Otto Mbangula <a href="mailto:ombangula@gmail.com">ombangula@gmail.com</a>	Zammenstroom Papenfus	397 72	0 (rem) 0	24 Oct. 2016	Attention Mr. Cilliers van der Merwe.  I am the owner of Zammenstroom Farm no 397. The suggested Free State /Lesotho Border we welcome as it will improve the logistics in our area and our farm in particular. The proposed realignment and designs you proposed we would like to make some suggestions so that these cannot thwart our Farm Development Plans.The suggested road if it goes through the (Blokkom) Plantation right through over the Dam will disturb our plans.

					<p>(1) The dam is going to be expanded as main water storage for our feedlot on top</p> <p>(2) Irrigation Systems on the so the new road can go straight towards the gate swerving to the right and a new gate can be installed straight near the house across the Valley linking the old road straight to the high gate building small badge These you can. understand better when we are on the Farm</p> <p>Thanks Otto Mbangula (MD)</p>
