Dear Sir/Maam

Re: East Coast Instruments Motivation Letter

East Coast Instruments currently has 6 staff employed with us. We will increase our staff number by a further 5, bringing us up to 11 in total. This will happen in the near future.

A few of our staff don't own their own vehicles and as such, gets dropped off at work or use public transport.

Our business is a sales orientated one, that supplies various instrumentation to the industries around KZN. Some of the equipment we stock are ball valves, gauges, tubing and fittings which makes up the majority of our sales.

These instruments do not need to be washed or cleaned at our premises. They are quality checked and boxed at the factory and sent to us.

There are also no chemicals being used on our premises.

If you require any further information, please do not hesitate to contact me. Thank you.

Kind Regards

Shaun Naidoo (Director)

East Coast Instruments (Pty) Ltd
