moderate sensitivity in terms of palaeontological resources. An assessment of the impact of the development on palaeontological resources is required to be completed by a qualified palaeontologists. The report must comply with the SAHRA 2012 Minimum Standards: Palaeontological Component of Heritage Impact Assessments (a list of qualified palaeontologists can be supplied upon request).

Any other heritage resources as defined in section 3 of the NHRA that may be impacted, such as maritime archaeology, built structures over 60 years old, sites of cultural significance associated with oral histories, burial grounds and graves, graves of victims of conflict, and cultural landscapes or views must also be

### Interim Comment

In terms of Section 38(3), 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Dorata (Pty) Ltd

Application for an Integrated Water Use License and Environmental Authorisation for the clearance of vegetation and cultivation of crops on Portion 1 of the farm Harrisdale 226 (Kilmorey), Barkly West District, Northern Cape.

Turn180 Environmental Consultants have been appointed by Dorata (Pty) Ltd to conduct an Environmental Authorisation (EA) Application and Integrated Water Use License (IWUL) for the proposed clearance of vegetation and cultivation of crops on portion 1 of the farm Harrisdale 226 (Kilmorey), Barkley West District, Northern Cape.

A draft Scoping Report (dSR) has been submitted in terms of the National Environmental Management Act, No 107 of 1998 (NEMA), NEMA Environmental Impact Assessment (EIA). The proposed mining activities include 40 ha of lucerne and 28 ha of pecan nut trees.

The dSR notes that a Heritage Impact Assessment (HIA) and Palaeontological Impact Assessment (PIA) will be completed as part of the EIA phase of the application.

#### Interim Comment

The SAHRA Archaeology, Palaeontology and Meteorites (APM) Unit notes the pending HIA and PIA. The HIA and PIA must comply with section 38(3) of the National Heritage Resources Act, No 25 of 1999 (NHRA), the SAHRA 2007 Minimum Standards: Archaeological and Palaeontological Components of Impact Assessments and the SAHRA 2012 Minimum Standards: Palaeontological Components of Heritage Impact Assessment Reports.

The Final Scoping, draft EIA and associated appendices must be submitted at the beginning of each public review period so that an informed comment may be issued. Further comments will be issued upon receipt of the above.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.
