

NOTICE OF ENVIRONMENTAL AUTHORISATION PROCESS (ENVIRONMENTAL IMPACT ASSESSMENT)

PROPOSED 2AFRICA/GERA (EAST) MARINE TELECOMMUNICATIONS CABLE SYSTEM LANDING AT DUYNEFONTEIN, WESTERN CAPE, SOUTH AFRICA

Proponent: MTN (Pty) Ltd, (hereafter referred to as “MTN”).

Alcatel Submarine Networks (ASN) has been contracted to install the proposed 2AFRICA/GERA (East) Cable System linking the coast of Africa with Europe and parts of the Middle East, with one of the South African landings at Duynefontein. This will be operated by MTN as the SA landing partner. The cable system will provide SA with enhanced reliability and capacity for various digital data services such as telecommuting, HD TV broadcasting, Internet services, video conferencing, advanced multimedia and mobile video applications.

Environmental Authorisation Process

Environmental Authorisation will be required from the competent authority, the national Department of Environment, Forestry and Fisheries (DEFF), in accordance with the Environmental Impact Assessment (EIA) Regulations of 2014 (as amended 2017) published under the National Environmental Management Act, 1998 (Act No. 107 of 1998). The project triggers activities deemed harmful to the environment in terms of Listing Notices 1 (GNR. 327), 2 (GNR. 325) and 3 (GNR. 324). DEFF is the competent authority for the issuing of environmental authorisation for this proposed development. There are other licenses/permits that may be required, which will be acquired in parallel to the environmental authorisation process, e.g. a Sea Shore Lease Permit from Cape Nature for the construction of structures on the seashore and a Water Use License from the Department of Human Settlements, Water and Sanitation (DHSWS).

On behalf of MTN, ACER will fulfil the role and responsibilities of Environmental Assessment Practitioner (EAP) to undertake the Environmental Impact Assessment and the associated public participation process, and to submit the required application and supporting documentation to DEFF and other relevant authorities for consideration and decision-making.
