Dear Annette

Apologies for missing your initial email.

We have not received a reference number from DALRRD for these projects.

Please see a list of affected farm portions in the table below:

Farm Portion	SG code
Remaining Extent of the Farm Bas Berg No. 88	C05700000000008800000
Remaining Extent of Portion 3 of the Farm Bas Berg No. 88	C05700000000008800003
Portion 4 (Portion of Portion 3) of the Farm Bas Berg No. 88	C05700000000008800004
Remaining Extent of Portion 2 (Middel Plaats) (a Portion of Portion 1) of the Farm Grasspan No. 40	C05700000000004000002
Remaining Extent of the Farm Annex Wolve Kuil No. 41	C05700000000004100000
Portion 1 (Wolve Kuil West) of the Farm Annex Wolve Kuil No. 41	C05700000000004100001
Portion 2 of the Farm Wolve Kuil No. 43	C05700000000004300002
Remaining Extent of the Farm Wolve Kuilen No. 42	C05700000000004200000

Kindly let us know if you require any additional information.

Thank you

Subject: RE: Submission of finals scoping reports for Kudu Solar Facilities 1-12, Northern Cape Province

Hi Annette

Thank you for your email. We will source the title deeds this week, along with the requested documents.

We will release the Draft EIA Reports by the end of the week. As a stakeholder on our database, you will receive all communication regarding the 12 Solar PV projects.

Please let me know if all is in order with the above?

Many thanks
Helen Antonopoulos

2. Comments received from the South African Civil Aviation Authority (SACAA)

Good day

With reference to your above- mentioned application, I hereby confirm that the proposed work installation is approved in terms of Section 29 of the Electronic Communications Act No. 36 of 2005 as amended.

No infrastructure of our Client (Openserve) will be affected by this proposal. We did our utmost to ensure that we indicate our route as accurate as possible and should you discover any of our cables that is not on the sketch please stop and contact us immediately to arrange a site meeting. **In the event that our cables are exposed and damaged/stolen by a third party the damages will be repaired at the customer's account. Please make use of pilot holes in order not too damage our infrastructure.** Therefore any damages occurred during construction of work will be repaired at the customer's account.

Although we are not affected by this proposal, Mr Vivian Groenewald must be contacted at telephone number [REDACTED] from our Network Field Services. Two (2) weeks prior to commencement of proposed work.

Approval of the proposed route is valid for six months. If construction has not yet commenced within this period, then the file must be resubmitted for approval.

Kind regards

Chris Schutte

Hi Suvasha,

Thanks for the prompt response and the KML files. It is appreciated.

Can the CSIR add us an I&AP on all RE projects across the country? We are continuously developing sites across various Provinces so it would be great to have sight of other projects that we can include in our own stakeholder databases for our projects, as well as take into consideration from a technical perspective.

I look forward to hearing from you.

Best Regards

Translation and Summary of Voice Notes sent to Stakeholder

Helen Antonopoulos (Text Message at 11:12 on 28/03/2023):

Good Morning Mr [REDACTED]

I phoned earlier this morning in relation to the environmental impact studies for the proposed development of the 12x Kudu Solar Facilities near Petrusville/ Philipstown in the Northern Cape.

Can you please confirm whether the following information regarding your farm portion is correct on our database:

- Portion 0 (RE) of Farm Farm 197 (also known as [REDACTED])
- SG code: C0570000000019700000

I would also like to confirm whether a farmhouse is located on the property.

You are more than welcome to contact me should you have any questions.

Thank you
Helen

[REDACTED] (Voice Note at 11:29 on 28/03/2023):

Hello, it's [REDACTED]. It would be good if you could phone me back. I don't really answer unknown numbers. The farm I stay on is called [REDACTED] and the solar facility will be located on a farm called [REDACTED], which is one of my livestock posts. Let's rectify this because I am worried that there might be a misunderstanding between the two farm names. It would be good if we could have a chat, thank you.

Helen Antonopoulos (Text Message at 13:28 on 28/03/2023):

Hi Sir, is it convenient to call you now? If not, please let me know which time will suit you so that we can chat about the farm portions.

[REDACTED] (Voice Note at 13:56 on 28/03/2023):

I am driving, but you can give me a call any time.

Helen Antonopoulos (Voice Note at 14:06 on 28/03/2023):

Hi Sir, apologies, the signal is extremely poor. Please let me know when is convenient to phone you back. Any time works for me, so whenever is most convenient for you. Thank you so much for your time and I look forward to chatting soon. Thank you.

[REDACTED] (Sent a location pin at 14:33 on 02/05/2023)

Helen Antonopoulos (Text Message at 14:37 on 02/05/2023):

Afternoon, Sir. Thank you so much for your time and helpfulness – I appreciate it! To confirm, the pin represents your farmhouse at [REDACTED]?

[REDACTED] (Sent thumbs up emojis at 14:39 on 02/05/2023)

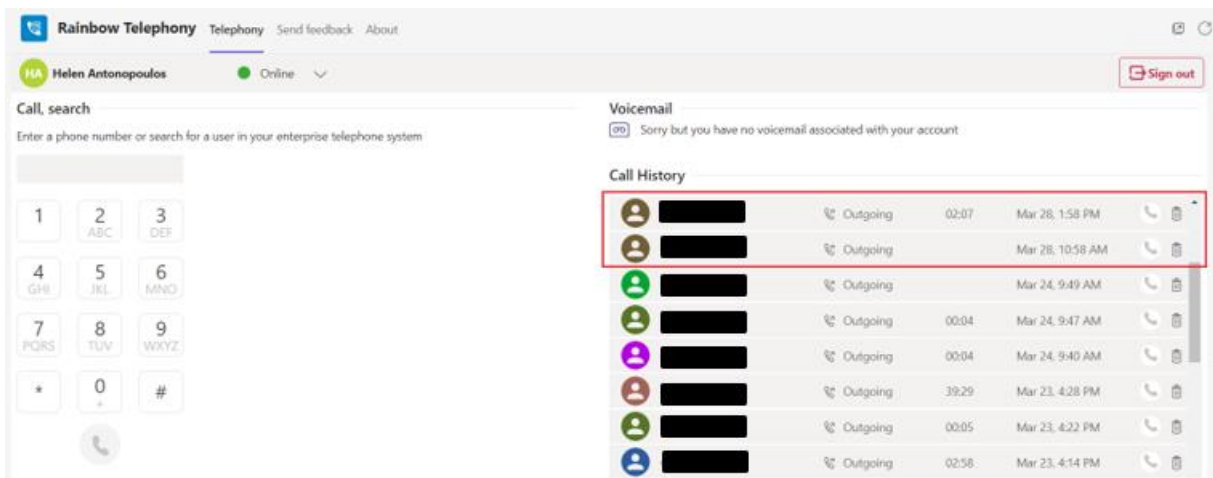

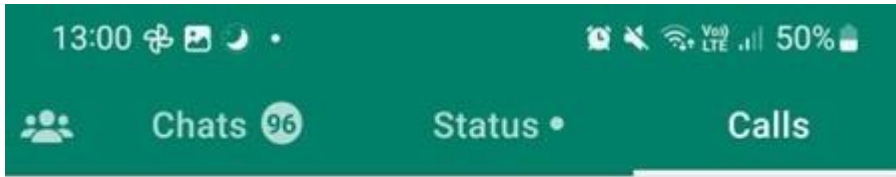

Helen Antonopoulos (Text Message at 14:40 on 02/05/2023):

Thank you very much!

ENVIRONMENTAL IMPACT ASSESSMENT REPORT: Scoping and Environmental Impact Assessment (EIA) Process for the Proposed Development of a Solar Photovoltaic (PV) Facility (Kudu Solar Facility 9) and associated infrastructure, near De Aar, Northern Cape Province

1. Copies of the content of the newspaper advertisements

NOTICE OF AVAILABILITY OF ENVIRONMENTAL IMPACT ASSESSMENT REPORTS FOR COMMENT FOR THE PROPOSED DEVELOPMENT OF TWELVE SOLAR PHOTOVOLTAIC (PV) FACILITIES AND ASSOCIATED INFRASTRUCTURE, NEAR DE AAR IN THE NORTHERN CAPE PROVINCE

Notice is hereby given that the Project Developer, ABO Wind renewable energies (Pty) Ltd, is proposing to develop twelve Solar Photovoltaic (PV) power generation facilities and associated infrastructure, such as, but not limited to, various structures, buildings, and Battery Energy Storage Systems (BESS), near De Aar in the Northern Cape Province. These projects are referred to as Kudu Solar Facility 1 to 12 (Projects 1 to 12). The proposed projects are located within the Renosterberg Local Municipality, which falls within the Pixley Ka Seme District Municipality. The Project Applicants are Kudu Solar Facility 1 (Pty) Ltd to Kudu Solar Facility 12 (Pty) Ltd.

The proposed PV facilities and associated infrastructure (i.e. Projects 1 to 12) will be constructed on a selection of the following farm portions: Remaining Extent of the Farm Bas Berg No. 88; Remaining Extent of Portion 3 of the Farm Bas Berg No. 88; Portion 4 (Portion of Portion 3) of the Farm Bas Berg No. 88; Remaining Extent of Portion 2 (Middel Plaats) (a Portion of Portion 1) of the Farm Grasspan No. 40; Remaining Extent of the Farm Annex Wolve Kull No. 41; Portion 1 (Wolve Kull West) of the Farm Annex Wolve Kull No. 41; Portion 2 of the Farm Wolve Kull No. 43; and Remaining Extent of the Farm Wolve Kullen No. 42.

In terms of the National Environmental Management Act (Act 107 of 1998, as amended) (NEMA) and the 2014 NEMA Environmental Impact Assessment (EIA) Regulations (as amended), the proposed Kudu Solar Facilities (Projects 1 to 12) will be subject to full Scoping and EIA (S&EIA) Processes, with a 107-day decision-making timeframe. Notice of the S&EIA Processes is thus given in terms of Regulation 41 (2) (c) of the 2014 NEMA EIA Regulations (as amended).

Separate Applications for EA were submitted to the Competent Authority, the Department of Forestry, Fisheries and the Environment (DFFE), in December 2022, with the Draft Scoping Reports for the Kudu Solar Facilities (Projects 1 to 12). The Final Scoping Reports were submitted to the DFFE in February 2023 and were accepted by the DFFE in March 2023. The proposed projects trigger various listed activities in the 2014 NEMA EIA Regulations (as amended); with GN R325 Listing Notice 2: Activity 1 serving as the main activity for the Kudu Solar Facilities (Projects 1 to 12).

Comment will also be sought from the South African Heritage Resources Agency (SAHRA) in terms of the National Heritage Resources Act (Act 25 of 1999). The S&EIA Processes will also confirm if a Water Use Authorisation is required in accordance with the National Water Act (Act 36 of 1998, as amended). An Integrated Public Participation Process is being undertaken for all the proposed projects, as well as all applications necessary in respect of other applicable legislation.

The Council for Scientific and Industrial Research (CSIR) has been appointed as the independent Environmental Assessment Practitioner (EAP) to undertake and manage the Environmental Assessment processes for the proposed projects on behalf of the Project Applicants.

Interested and/or Affected Parties (I&APs) are hereby notified of the release of the Draft EIA Reports for the Kudu Solar Facilities (Projects 1 to 12) for a 30-day review period, which will extend from **2 June 2023 to 3 July 2023** (excluding public holidays). The Draft EIA Reports can be downloaded from the following website: <https://www.csir.co.za/environmental-impact-assessment>

Should you be interested in registering as an I&AP and to provide comments on the Draft EIA Reports, you are kindly requested to e-mail your name, contact details, with an indication of any direct business, financial, personal or other interest which you may have in the applications, as well as comments, to the EAP at the CSIR: Rohaida Abed; E-mail: ems@csir.co.za; Postal address: Postnet Suite 367, Private Bag x10, Musgrave Road, 4062; Tel: 031 242 2300.

Note that the Electrical Grid Infrastructure (EGI) needed to facilitate connection of the Kudu Solar Facilities to the national grid will include 132 kV power lines, Switching Stations and Collector Stations at each Solar PV Facility (Kudu EGI Projects 13 to 24), an independent 400/132 kV Main Transmission Substation (MTS) (Kudu EGI Project 25), and a 400 kV Loop-In-Loop-Out (LILO) (Kudu EGI Project 26). Projects 13 to 26 are located within the Central Strategic Transmission Corridor that was gazetted in GN 113 in February 2018 and will be subjected to separate Environmental Assessment Processes. Separate notifications will be published, when reports are available for comment (as relevant), for Projects 13 to 26.

KENNISGEWING VAN DIE BESKIKBAARHEID VAN DIE OMGEWINGSIMPAKVERSLAE VIR KOMMENTAAR VIR DIE VOORGESTELDE ONTWIKKELING VAN TWAALF SON FOTVOLTAÏESE FASILITEITE EN MEEGAANDE INFRASTRUKTUUR, GELEË NABY DE AAR IN DIE NOORD-KAAP PROVINSIE

Hiermee word kennis gegee dat die Projek-Ontwikkelaar, ABO Wind renewable energies (Edms) Bpk, die ontwikkeling voorstel van twaalf Son Fotovoltaïese energie opwekkingsfasiliteite en meegaande infrastruktuur, insluitende verskeie strukture, geboue, en Battery Energie Bergingsstelsels ("BESS"), naby De Aar in die Noord-Kaap Provinsie. Hierdie projekte staan bekend as Kudu Son Fasiliteit 1 tot 12 (Projekte 1 tot 12). Die voorgestelde projekte is geleë in die Renosterberg Plaaslike Munisipaliteit wat val binne die Pixley Ka Seme Distrikmunisipaliteit. Die Projek-Aansoekers is Kudu Solar Facility 1 (Edms) Bpk tot Kudu Solar Facility 12 (Edms) Bpk.

Die voorgestelde Kudu Son Fasiliteite en meegaande infrastruktuur [Projekte 1 tot 12] sal ontwikkel word op 'n versameling van die volgende plaas gedeeltes: Restant van die Plaas Bas Berg 88; Restant van Gedeelte 3 van die Plaas Bas Berg 88; Gedeelte 4 (Gedeelte van Gedeelte 3) van die Plaas Bas Berg 88; Restant van Gedeelte 2 (Middel Plaats) (n Gedeelte van Gedeelte 1) van die Plaas Grasspan No. 40; Restant van die Plaas Annex Wolve Kull 41; Gedeelte 1 (Wolve Kull West) van die Plaas Annex Wolve Kull 41; Gedeelte 2 van die Plaas Wolve Kull No. 43; en Restant van die Plaas Wolve Kullen No. 42.

Die voorgestelde Kudu Son Fasiliteite 1 tot 12 (Projekte 1 tot 12) is onderhewig aan 'n volle Bestekopname- en Omgewingsimpakstudieproses (B&OIS-Proses) met 'n besluitnemingstermyn van 107 dae, in terme van die Nasionale Omgewingsbestuurswet [Wet No. 107 van 1998, soos gewysig] (NEMA) en die 2014 NEMA OIS-Regulasies (soos gewysig). Kennis word dus hiermee gegee van die OIS-Prosesse in terme van Regulasie 41 (2) (c) van die 2014 NEMA OIS-Regulasies (soos gewysig).

Afsonderlike aansoek vir Omgewingsgoedkeuring was in Desember 2022 ingedien by die beherende owerheid, nl. die Departement van Bosbou, Visserye en die Omgewing ("DFFE"), tesame met die Konsep Bestekopname Verslae vir die Kudu Son Fasiliteite 1 tot 12 (Projekte 1 tot 12). Die Finale Bestekopname Verslae was ingehandig by die "DFFE" in Februarie 2023 en aanvaar in Maart 2023. Verskeie gelyste aktiwiteite in die 2014 NEMA OIS-Regulasies (soos gewysig) is van toepassing op die voorgestelde projekte met GN R325 LN 2: Aktiwiteit 1 wat dien as die hoof aktiwiteit vir die Kudu Son Fasiliteite (Projekte 1 tot 12).

Kommentaar sal ook verkry word vanaf die Suid-Afrikaanse Erfenisultronagenskap ("SAHRA") in terme van die Wet op Nasionale Erfenisultronbronne (Wet 25 van 1999). Die B&OIS-Prosesse sal ook bevestig indien 'n Waterverbruikslisensie vereis word ingevolge die Nasionale Water Wet (Wet 36 van 1998, soos gewysig). 'n Geïntegreerde Publieke Deelname Proses word tans onderneem vir die voorgestelde projekte, asook alle aansoekers soos vereis ingevolge ander relevante omgewingswetgewing.

Die Wetenskaplike Nywerheids- en Navorsingsraad (WNNR) is aangestel as die onafhanklike Omgewingskonsultant ("EAP") om hierdie omgewingsimpak-prosesse te behartig en te bestuur namens die Projek-Aansoekers.

Geïnteresseerde en/of Belanghebbende Partye (G&BPs) word hiermee in kennis gestel van die vrylating van die Konsep-Omgewingsimpakverslae vir die Kudu Son Fasiliteite [Projekte 1 tot 12] vir 'n 30-dae kommentaar periode, wat sal strek vanaf **2 Junie 2023 tot 3 Julie 2023** (uitsluitend publieke vakansiedae). Die Konsep-Omgewingsimpakverslae kan afgelaai word by hierdie webtuiste: <https://www.csir.co.za/environmental-impact-assessment>

Sou u belangstel om te registreer as 'n G&BP en om kommentaar te lewer op die Konsep-Omgewingsimpakverslae, word u vriendelik versoek om u naam en kontakbesonderhede te e-pos, asook 'n aanduiding van enige direkte, besigheids, finansiële, persoonlike of ander redes vir u moontlike belangstelling in die aansoek, aan die EAP by die WNNR: Rohaida Abed; E-pos: ems@csir.co.za; Posadres: Postnet Suite 367, Private Bag x10, Musgrave Road, 4062; Tel: 031 242 2300.

Die meegaande elektriese netwerk infrastruktuur ("EGI") projekte behels 132 kV kraglyne, onvanger- en skakelstasies by elke Son Fasiliteit (Kudu EGI Projek 13 tot 24), 'n onafhanklike 400/132 kV hoofvoordragstasie (Kudu EGI Projek 25), en 'n 400 kV "Loop-In-Loop-Out" ("LILO") (Kudu EGI Projek 26) ter aansluiting by die nasionale elektriese netwerk. Projekte 13 tot 26 is geleë in die Sentrale Strategiese Oordrag Korridor [Staatskennisgewing 113 in Februarie 2018] en is onderhewig aan afsonderlike Omgewingsstudie-Prosesse. Afsonderlike kennisgewings sal gepubliseer word vir Projekte 13 tot 26 sodra die verslae beskikbaar is vir kommentaar (soos relevant).

Kanker eis 80's se 'treobadoer'

Die Treobadoer, oftewel Ed van Wyk, wat gehore veral in die 1980s met liedjies soos 'Sommer so, sonder rede' en 'Sé vir Madelein' vermaak het...

Ed van Wyk in sy Treobadoer-kostuum. FOTO: BODOBYU

met hoed en al is in 'n stadium nietemin gesteel, waarna hy onder sy eie naam opgetree het. Edwin van Wyk is op 3 September 1951 in Johannesburg gebore en het in 1984 sy eerste langspeelplaat opgeneem. Boet Pretorius en André Viljoen van die destydse Diebcel Musiek het...

BOEREWORS ENTHUSIASTS INVITED

Shoptite and Checkers are calling all chefs, cooks and boerewors enthusiasts to enter their recipes into the 31st annual Championship Boerewors competition.

Entries close on 16 June and apart from the title, the winner gets a Toyota Fortuner valued at R650 000, and R20 000 cash. Visit championshipboerewors.co.za.

Hulde gebring aan rugbylegende van NK

Die rugbylegende Pieter James Pretorius, wat op 19 Mei oorlede is. FOTO: NICK PRETORIUS

Familie en vriende het verlede week hulde aan 'n ontslap rugbylegende van Uptington, Pieter James Pretorius, gebring.

Boeta Pikes, soos Uptington se mensie hom geken het, is op 19 Mei by sy huis in die rype ouderdom van 92 jaar oorlede ná 'n stryd met prostaatkanker. Boeta Piet, Pa of oom Pietie, soos sy naasbeslerters hom genoem het, was 'n briljante skrumkaker in die 1950s en 1960s. Hy het Springbok-keure in die destydse Kleurling Rugby-unie verwerf toe Suid-Afrikaanse rugby in die apartheidsera verdeeld was. Pretorius het in 'n rekordgetal van 12 Rhodes-toernoie gespeel en in die laat 1950s en in 1963 twee keer vir die destydse Kleurling Springbokspan teen 'n Swart Suid-Afrikaanse vyftal uitgedraf. Hy was veremfde agter die skrum met sy kranke en lang en sekur aangevoerk. Sy taktiese skoppe en brekslae rondom die skrum het sy teenstanders ontenu. Pretorius was ook 'n kranige tennis- en ghoëlspeeler en moes soms albei sportsoorte sonder enige professionele afrigting beoefen. Sy vrou en voormalige spanmaat Deen 'Tonna' Mouton, wat self die gesogte Groen en Goud oor sy skouers getrek het, het hulde aan die reus van rugby gebring. Pretorius was ook 'n kranige tennis- en ghoëlspeeler en moes soms albei sportsoorte sonder enige professionele afrigting beoefen. Sy vrou en voormalige spanmaat Deen 'Tonna' Mouton, wat self die gesogte Groen en Goud oor sy skouers getrek het, het hulde aan die reus van rugby gebring. "Ek het die voorreg gehad om vier Rhodes-toernoie van 1963 tot 1969 saam met Pietie te speel.

toe geen punte opgelewer het nie. NWK het die span van Griekwaland-Wes in die halfeindstryd met 6-3 geklop om sodoende vir WP aan te duif. Pretorius was 'n onderwyser van beroep en het 40 jaar lank sy plek in die opvoekende veld gestaan, waarna hy in 1991 die tuig neergeê het. Hy was geliefd onder sy leerlinge en was altyd by skoleport betrokke. Sy oudste seun, Neil, het soos sy pa vir die plaaslike Collegians-klub en NWK op lossakel uitgedraf. Toe Neil op kollege was, het hy provinsiale rugby as 19-jarige vir die destydse Transvaal gespeel. "My pa het altyd vir my gesê: 'Speel die oomblik en dink en fokus wat jy die volgende oomblik gaan doen'. Hy het nooit probeer om my coach te wees nie," sê Neil. Pretorius word ook vir grappies onderhou waarvoor oud-rugbyspelers nog steeds kan lag. "Pa se liefde vir sy kinders en kleinkinders en sorgsaamheid tenoor ons almal as gesinslede was vir ons baie spesiaal. Ons het baie dae van geluk en hlydskap in ons gesinslede geniet," sê sy vrou, die 92-jarige Merca. Hy word oortref deur sy vrou, twee seuns, Neil en Deon, en twee dogters, Merle en Lollie. Pretorius se begrafnis het Saterdagoggend (27/05) in Uptington plaasgevind. - Nick Pretorius

Trakteer inwoners

Vroue van die NG kerk Kimberley in Blackstraat het onlangs besoek gebring aan die inwoners van die Solly Acamp-huis vir volwassenes met fisiese gestremde. Nie net is heertlike eetgoed verskaf nie, maar elke inwoner het 'n knie-kombers en 'n sakkie met toiletwater ontvang. Sonkragstraatligte in dorp opgerig

Die Uptington-tak van AfriForum het onlangs nuwe straatligte in die strate van die Dawid Kruiper-munisipaliteit opgerig omdat die huidige ligte nie meer hul doel dien die oomblik dat die son sak nie. Weens die donker strate is daar boonop 'n toename in misdaad. Die tak het vier sonkragstraatligte op pale van 6 m hoog op private eiendom in Olyvenhousdrift opgerig. Die ligte is doeltreffend op hierdie eiendom opgerig om te voorkom dat die munisipaliteit dit verwyder. Die ligte skyn op die straat en werk met 'n dag-nag-skakelaar. Die foutieve straatligte is al menige kere by die inbêreentrum van die munisipaliteit aangemeld, maar sonder dat by die kwessie ingegryp is. Die munisipaliteit se tegniese afdeling pak die skuld op beurkrag. Omdat die dag-nag-skakelaar weens beurkrag beskadig word, sakkel die munisipaliteit eerder die straatligte af. Indien hierdie skakelaar sou uitbrand, brand die straatligte gevolglik net in die dag. Volgens Wemer Strauss, AfriForum-distrikskoordineerder vir die Kalahari, beplan die Uptington-tak om die straatligte ook in ander woonbuurte te bedryf. Die organisasie sal met die gemeenskap daaroor kommunikeer. Vir inligting stuur 'n e-pos na wemer.strauss@afriforum.co.za.

How Antimicrobial Resistance is slowly becoming a silent pandemic.

ANTIMICROBIAL Resistance is a phenomenon where disease causing microorganisms such as bacteria and fungi defeat the medication that was designed to kill them.

These medications are known as antibiotics and antifungals. Bacterial and Fungal infections are commonly caused by the consumption of unclean water, unhygienically prepared food, poor hygiene, and sanitation. Antimicrobial medication is used to combat such infections. However, the misuse and overuse of antimicrobials may lead to resistance. Antimicrobial resistance may lead to unpleasant consequences such as hospitalization, increased medical costs and death.

Antimicrobial resistance is a serious threat to public health and the environment. To prevent antimicrobial resistance, we need to use antibiotics wisely and responsibly. This means washing our hands frequently, recognizing the signs of an infection and seeking medical help when needed, following the instructions of our healthcare professionals when taking antibiotics, avoiding unnecessary or inappropriate use of antibiotics, never sharing, or using leftover antibiotics, preparing food safely, and getting vaccinated against common diseases. *Article by: Snylwe Makaka.*

Winter items vir minderbevoorregtes

DIE winterseisoen is hier en daar is diegene wat vanjaar weer gaan bibber van die koue omdat hulle maar oor skrale toebehoere en kleding beskik en ook nie die lunkheide het om hulle teen die koue te beskerm nie.

Daar is tans 'n groot behoefte vir winter items en komberse vir 'n groot getal inwoners van die dorp. Volgens maatskaplike organisasies op die dorp is daar in hierdie dae mense wat baie bekommerd is oor die winterseisoen wat in aantog is, omdat daar diegene onder hulle is wat werkloos is of waar daar 'n klein inkomste is in 'n huisgesin en hulle nie warm items of genoegsame voedsel kan bekostig nie. Sulke items soos kortlomme kiere kan aan hulpbehoewende persone voorsien word om hulle teen koue weer te beskerm tydens die winterseisoen.

Inwoners wat items vir minderbevoorregtes wil skenk kan met die ACVV of enige welsynorganisasie in verbinding tree.

Internasionale Verpleegsterdag gevier

DE AAR – 12 Mei staan jaarliks bekend as Internasionale Verpleegsterdag ter ere van verpleegsters wat hulle kennis en tyd met pasiënte en toegewydheid ten bate van pasiënte inspan. Verpleegsters word alreëwêers as die hartklop van gesondheidsorg erken.

Verpleegsters lever 'n onskatbare bydrae tot die gesondheid van mense. Hulle het die praktiese kennis om 'n model van dienslewering te ontwerp, te koördineer en om dit effektief te implementeer. Hulle is daar om ons in te lig, te adviseer en te ondersteun. Hulle bereik mense in die armste gemeenskappe waar hulle soms die enigste hulbron vir gesondheidsdienste is.

Om versorging aan ouer persone te gee is 'n ongelooftlike beroepskeuse. Die werk is in 'n fiese en geestelike veeleisende werksomgewing en daar word gesorg vir ander teryl verpleegsters vir lang ure weg is van hul gesin, vir 'n klein salaris. Daarom weet ons dat die versorging van weerlose persone 'n roeping is en nie net 'n werk nie.

Laerskool St John's se pragtige skoolkoor het Donderdag, 25 Mei na Kimberley vertrek om deel te neem aan die Provinsiale SA Schools Choral Eisteddfod. Hulle is vergees deur Me C Hermanus en Me N le Roux. Die koor het goed gevaar en die skool is trots op die leiers.

Julia Maine saam met Andre Snyman en Andre de Wet.

Julia Mayne saam met me Des Bayley tydens haar onlangse besoek.

Uitruil student besoek dorp na jare

DE AAR – Julia Mayne, 'n uitruilstudent vanaf Melbourne Australie in Januarie 1982 het De Aar weer onlangs, na 41 jaar besoek.

Julia word in De Aar as matriekstudent in 1982 geplaan, net vir ses maande. Die laaste ses maande van die jaar bring sy in Port Elizabeth deur.

As matriekstudent besluit Julia om haar vakkeuse so te verander dat sy meer tyd sal lê om De Aar en sy mense beter te leer ken. Dit veroorsaak dan dat sy in 1983 haar volle matriekjaar weer in Australie moet herhaal.

gedurende hierdie ses maande in De Aar woon Julia by vyf verskillende Rotarier families, naamlik: Frankie Sequera, Danny Elize Muller, Attie en Velena Barnard, Jimmy en Yvonne Shee en DK de Wet en familie.

Volgens haar ou klasmaats, Suzette Nieuwoud en Sakkie Pieterse kon Julia natuurlik geen Afrikaans praat nie, maar na ses maande het sy haar toespraak tydens die laaste saalbyeenkoms vlot in Afrikaans gedoen. Julia is ook Frans en Duits magtig. Sy speel tennis en is luidiglik deel van 'n musiekgroep en sy bespeel die klawerbord.

Sy het die afgelope 41 jaar kontak gehou met baie De Aar-riete en het spesiaal 'n motor gehuur om 'n oggend by Des Bayley deur te bring. Julia het gedurende haar besoek aan SA 'n volledige dagboek gehou en dit was heerlik om al die staaljijs en herinneringe weer saam met haar te herleef.

Vir haar was die gasvryheid van die De Aar gemeenskap iets wat haar die meeste opgeval het en sy beskou De Aar nog steeds as haar tweede tuis. Julia woon tans in Canberra, Australië — sy is getroud en het twee seuns.

Sonder Sorge se personeel dra hulle nuwe golf hempies met trots en is dankbaar vir mnr Frankie Sequiera vir die borg van die hemde.

REGSTELLING: The De Aar, Hanover and Renosterberg Project staff members of FARR with Dr Leana Olivier.

NOTICE OF AVAILABILITY OF ENVIRONMENTAL IMPACT ASSESSMENT REPORTS FOR COMMENT FOR THE PROPOSED DEVELOPMENT OF TWELVE SOLAR PHOTOVOLTAIC (PV) FACILITIES AND ASSOCIATED INFRASTRUCTURE, NEAR DE AAR IN THE NORTHERN CAPE PROVINCE

Notice is hereby given that the Project Developer, ABO Wind renewable energies (Pty) Ltd, is proposing to develop twelve Solar Photovoltaic (PV) power generation facilities and associated infrastructure, such as, but not limited to, various structures, buildings, and Battery Energy Storage Systems (BESS), near De Aar in the Northern Cape Province. These projects are referred to as Kudu Solar Facility 1 to 12 (Projects 1 to 12). The proposed projects are located within the Renosterberg Local Municipality, which falls within the Pixley Ka Seme District Municipality. The Project Applicants are Kudu Solar Facility 1 (Pty) Ltd to Kudu Solar Facility 12 (Pty) Ltd.

The proposed PV facilities and associated infrastructure (i.e. Projects 1 to 12) will be constructed on a selection of the following farm portions: Remaining Extent of the Farm Bos Berg No. 88; Remaining Extent of Portion 3 of the Farm Bos Berg No. 88; Portion 4 (Portion of Portion 3) of the Farm Bos Berg No. 88; Remaining Extent of Portion 2 (Middle Plots) (a Portion of Portion 1) of the Farm Grasspan No. 40; Remaining Extent of the Farm Annes Wolke Kull No. 41; Portion 1 (Wolke Kull West) of the Farm Annes Wolke Kull No. 41; Portion 2 of the Farm Wolke Kull No. 43; and Remaining Extent of the Farm Wolke Kullen No. 42.

In terms of the National Environmental Management Act (Act 107 of 1998, as amended) (NEMA) and the 2014 NEMA Environmental Impact Assessment (EIA) Regulations (as amended), the proposed Kudu Solar Facilities (Projects 1 to 12) will be subject to full Scoping and EIA (S&EIA) Processes, with a 107-day decision-making timeframe. Notice of the S&EIA Processes is thus given in terms of Regulation 41 (2) (c) of the 2014 NEMA EIA Regulations (as amended).

Separate Applications for EA were submitted to the Competent Authority, the Department of Forestry, Fisheries and the Environment (DFFE), in December 2022, with the Draft Scoping Reports for the Kudu Solar Facilities (Projects 1 to 12). The Final Scoping Reports were submitted to the DFFE in February 2023 and were accepted by the DFFE in March 2023. The proposed projects trigger various listed activities in the 2014 NEMA EIA Regulations (as amended), with GN R325 listing Notice 2: Activity 1 serving as the main activity for the Kudu Solar Facilities (Projects 1 to 12).

Comment will also be sought from the South African Heritage Resources Agency (SAHRA) in terms of the National Heritage Resources Act (Act 25 of 1999). The S&EIA Processes will also confirm if a Water Use Authorisation is required in accordance with the National Water Act (Act 36 of 1998, as amended). An Integrated Public Participation Process is being undertaken for all the proposed projects, as well as all applications necessary in respect of other applicable legislation.

The Council for Scientific and Industrial Research (CSIR) has been appointed as the independent Environmental Assessment Practitioner (EAP) to undertake and manage the Environmental Assessment processes for the proposed projects on behalf of the Project Applicants.

Interested and/or Affected Parties (I&As) are hereby notified of the release of the Draft EIA Reports for the Kudu Solar Facilities (Projects 1 to 12) for a 30-day review period, which will extend from 2 June 2023 to 3 July 2023 (excluding public holidays). The Draft EIA Reports can be downloaded from the following website: <https://www.csir.co.za/environmental-impact-assessment>

Should you be interested in registering as an I&AP and to provide comments on the Draft EIA Reports, you are kindly requested to e-mail your name, contact details, with an indication of any direct business, financial, personal or other interest which you may have in the applications, as well as comments, to the EAP at the CSIR: Rohaida Abed; E-mail: roahaida@csir.co.za; Postal address: Postnet Suite 367, Private Bag 10, Musgrave Road, 4062; Tel: 031 242 2300.

Note that the Electrical Grid Infrastructure (EGI) needed to facilitate connection of the Kudu Solar Facilities to the national grid will include 132 kV power lines, Switching Stations and Collector Stations at each Solar PV Facility (Kudu EGI Projects 13 to 24), an independent 400/132 kV Main Transmission Substation (MTS) (Kudu EGI Project 25), and a 400 kV Loop-In-Loop-Out (LILCO) (Kudu EGI Project 26). Projects 13 to 26 are located within the Central Strategic Transmission Corridor that was gazetted in GN 113 in February 2018 and will be subjected to separate Environmental Assessment Processes. Separate notifications will be published, when reports are available for comment (as relevant), for Projects 13 to 26.

Meisie leef droom uit met ambulans-partytjie

Lientje Mentz

Paramedici van ER24 het 'n negejarige van Bloemfontein wat graag eendag 'n paramedikus wil word op haar verjaardag bedierf.

Jamie-Lee Henning (9), wat deur haar ouma Mandie Henning grootgemaak word, het in haar kelderdaer na die nagcrêche by die Bloemfontein Mediclinic gegaan waar Mandie as verpleegkundige werk.

"Vandat Jamie-Lee kon loop, het sy na die ambulans toe gegaan om te gaan groet. Sy gaan kuier nou nog gereeld daar," sê Mandie.

Jamie-Lee is 'n gr. 3-leerling aan die Laerskool Jim Fouche. "Sy wil graag eendag 'n

paramedikus word," sê Mandie. "By die skool loop sy gereeld met haar ER24-noodhulpak rond en kyk waar sy 'n pleister kan plak en kan help."

Mandie sê Jamie-Lee wou vir haar negende verjaardag op 13 Mei graag 'n ambulans-partytjie hou.

"Ek het Lucas Bezuidenhout van ER24 gevra of hulle kan help, en hy het dadelik ingestem. Jamie-Lee was uit haar vel en hulle het haar grootste verwagtinge oortref."

Die paramedici het gevoels hoe hulle hul werk doen en hoe alles in die reddingsvoertuig werk.

"Dit was so wonderlik dat die personeel van ER24 haar dag so spesiaal gemaak het," sê Mandie.

By die ontvangs van die korbse is van links Heidi Morgan (bestuurder van Bloemshelter), Lucy Motaung, Louise van der Merwe en Lucielle Kreling (Bloemuu).

Projek omvrou vroue

Lientje Mentz
lientje.mentz@media24.com

Die inwoners van Bloemshelter, wat tydelike verblyf bied vir vroue en hul kinders wat die een of ander vorm van mishandeling of geslagsgeweld beleef het, het op 24 Mei korbse ontvang.

Lucielle Kreling, konsultant vir geklassifiseerde advertensies in Bloemuu, het korbse ingesamel om aan 20 van die inwoners te skenk.

Die regsmaats McIntyre & Van der Post, Honey-prokureurs en Emmanuel-begramisondernemers is van die ondernemings wat 'n bydrae gelewer het.

Heidi Morgan, bestuurder van Bloemshelter, sê hulle is dankbaar vir skenkings soos hierdie.

"Die gemeenskap is goed vir ons en help dat ons vir die vroue 'n huislike atmosfeer kan skep."

Sy sê dit is vir hulle belangrik dat vroue wat hier bly, bemagtig word en kennis opdoen wat

kan gebruik nadat hulle die skilling verlaat.

En van die projekte wat nou 'n meer permanente plek by Bloemshelter gekry het, is die winkel waar mense klere en skoene kan skenk en die gemeenskap dit teen uters billike pryse kan koop.

"Die liefdadigheidswinkel was aanvanklik net Vrystad, maar nou is dit 'n permanente tuiste het, is lede van die gemeenskap welkom om enige tyd hier te kom koop."

Smullekkertes wag op Franse Wintermark

Lientje Mentz

Heerlike winterweer word voorspel vir Saterdag (03/06) se Franse Wintermark by Villa Avianto in Kwaggatfontein.

Die mark begin om 08:00 en duur tot 15:00. Van die eetgoed waarna markgangers kan uitsien, is gourmet- en heerlike brode, goeie wyn, tradisionele gebraaide hoender en varsgabak.

Vir die kinders is daar 'n outydse speelpark met 'n glyplank, swaai en hobbelpedjies. 'n Springkasteel, sandput, swaai en plaasdiere is ook hier vir die kinders se vermaak.

Vir die dops is daar mikrobieer en jenever, asook barista-koffie teen die vroegere koue.

Uitstallers bied, onder meer, 'n verskeidenheid kosstellietjies, fyngebak wat heerlike kook insluit,

'n verskeidenheid kaas en ander lekkernye.

Daar is ook uitstallers wat byvoorbeeld ontwerpverskiers vir volwassenes, babaklere, juwele, haarkostigehede en verskeie handgemaakte hout- en leer-produkte teen toon stel.

Mooi dekor-artikels vir die huis kan ook op die mark gekoop word. Daar is 'n groot verskeidenheid handgemaakte seep, serpe, rome, kerse en vele meer – voorwaar 'n mark met gehalteprodukte en 'n heerlike atmosfeer.

Die bekende Bloemfonteinse musikant Petro Engelbrecht gaan gaste met trekklavier-musiek vermaak.

Toegang kos R30 vir volwassenes en R10 vir laerskoolkinders.

Kinders jonger as ses jaar kry gratis toegang.

Vir meer inligting skakel 083-328-4872 of besoek villa-avianto.co.za.

Markgangers kan daarna uitsien om in die velle omringing van die Franse Wintermark te kuier. Foto: Lientje Mentz

ADVERTEERERSNUUS

Restaurant heropen ná opknappings

Lientje Mentz

Opknappings by die Mediclinic Bloemfontein is onlangs op 'n gesellige bekend gestel met die opening van die Vivé Café Restaurant.

Die hospitaal se twee koffiewinkels het saamgesmelt in 'n gesellige restaurant wat die ruimte, toeganklikheid en sigbaarheid verbeter met die winkel en restaurant in twee aparte ruimtes.

Vivé Café Restaurant se toegang is van binne die hospitaal en sal uiteindeelik 100 sitplekke vir gaste bied.

Die restaurant sal nie net aansittende bedene nie, maar pasiënte van Mediclinic sal ook van die spyskaart af kan bestel met aflewerings wat in sake-ure kan plaasvind.

Carl Bühmann, hospitaalbestuurder, sê die opening van Vivé Café asook die opgeknapte badkamers op die grondverdieping, is net die begin van talle opknappings wat gaan volg.

Daar word ook nou reeds gewerk aan 'n toelatings-sikamer wat toelatings sal vergemaklik met ander verbeterings wat binnekort volg.

Met heropening van Vivé Café is van links Carl Bühmann (hospitaalbestuurder), Helen Maritz en George Cowley (albei van Vivé Café). Foto: Lientje Mentz

KENNISGEWING VAN DIE BESKIKBAARHEID VAN DIE OMGEWINGSIMPAKVERSLAE VIR KOMMENTAAR VIR DIE VOORGESTELDE ONTWIKKELING VAN TWAALF SON FOTOVOLTAÏESE FASILITEITE EN MEEGANGENDE INFRASTRUKTUUR, GELEË NABY DE AAR IN DIE NOORD-KAAP PROVINSE

Hiermee word kennis gegee dat die Projek-Ontwikkelaar, ABO Wind renewable energies (Edms) Bpk. die ontwikkeling voorval van twaalf Son Fotovoltaïese energie opknappingsfasiliteite en meegangende infrastruktuur, insluitende verskeie strukture, geloesse en Battery-Energie Bergingsisteme ("BESS"), naby De Aar in die Noord-Kaap Provinsie. Hierdie projekte staan bekend as Kudu Son Fasiliteit 1 tot 12 (Projekte 1 tot 12). Die voorgestelde projekte is gelei in die Renostersberg Prosaïe Makro-omgewings-plan wat val binne die Friday-Kol-Some-Direktoriespandiel. Die Projek-Aansoekers is Kudu Solar Facility 1 (Edms) Bpk tot Kudu Solar Facility 12 (Edms) Bpk.

Die voorgestelde Kudu Son Fasiliteite en meegangende infrastruktuur (Projekte 1 tot 12) sal ontwikkel word op 'n versameling van die volgende plekke: Gedeelte 1 van die Ploos Bos Berg 88; Restant van Gedeelte 3 van die Ploos Bos Berg 88; Gedeelte 4 (Gedeelte van Gedeelte 3) van die Ploos Bos Berg 88; Restant van Gedeelte 2 (Rivier Plaas) 'n Gedeelte van Gedeelte 1) van die Ploos Graspan No. 40; Restant van die Ploos Annax Wolwe Kull 41, Gedeelte 1 (Wolwe Kull) West van die Ploos Annax Wolwe Kull 41, Gedeelte 2 van die Ploos Wolwe Kull No. 45; en Restant van die Ploos Wolwe Kull No. 42.

Die voorgestelde Kudu Son Fasiliteit 1 tot 12 (Projekte 1 tot 12) is onderhandel aan 'n volle Bestekopname en Omgewingsimpakstudieproses (B&CIS-Proses) met 'n besluitneemingsperiode van 107 dae, in terme van die Nasionale Omgewingsbehoorwet (Wet No. 107 van 1998, soos gewysig) (NEMA) en die 2014 NEMA CIS-Regulasies (soos gewysig). Kennis word dus hiermee gegee van die CIS-Prosesse in terme van Regulasie 41 (2)(a) van die 2014 NEMA CIS-Regulasies (soos gewysig).

Afsonderlike aansoek vir Omgewingsgoedkeuring was in Desember 2022 ingedien by die behorende owerheid, nl. die Departement van Bosbou, Visserye en die Omgewing ("DFFE"), nesame met die Konsep-Bestekopname Verleer vir die Kudu Son Fasiliteit 1 tot 12 (Projekte 1 tot 12). Die Finale Bestekopname Verleer was ingedien by die "DFFE" in Februarie 2023 en aanvaar in Maart 2023. Verskeie gelyke aktiviteite in die 2014 NEMA CIS-Regulasies (soos gewysig) is van toepassing op die voorgestelde projekte met GN 325 (N2, Aldikwilt 1 - wat dien as die hoof-aktiviteit vir die Kudu Son Fasiliteit (Projekte 1 tot 12).

Kommentaar sal ook verkry word vandat die Suid-Afrikaanse Erfenisulphronogentekap ("SARAJ") in terme van die Wet op Nasionale Erfenisulphronogentekap (Wet 25 van 1999), nesame met die Konsep-Bestekopname Verleer vir die Kudu Son Fasiliteit 1 tot 12 (Projekte 1 tot 12). Die Finale Bestekopname Verleer was ingedien by die "DFFE" in Februarie 2023 en aanvaar in Maart 2023.

Die Wetenskaplike Nywerheids- en Navorsingsraad (WNNR) is aangestel as die ophoulike Omgewingskonsultant ("EAP") om hierdie omgewingsimpakprosedes te bevestig en te bestuur namens die Projek-Aansoekers.

Geïnteresseerde en/of Belanghebbende Partye (G&BPA) word hiermee in kennis gestel van die verjaring van die Konsep-Omgewingsimpakverleer vir die Kudu Son Fasiliteit (Projekte 1 tot 12) vir 'n 30-dae kommentaar periode, wat sal trek vanaf 2 Junie 2023 tot 3 Julie 2023 (insluitend publieke vakansiedae). Die Konsep-Omgewingsimpakverleer kan afgeleë word by hierdie webiste: <https://www.csr.co.za/environmental-impact-assessment>.

So- 'n belangstel om te registreer as 'n G&BP en om kommentaar te lewer op die Konsep-Omgewingsimpakverleer, word u vriendelik versoek om u naam en kontakbesonderhede te e-pos, asook 'n aanduiding van enige direkte, beghindels, finansielle, persoonlike of ander redes vir 'n moontlike belangstelling in die aansoek, aan die EAP by die WNNR. Rolonde Afdel: E-pos: ems@csric.co.za; Posadres: Palmiet Suite 307, Privaatstok 101, Musgrave Road, 4092; Tel: 011 242 2300.

Die meegangende elektriese netwerk infrastruktuur ("EGT") projekte behels 132 kV kryglynne, ontvanger- en skakelstasies by elke Son Fasiliteit (Kudu EGI Projek 1 tot 24), 'n onafhanklike 400/132 kV hoortransmissieline (Kudu EGI Projek 25), en 'n 400 kV "loop-in-loop-out" ("LIO") Kudu EGI Projek 26) ter aansluiting by die nasionale elektriese netwerk. Projekte 1 tot 26 is gelei in die Sentrale Strategieë Oordrag Korridor (Staatsskennisgewing 113 in Februarie 2018) en 'n onderhandelwag aan afsonderlike Omgewingsstudies-Prosesse. Afsonderlike kennisgewings sal gepubliseer word vir Projekte 1 tot 26 sodra die verskeie beskikbaar is, vir kommentaar (soos relevant).
