National Heritage Site Nomination Form

This form precedes the submission of the 'Nomination Document' and is designed to assist with the grading of heritage resources in terms Section 3(3) of the National Heritage Resources Act, as part of the process of declaration as a National Heritage Site (Section 27). Nominated heritage resources that are of special national significance will be graded as Grade 1 and considered for National Heritage Site status.

Proposed National Heritage Site Sayed Moegsien Bin Alawie

Brief Statement of Significance:

The 'Circle of Tombs' is considered significant in terms of the role of Islam and slavery in the Western Cape, cultural connections between South Africa and Indonesia, value in terms of historic environments and consciousness of the sacredness of Muslim Burial Grounds. The contribution of the Muslim Community of Cape Town to the history and traditions of the City has been enormous since the days of the early Cape Settlement in the 17th Century. The saints of Islam played a large role in creating present-day Cape Town. The Kramats or Shrines (Mazaars) are the resting places of the pioneers of the Muslim community in South Africa. For generations, residents of Cape Town and its environs have been visiting these Kramats. The Kramat inspires a reverence and a peace not because of any architectural achievement or aesthetic appeal, but because of the character, knowledge, and spiritual presence of those buried there.
