Impact Assessments - Environmental Management Programs - Compliance Monitoring - Process Review

2 December 2022

Dear Interested and Affected Party and/or Authority,

ESTABLISHMENT OF A WIND ENERGY FACILITY SITUATED ON THE EASTERN PLATEAU (SOUTH) NEAR DE AAR, NORTHERN CAPE PROVINCE: PART 1 APPLICATION FOR AMENDMENT OF THE ENVIRONMENTAL AUTHORISATION: AVAILABILITY OF THE DRAFT AMENDMENT MOTIVATION REPORT FOR COMMENT

PUBLIC PARTICIPATION PROCESS

**(DFFE REF No.: 12/12/20/2463/1/AM9)
(DENC REF No. NC/BA/14/PIX/EMT/DEA5/2014)**

The purpose of this letter is to inform Interested and Affected Parties (I&APs), including relevant State Departments and Organs of State, that Mulilo De Aar 2 South (Pty) Ltd, i.e. the holder of the Environmental Authorisation (EA) for *the Wind Energy Facility (WEF) situated on the Eastern Plateau (South) near De Aar*, in the *Northern Cape Province* (also referred to as the De Aar 2 South WEF), has submitted an Application for Amendment of the Environmental Authorisation to the Department of Forestry, Fisheries and the Environment (DFFE) in terms of Part 1 of Chapter 5 of the Environmental Impact Assessment (EIA) Regulations, 2014, as amended. The DFFE responded to the Applicant on 14 November 2022, requesting additional information in terms of Regulation 30(1)(a) of the EIA Regulations, 2014 as amended. A draft Amendment Motivation Report containing the requested information has been compiled (including specialist inputs), and is being made available for public participation, as requested by DFFE.

This letter serves to notify Interested and Affected Parties (I&APs) that the Draft Amendment Motivation Report is being made available to I&APs for a 30 day comment period excluding the period 15 December – 5 January¹, i.e. **2 December 2022 – 23 January 2023**.

1. Background

The project was granted an Environmental Authorisation (EA) from the Department of Environmental Affairs (DEA) (now known as the Department of Forestry, Fisheries and Environment (DFFE)) on 1 March 2013, in terms of the National Environmental Management Act (NEMA) Environmental Impact Assessment Regulations (2010), as amended. Furthermore, on 24 July 2014, a further EA (DENC Reference No. NC/BA/14/PIX/EMT/DEA5/2014) for the project was granted by the Northern Cape Department of Environment and Nature Conservation (DENC) for activities that had not been

¹ As per the EIA Regulations, 2014, as amended, "For any action contemplated in terms of these Regulations for which a timeframe is prescribed, the period of 15 December to 5 January must be excluded in the reckoning of days".

applied for in the original Environmental Impact Assessment (EIA) for the project.

The WEF would be located on the following properties: Slingers Hoek (Farm No. 2 Remainder of Portion 2 and Remainder); Slingers Hoek (Farm No. 2 Portion 4); Knapdaar (Farm No. 8 Portion 1); Maatjes Fountain (Farm No. 1 Portion 5); Vendussie Kuil (Farm No. 165 Remainder of Portion 2, and Portion 7); Vendussie Kuil (Farm No. 165 Portion 11 and Remainder), and Vendussie Kuil (Farm No. 165 Portion 7) within the Emthanjeni Local Municipality and Renosterberg Local Municipality, approximately 20km east of De Aar, in the Northern Cape Province.

The original EA for the project (dated 1 March 2013) authorised the construction of approximately 103 wind turbines, and associated infrastructure, with an overall potential generation capacity of 155 – 258 MW, and associated infrastructure. A Part 2 EA amendment process was undertaken in 2015, which included a reduction in the number of turbines at the WEF (i.e. reduced from 103 turbines to a maximum of 61 turbines) and overall generation capacity of 140MW, as well as amendments to the turbine specifications.

The Applicant is now applying to DFFE for an Amendment to the EA, in terms of Part 1 of Chapter 5 of the NEMA EIA Regulations, 2014, as amended, including:

- Amendment of Condition 7 of the EA, as amended, i.e. to extend the validity period of the EA;
- Amendments to the project description in the EA;
- The inclusion of an erroneously omitted Listed Activity into the EA (i.e. request for correction in terms of NEMA Section 47A(1)(b) and EIA Regulation (27(4)); and
- Amendment to the property description in the EA, to include an erroneously omitted property into the property description (i.e. request for correction in terms of NEMA Section 47A(1)(b) and EIA Regulation (27(4)).

Holland & Associates Environmental Consultants has been appointed by the Applicant to undertake the requisite Application for Amendment of the EA, in accordance with the NEMA EIA Regulations (2014), as amended.

2. Proposed amendments to the Environmental Authorisation

An outline of the proposed amendments is provided below:

1. Proposed extension of the EA validity period of the EA by 2 years, i.e. from the current expiry date of 01 March 2023, to 01 March 2025.
2. Proposed amendments to the project description in the EA:
 - 2.1 Reducing the number of turbines from the authorised “25 – 61” to “up to 26”.
 - 2.2 Internal roads (widths):
 - New roads: 6m width (i.e. change from the authorised 4m wide roads to 6m wide roads);
 - Upgrading sections of existing roads: 6m width (i.e. upgrading from 4m width to 6m width).
 - 2.3 Foundations: Change from the authorised “*18.4m in diameter that narrows up to 10.6m at the surface (the visible portion) with a depth of 3.5 once completed*”, to foundations up to maximum 24m diameter at lowest point and up to 12m diameter at surface.
 - 2.4 Hardstands: Change from the authorised “*A permanent hard standing made of compacted gravel and approximately 50 m x 40 m would be constructed adjacent to each turbine location for the crane*”, to hardstands with approximate footprint up to 0.47 ha per WTG adjacent to and surrounding each WTG.
 - 2.5 Co-ordinates of IPP Substation Control and O&M building: Amendment to the co-ordinates of the substation in the EA are proposed, and removal of references in EA to multiple substations (as only one substation is authorised).
 - 2.6 Temporary Laydown Areas: No changes to the development footprint are proposed, but

further detail to be included in the EA (i.e. WTG component laydown, concrete batching plant, office yard).

- 2.7 Internal reticulation: Change from the authorised “22 kV” to 33 kV.
- 2.8 Removing the specified MW generation capacity per turbine (currently stipulated as “2.3MW – 6.0MW”) to facilitate selection of the optimum wind turbine available at design phase.
- 2.9 Inclusion of the words “up to” in front of the currently authorised turbine specifications for hub height and rotor diameter.

3. Proposed inclusion of an erroneously omitted Listed Activity (Activity 15 of GN R. 545 (Listing Notice 2) into the EA (i.e. request for correction in terms of NEMA Section 47A(1)(b) and EIA Regulation (27(4)):

- The Applicant requests the inclusion of one 2010 EIA Regulations listed activity, i.e. Activity 15 of GN R. 545 (Listing Notice 2), into the EA, which was assessed in the EIA process for the project, however was erroneously omitted from the Application Form and EIA Report.

4. Amendment to the property description in the EA, to include an erroneously omitted property into the property description (i.e. request for correction in terms of NEMA Section 47A(1)(b) and EIA Regulation (27(4))

- Addition of Portion 7 of Farm Vendussie Kuil No. 165 into the EA (given that a section of a proposed road would cross the corner of Portion 7 of Farm No. 165, which is currently not included in the EA, but was included in the combined EIA process and reporting for the De Aar 2 South WEF and De Aar 2 North WEF projects).

4. Public Participation Process (Opportunity to Comment)

Notice is hereby given of the commencement of the public participation process in terms of the National Environmental Management Act (NEMA) Environmental Impact Assessment (EIA) Regulations (2014), as amended.

Interested and Affected Parties (I&APs) are invited to register as I&APs and to provide comment on the draft Amendment Motivation Report for the abovementioned project (which includes the updated Application Form for Amendment of the EA), during a **30 day I&AP comment period (excluding the period 15 December – 5 January)², i.e. 2 December 2022 – 23 January 2023.**

(Note: In the event that you are reading this correspondence in your capacity as a representative of a State Department or Organ of State, kindly take note of the following: In terms of Section 24O of the National Environmental Management Act (NEMA) and Regulations 7(2) and 43(2) of the Environmental Impact Assessment (EIA) Regulations, 2014, as amended, any State Department that administers a law relating to a matter affecting the environment relevant to the application is hereby requested to comment within 30 days (i.e. **by 23 January 2022**) on the draft Amendment Motivation Report).

Copies of the draft Amendment Motivation Report will be available as follows during the 30 day I&AP comment period:

- An electronic copy will be available for download on the Holland & Associates Environmental Consultants website (www.hollandandassociates.net).
- A hard copy of the draft Amendment Motivation Report will be lodged for viewing at the Hennie Liebenberg Public Library in De Aar.

² As per the EIA Regulations, 2014, as amended, “For any action contemplated in terms of these Regulations for which a timeframe is prescribed, the period of 15 December to 5 January must be excluded in the reckoning of days”.

- Upon request, the draft Amendment Motivation Report will be made available to I&APs via electronic file transfer or Dropbox link. A Dropbox link will also be provided in the cover email for notifications sent to I&APs via email.

4. Way Forward

I&APs are invited to review and comment on the draft Amendment Motivation Report during the 30-day I&AP comment period **(excluding the period 15 December – 5 January)³, i.e. 2 December 2022 – 23 January 2023**. Should you have any comments, please submit your comments in writing via post or e-mail to Ms Tilly Watermeyer of Holland & Associates Environmental Consultants (email: tilly@hollandandassociates.net or post: PostNet Suite #108, Private Bag X12, Tokai, 7966 Tel: 060 319 1217) on or before **23 January 2023**.

All comments received during the 30 day I&AP comment period will be recorded and responded to in a Comments and Response Report, which will be included in the final Amendment Motivation Report, that will be submitted to DFFE for approval.

(Note: Protection of Personal Information Act, 2013 (Act 4 of 2013) Disclaimer: You are receiving correspondence with regards to the above-mentioned project, as your contact details have been captured into the Registered Interested & Affected Parties (I&AP) database for the project, in terms of the Environmental Impact Assessment (EIA) Regulations (2014), as amended¹, enacted in terms of the National Environmental Management Act (NEMA) (No. 107 of 1998), as amended. Should you wish to be removed from the I&AP Database at any stage, please notify the undersigned. Kindly note that by not responding to this correspondence it is our understanding that you consent to your contact details remaining in the registered I&AP Database and to receiving further correspondence with regards to the proposed project. In the event of an appeal, the details of registered I&APs will be made available to an appellant to enable registered I&APs to be informed of and to participate in the appeal process. Registered I&AP information will be made available to the Environmental Assessment Practitioner (EAP) or independent person for notification purposes of the submission of the environmental audit report. Further to the above, kindly note that it is the responsibility of registered I&APs to notify the Environmental Assessment Practitioner (EAP) should their contact details need to be updated (should they wish to continue receiving correspondence with regards to any environmental approval/ authorisation processes for the project).

Should you require any further information or have any queries, please contact the undersigned.

Yours sincerely

TILLY WATERMEYER (BSc Hons, MSc.)

NICOLE HOLLAND (Reg. EAP (EAPASA); Pr Sci Nat)

³ As per the EIA Regulations, 2014, as amended, "For any action contemplated in terms of these Regulations for which a timeframe is prescribed, the period of 15 December to 5 January must be excluded in the reckoning of days".

Impact Assessments - Environmental Management Programs - Compliance Monitoring - Process Review

2 December 2022

Geagte Belangstellende en Geaffekteerde Party en/of Owerheid,

**VESTIGING VAN 'N WINDENERGIE FASILITEIT GELEË OP DIE OOSTELIKE PLATEAU (SUID)
NABY DE AAR, NOORD-KAAP PROVINSIE: DEEL 1 AANSOEK OM WYSIGING VAN DIE
OMGEWINGSMAGTIGING: BESKIKBAARHEID VAN DIE KONSEP-
WYSIGINGSMOTIVERINGSVERSLAG VIR AANSOEK**

OPENBARE DEELNAMEPROSES

**(DOS VERWYSINGSNR: 12/12/20/2463/1/AM9)
(DENC VERWYSINGSNR: NC/BA/14/PIX/EMT/DEA5/2014)**

Die doel van hierdie brief is om Belanghebbende en Geaffekteerde Partye (B&GPe), insluitend relevante Staatsdepartemente en Staatsorgane, in kennis te stel dat Mulilo De Aar 2 Suid (Edms) Bpk, dit wil sê die houer van die Omgewingsmagtiging (OM) vir die Windenergie Fasiliteit (WEF) geleë op die Oostelike Plato (Suid) naby De Aar, in die Noord-Kaap Provinsie (ook na verwys as die De Aar 2 Suid-WEF), het 'n Aansoek om Wysiging van die Omgewingsmagtiging by die Departement van Bosbou ingedien, Visserye en die Omgewing (DFFE) ingevolge Deel 1 van Hoofstuk 5 van die Omgewingsimpakbepaling (OIB) Regulasies, 2014, soos gewysig. Die DFFE het op 14 November 2022 aan die Aansoeker geantwoord en bykomende inligting versoek ingevolge Regulasie 30(1)(a) van die OIB-regulasies, 2014 soos gewysig. 'n Konsep Wysigingsmotiveringsverslag wat die gevraagde inligting bevat, is saamgestel (insluitend spesialisinsette), en word beskikbaar gestel vir publieke deelname, soos deur DFFE versoek.

Hierdie brief dien om Belanghebbende en Geaffekteerde Partye (B&GPe) in kennis te stel dat die Konsepwysigingsmotiveringsverslag aan B&GPe beskikbaar gestel word vir 'n 30 dae kommentaarperiode (uitgesluit die tydperk 15 Desember – 5 Januarie), d.w.s. 2 Desember 2022 – 23 January 2023.

1. Agtergrond

Die projek het 'n Omgewingsmagtiging (OM) van die Departement van Omgewingsake (DEA) (nou bekend as die Departement van Bosbou, Visserye en Omgewing (DFFE)) op 1 Maart 2013, ingevolge die Wet op Nasionale Omgewingsbestuur (NEMA) Omgewingsimpakstudieregulasies (2010), soos gewysig. Verder, op 24 Julie 2014, is 'n verdere OM (DENC Verwysings No. NC/BA/14/PIX/EMT/DEA5/2014) vir die projek deur die Noord-Kaapse Departement van Omgewing en Natuurbewaring (DENC) toegestaan vir aktiwiteite wat nie in die oorspronklike Omgewingsimpakstudie (OIB) vir die projek aansoek gedoen is nie.

Die WEF sal op die volgende eiendomme geleë wees: Slingers Hoek (Plaas No. 2 Restant van Gedeelte 2 en Restant); Slingers Hoek (Plaas No. 2 Gedeelte 4); Knapdaar (Plaas No. 8 Gedeelte 1); Maatjes Fountain (Plaas No. 1 Gedeelte 5); Vendussie Kuil (Plaas No. 165 Restant van Gedeelte 2, en Gedeelte 7); Vendussie Kuil (Plaas No. 165 Gedeelte 11 en Restant), en Vendussie Kuil (Plaas No. 165 Gedeelte 7) binne die Emthanjeni Plaaslike Munisipaliteit en Renosterberg Plaaslike Munisipaliteit, ongeveer 20km oos van De Aar, in die Noord-Kaap Provinsie.

Die oorspronklike OM vir die projek (gedateer 1 Maart 2013) het die konstruksie van ongeveer 103 windturbines, en gepaardgaande infrastruktuur, met 'n algehele potensiële opwekkingskapasiteit van 155 – 258 MW, en gepaardgaande infrastruktuur gemagtig. 'n Deel 2 OM-wysigingsproses is in 2015 onderneem, wat 'n vermindering in die aantal turbines by die WEF ingesluit het (d.w.s. verminder van 103 turbines tot 'n maksimum van 61 turbines) en algehele opwekkingskapasiteit van 140MW, sowel as wysigings aan die turbine spesifikasies.

Die Aansoeker doen nou aansoek by DFFE vir 'n Wysiging aan die OM, ingevolge Deel 1 van Hoofstuk 5 van die NEMA OIB-regulasies, 2014, soos gewysig, insluitend:

- Wysiging van Voorwaarde 7 van die OM, soos gewysig, dit wil sê om die geldigheidstydperk van die OM te verleng;
- Wysigings aan die projekbeskrywing in die OM;
- Die insluiting van 'n verkeerdelik weggelaat Gelyste Aktiwiteit in die OM (d.w.s. versoek vir regstelling ingevolge NEMA Artikel 47A(1)(b) en OIB-regulasie (27(4))); en
- Wysiging aan die eiendomsbeskrywing in die OM, om 'n foutiewelik weggelaat eiendom by die eiendomsbeskrywing in te sluit (d.w.s. versoek vir regstelling ingevolge NEMA Artikel 47A(1)(b) en OIB-regulasie (27(4))).

Holland & Associates Environmental Consultants is deur die Aansoeker aangestel om die vereiste Aansoek om Wysiging van die OM te onderneem, ooreenkomstig die NEMA OIB-regulasies (2014), soos gewysig.

2. Voorgestelde wysigings aan die Omgewingsmagtiging

'n Oorsig van die voorgestelde wysigings word hieronder verskaf:

1. Voorgestelde verlenging van die OM -geldigheidstydperk van die OM met 2 jaar, dit wil sê vanaf die huidige vervaldatum van 01 Maart 2023, tot 01 Maart 2025.
2. Voorgestelde wysigings aan die projekbeskrywing in die OM:
 - 2.1 Vermindering van die aantal turbines van die gemagtigde “25 – 61” tot “tot 26”.
 - 2.2 Interne paaie (wydtes):

Nuwe paaie: 6m wydte (d.w.s. verander van die gemagtigde 4m breë paaie na 6m breë paaie);

Opgradering van dele van bestaande paaie: 6m breedte (d.w.s. opgradering van 4m breedte na 6m breedte).
 - 2.3 Fondasies: Verander van die gemagtigde "18.4m in deursnee wat vernou tot 10.6m op die oppervlak (die sigbare gedeelte) met 'n diepte van 3.5 sodra dit voltooi is", na fondamente tot maksimum 24m deursnee by die laagste punt en tot 12m deursnee aan die oppervlak.
 - 2.4 Harde staanplekke: Verander van die gemagtigde "'n Permanente harde stand gemaak van gekompakteerde gruis en ongeveer 50 m x 40 m sal langs elke turbineplek vir die hyskraan gebou word", na harde staanplekke met benaderde voetspoor tot 0.47 ha per WTG langs en omringend elke WTG.
 - 2.5 Koördinate van IPP-substasiebeheer en O&M-bou: Wysiging aan die koördinate van die substasie in die OM word voorgestel, en die verwydering van verwysings in OM na veelvuldige substasies (aangesien slegs een substasie gemagtig is).

- 2.6 Tydelike neerleggingsgebiede: Geen veranderinge aan die ontwikkelingsvoetspoor word voorgestel nie, maar verdere besonderhede moet in die OM ingesluit word (d.w.s. WTG-komponent-uitleg, betonmengselaanleg, kantoorwerf).
- 2.7 Interne retikulاسie: Verander van die gemagtigde "22 kV" na 33 kV.
- 2.8 Die verwydering van die gespesifiseerde MW-opwekkingskapasiteit per turbine (tans gestipuleer as "2.3MW – 6.0MW") om die keuse van die optimum windturbine wat tydens ontwerpfasie beskikbaar is, te vergemaklik.
- 2.9 Insluiting van die woorde "tot" voor die tans gemagtigde turbinespesifikasies vir naafhoogte en rotorsnee.
3. Voorgestelde insluiting van 'n verkeerdelik weggelaat Gelyste Aktiwiteit (Aktiwiteit 15 van GN R. 545 (Lysingskennisgewing 2) in die OM (d.w.s. versoek vir regstelling in terme van NEMA Artikel 47A(1)(b) en OIB-regulasie (27(4))):
- Die Aansoeker versoek die insluiting van een 2010 OIB-regulasies gelyste aktiwiteit, dit wil sê Aktiwiteit 15 van GN R. 545 (Lyskennisgewing 2), by die OM, wat in die OIB-proses vir die projek beoordeel is, maar is egter verkeerdelik uit die Aansoek weggelaat. Vorm en OIB-verslag.
4. Wysiging aan die eiendomsbeskrywing in die OM, om 'n foutiewelik weggelaat eiendom by die eiendomsbeskrywing in te sluit (d.w.s. versoek vir regstelling in terme van NEMA Artikel 47A(1)(b) en OIB-regulasie (27(4))
- Toevoeging van Gedeelte 7 van Plaas Vendussie Kuil No. 165 in die OM (gegewe dat 'n gedeelte van 'n voorgestelde pad die hoek van Gedeelte 7 van Plaas No. 165 sou kruis, wat tans nie by die OM ingesluit is nie, maar ingesluit is in die gekombineerde OIB-proses en verslagdoening vir die De Aar 2 Suid-WEF- en De Aar 2-Noord-WEF-projekte).

4. **Publieke Deelnameproses (geleentheid om kommentaar te lewer)**

Kennis word hiermee gegee van die aanvang van die proses van openbare deelname ingevolge die Wet op Nasionale Omgewingsbestuur (WNOB) Omgewingsimpakbepaling (OIB) Regulasies (2014), soos gewysig.

Belanghebbende en Geaffekteerde Partye (B&GPe) word uitgenooi om as B&GPe te registreer en kommentaar te lewer op die konsepwysigingsmotiveringsverslag vir bogenoemde projek (wat die bygewerkte Aansoekvorm vir Wysiging van die OB insluit), gedurende 'n **30 dae B&GP-kommentarydperk (uitgesluit die tydperk 15 Desember – 5 Januarie), d.w.s. 2 Desember 2022 – 23 Januarie 2023.**

(Let wel: Indien u hierdie korrespondensie lees in u hoedanigheid as 'n verteenwoordiger van 'n Staatsdepartement of Staatsorgaan, neem asseblief kennis van die volgende: Ingevolge Artikel 240 van die Wet op Nasionale Omgewingsbestuur (NEMA) en Regulasies 7(2) en 43(2) van die Omgewingsimpakbepaling (OIE) Regulasies, 2014, soos gewysig, word enige Staatsdepartement wat 'n wet administreer met betrekking tot 'n aangeleentheid wat die omgewing relevant tot die aansoek raak hiermee versoek om binne 30 dae kommentaar te lewer (d.w.s. teen 23 Januarie 2022) op die konsepwysigingsmotiveringsverslag).

Afskrifte van die konsepwysigingsmotiveringsverslag sal soos volg beskikbaar wees gedurende die 30 dae B&GP-kommentarydperk:

- 'n Elektroniese kopie sal beskikbaar wees vir aflaai op die Holland & Associates Environmental Consultants webwerf (www.hollandandassociates.net).
- 'n Harde kopie van die konsepwysigingsmotiveringsverslag sal vir besigtiging by die Hennie Liebenberg Openbare Biblioteek in De Aar ingedien word.

- Op versoek sal die konsepwysigingsmotiveringsverslag via elektroniese lêeroordrag of Dropbox-skakel aan B&GPe beskikbaar gestel word. 'n Dropbox-skakel sal ook in die omslag-e-pos voorsien word vir kennisgewings wat per e-pos aan B&GPe gestuur word.

4. Pad vorentoe

B&GPe word uitgenooi om die konsepwysigingsmotiveringsverslag te hersien en daarop kommentaar te lewer gedurende die 30-dae B&GP-kommentaartydperk (**uitgesluit die tydperk 15 Desember – 5 Januarie**), d.w.s. **2 Desember 2022 – 23 Januarie 2023**. Indien u enige kommentaar het, dien asseblief u skriftelike kommentaar per pos of e-pos aan me Tilly Watermeyer van Holland & Associates Environmental Consultants (e-pos: tilly@hollandandassociates.net of pos: PostNet Suite #108, Privaatsak X12, Tokai, 7966 Tel: 060 319 1217) op of voor **23 Januarie 2023**.

Alle kommentaar wat gedurende die 30 dae B&GP-kommentaartydperk ontvang word, sal aangeteken word en daarop gereageer word in 'n Kommentaar- en Antwoordverslag, wat ingesluit sal word in die finale Wysigingsmotiveringsverslag, wat aan DFFE voorgelê sal word vir goedkeuring.

(Let wel: Wet op die Beskerming van Persoonlike Inligting, 2013 (Wet 4 van 2013) Vrywaring: Jy ontvang korrespondensie met betrekking tot die bogenoemde projek, aangesien jou kontakbesonderhede in die Registered Interested & Affected Partys (B&GPe) databasis vasgelê is vir die projek, ingevolge die Omgewingsimpak-assessering (EIA) Regulasies (2014), soos gewysig1, verorden ingevolge die Nasionale Omgewingsbestuurswet (NEMA) (No. 107 van 1998), soos gewysig. Indien u verwyder wil word vanaf die B&GPe-databasis op enige stadium, stel asseblief die ondergetekende in kennis. Neem asseblief kennis dat deur nie op hierdie korrespondensie te reageer, ons verstaan dat u instem dat u kontakbesonderhede in die geregistreerde B&GPe-databasis bly en om verdere korrespondensie met betrekking tot die voorgestelde projek te ontvang. In die geval van 'n appèlproses, sal die besonderhede van geregistreerde B&GPe aan 'n appellant beskikbaar gestel word sodat geregistreerde B&GPe ingelig kan word en aan die appèlproses kan deelneem. Geïnformeerde B&GPe-inligting sal aan die Omgewingsimpak-assesseringspraktisyn (EAP) of onafhanklike persoon beskikbaar gestel word vir kennisgewingsdoeleindes van die indiening van die omgewingsouditverslag. Verder tot bogenoemde, neem asseblief kennis dat dit die verantwoordelikheid van geregistreerde B&GPe is om die Omgewingsimpak-assesseringspraktisyn (EAP) in kennis te stel indien hulle kontakbesonderhede bygewerk moet word (indien hulle wil voortgaan om korrespondensie te ontvang met betrekking tot enige omgewingsgoedkeurings-/magtigingsprosesse vir die projek).

Indien u enige verdere inligting verlang of enige navrae het, kontak asseblief die ondergetekende.

Die uwe

TILLY WATERMEYER (BSc Hons, MSc.)

NICOLE HOLLAND (Reg. EAP (EAPASA); Pr Sci Nat)
