Relaxation of the Front Building line from 3m to 0m

- All boundaries, dimensions and levels are to be checked on site before construction and any discrepancies are to be reported to the Architect.
- Partial Service: Any discrepancies with site or other information is to be advised to the Architect and direction or approval is to be sought before the implementation of the detail.
- Do not scale this drawing.
- For the purpose of coordination, all relevant parties must check this information prior to implementation and report any discrepancies to the Architect.
- Any discrepancies MUST be reported to the ARCHITECT immediately prior to any commencement of work. The author will not be responsible for work carried out without the ARCHITECT's consent as well as deviations from the approved plans.
- Any plans removed from ARCHITECT'S office without his prior authorization will be deemed unchecked and thereafter invalid.
- The attention of the owner is drawn to the fact that changes to the plan and/or specifications after official approval are likely to invalidate that approval.
- The no construction is to be carried out on site prior to approval of submissions from relevant authorities.
