

# Ground Floor Plan

SCALE 1:500 @ A1

- All work is to be done in accordance with the National Building Regulations.  
 - All materials and workmanship are to comply with the National Building Regulations.  
 - This drawing is not to be scaled. Figured dimensions are to be used. All dimensions are in millimeters unless otherwise stated.  
 - All dimensions and levels must be checked on site by the contractor before putting work in hand.  
 - For any discrepancies in the drawings are to be referred to the architect before putting work in hand.  
 - The contractor must obtain the architect's written confirmation of any instructions which are to be carried out on the contract before putting work in hand.  
 - All voids, suspended ceilings and partitions to be erected in accordance with the National Building Regulations.  
 - All mechanical and electrical work is to be done in accordance with the National Building Regulations.  
 - Contractors and sub-contractors are to check all scale dimensions to be taken in preference to the architect's drawings.  
 - The architect is to be notified of any variations, omissions or errors in the drawings by the contractor before putting work in hand.  
 - Each contractor shall be responsible for ensuring the structural stability of all components of his work capable of supporting all loads applied thereto.  
 - Brickwork ties & central joint by structural engineer
