Activity description

The proposed project entails the dredging of material at a weir near the De Put Dam, in Senekal. The dredged material will be removed from the site and used for the rehabilitation of an existing borrow pit/eroded ditch, that are located on property owned by the Setsoto Local Municipality.

The granting of this EA is subject to the conditions set out below.

Conditions of the Environmental Authorisation

Scope of Authorisation

1.1 Authorisation of the activity is subject to the conditions contained in this document. These conditions form part of the EA and are binding on the holder of the EA.

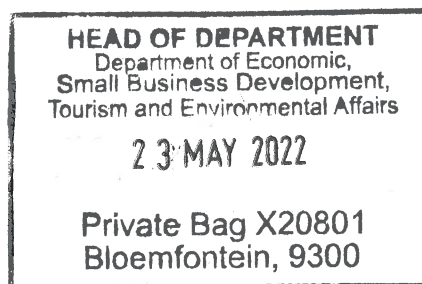

- 1.2 The holder of the EA shall be responsible for ensuring compliance with the conditions by any person acting on his or her behalf, including but not limited to, an agent, sub-contractor, employee or person rendering a service to the holder of the EA.
- 1.3 The authorised activity may only be carried out on the remainder of farm De Put 298 and portion 5 of the farm Veepest 1172 in Senekal, as indicated above at the exact site co-ordinates.
- 1.4 Any changes to, or deviations from, the project description set out in this Authorisation must be approved, in writing, by the Department before such changes or deviations may be affected.
- 1.5 In assessing whether to grant such approval or not, the Department may request such information as it deems necessary to evaluate the significance and impacts of such changes or deviations which may result in the holder of the EA to apply for further Authorisation in terms of NEMA (Act 107 of 1998) and the 2014 EIA Regulations as amended.
- 1.6 The holder of the EA must apply for an amendment of the EA with the Competent Authority for any alienation, transfer or change of ownership rights in the property on which the activity is to take place.
- 1.7 Commencement with one activity listed in terms of this EA constitutes commencement of all authorised activities.
- 1.8 This EA is valid for a period of 5 (five) years from the date of issue. If commencement of the activity does not occur within that period, the EA lapses and a new application for an EA must be made.
- 1.9 This EA does not negate the holder of the Authorisation's responsibility to comply with any other statutory requirements that may be applicable to the undertaking of this particular activity.

Appeal of Authorisation

- 1.10 The holder of the EA must notify every registered interested and affected parties, in writing and within 14 (fourteen) calendar days of the date of this EA, of its decision to authorise the activity.
- 1.11 The notification referred must –
- 1.11.1 specify the date on which the EA was issued;
 - 1.11.2 inform the registered interested and affected parties of the appeal procedure provided for in National Appeal Regulations published in Government Gazette No. 38559 of 12 March 2015;
 - 1.11.3 advise the registered interested and affected parties that a copy of the Authorisation will be furnished on request; and
 - 1.11.4 give the reasons for the decision.
- 1.12 A person affected by the decision who wishes to appeal against the decision must lodge an appeal with the MEC of the Department of Economic, Small Business Development, Tourism and Environmental Affairs within 20 calendar days after being notified of the decision. The appeal should be directed to:

Attention: Mr. T. Molotsi
MEC (DESTEA)
Private Bag X20801
Bloemfontein
9300
Tel: (051) 400 4810
E-mail: modisepm@destea.gov.za

- An appeal not submitted to the above mentioned address will not be regarded as valid.
- The applicant shall not commence with the proposed activity once an appeal has been lodged with the office of the MEC.

Management of the activity

- 1.13 The Environmental Management Programme (EMPr) submitted as part of application for an EA is hereby approved.
- 1.14 The provisions of the EMPr included in the Final Basic Assessment Report (BAR) are an extension to the conditions of Authorisation, and non-compliance with the conditions of the EMPr would accordingly constitute non-compliance with the conditions of this EA.
- 1.15 Should there be a change of ownership and/or project developer, the Department must be notified within 30 (thirty) days prior to the change itself. Conditions imposed in this EA must be made known to the new owner and/or developer.
- 1.16 The recommendations and mitigation measures recorded in the Final Basic Assessment Report dated 03 March 2022 must be adhered to and incorporated as part of the EMPr where applicable.
- 1.17 Any updates or amendments to the EMPr must be submitted to the Department of Economic, Small Business Development, Tourism and Environmental Affairs and must be decided upon within a period of 30 days of the submission.

Monitoring

- 1.18 The applicant must appoint a suitably experienced Environmental Control Officer (ECO) for the construction and operation phase of the development that will have the responsibility to ensure that the mitigation / rehabilitation measures and recommendations referred to in this EA are implemented and to ensure compliance with the provisions of the EMPr.
- 1.19 The ECO shall be appointed before commencement of any construction activity.
- 1.20 The ECO shall keep record of all activities on site, problems identified, transgressions noted and a task schedule of tasks undertaken by the ECO.
- 1.21 The ECO shall remain employed until all rehabilitation measures, as required for implementations due to construction damage are completed and the site is ready for operation.

- 1.22 The ECO shall keep the records relating to monitoring and auditing on site and make them available for inspection to any relevant and Competent Authority in respect of this development.
- 1.23 Construction and operation of the development may be temporarily or permanently stopped for reasons of non-compliance with the conditions of this particular EA as set out in this document or any other subsequent document emanating from the conditions of this EA.

Recording and reporting to the Department

- 1.24 The holder of the Authorisation must submit an environmental audit report to the Department within thirty (30) days upon completion of the construction and rehabilitation activities. The environmental audit report must –
- 1.24.1 Be compiled in accordance with Appendix 7 of the 2014 EIA Regulations as amended and must indicate the date of the audit, the name of the auditor and the outcome of the audit in terms of compliance with the EA conditions as well as the requirements of the approved EMPr.
- 1.24.2 Be kept on site and be made available for inspection by any relevant and competent authority in respect of this development.

Commencement of the activity

- 1.25 The authorised activity shall not commence within twenty (20) days after the EA has been issued by the Department to allow the appeal process to proceed accordingly.
- 1.26 Should you be notified by the MEC of a suspension of the EA pending appeal procedures, you shall not commence with the activity unless authorised by the MEC in writing.

Notification to authorities

- 1.27 Fourteen (14) days prior written notice must be given to the Department that the activities will commence. Commencement for the purposes of this condition includes site preparation. The notice must include a date on which the construction of the activities will commence, as well as a reference number.

Operation of the activity

- 1.28 Fourteen (14) days prior written notice must be given to the Department that the activities will commence with the operation.

Site closure and decommissioning

- 1.29 Should the activities ever cease or become redundant, the applicant shall undertake the required actions as prescribed by legislation at the time and comply with all relevant legal requirements administered by any relevant and competent authority at that time.
- 1.30 Before decommissioning of the development becomes evident a rehabilitation plan must be compiled and should be approved by this Department.

Specific conditions

- 1.31 An integrated waste management approach that is based on waste minimisation must be implemented and must incorporate reduction, recycling, re-use and disposal where appropriate. Any solid waste shall be disposed of at a landfill licensed in terms of section 20 (b) of the National Environment Management Waste Act, 2008 (Act No. 59 of 2008) as amended.
- 1.32 The applicant must ensure to appoint the contractor to remove the construction waste and dispose thereof at a Licensed Waste Disposal Site in Senekal.
- 1.33 All chemicals used during the development, including fuel must be stored in a proper storeroom or protected area to prevent pollution.
- 1.34 Should the applicant require removal of protected *Crinum bulbispermum* specimens for the dredging operations, the necessary permits must be obtained from relevant Authority. The removed specimens must be transplanted to an adjacent area where it will remain unaffected.
- 1.35 The applicant must ensure to obtain Water Use License or Authorisation from Department of Water and Sanitation prior commencement of the proposed development.
- 1.36 The applicant must ensure to adhere to the recommendations of all specialist studies conducted for the proposed development.

Annexure 1: Reasons for Decision

1. Background

The applicant, **Setsoto Local Municipality**, applied for an Authorisation to commence with activity 19 and activity 27 of Listing Notice 1 (GNR 327) of the 2014 EIA Regulations as amended, described in the Final Basic Assessment Report (BAR) dated 03 March 2022, as the proposed dredging at a weir de put dam in Senekal, Setsoto Local Municipality.

The applicant appointed MDA Town & Reginal Planners, Environmental & Development Consultants to undertake Environmental Impact Assessment process for the activities as required by Regulation 21 of the 2014 EIA Regulations as amended.

2. Information considered in making the decision

In reaching its decision, the Department took, *inter alia*, the following into consideration -

- a) The listed activity as applied for in the application form received on 24 January 2022.
- b) The information contained in the Final Basic Assessment Report (BAR) dated 03 March 2022 completed by **MDA Town & Reginal Planners, Environmental & Development Consultants**.
- c) Comments received from the interested and affected parties as included in the Final BAR dated 03 March 2022.
- d) Mitigation measures as proposed in the Final Basic Assessment Report (BAR) dated 03 March 2022 and the EMPr.
- e) The information contained in the specialist studies contained within the appendices of the Final BAR dated 03 March 2022.
- f) The objectives and requirements of relevant legislation, policies and guidelines and Section 2 of the National Environmental Management Act, 1998 (Act No. 107 of 1998).
- g) The findings of the site inspection were undertaken by Ms. D. Mokoena from the Department on the 14 April 2022.

www.destea.gov.za

3. Key factors considered in making the decision

All information presented to the Department was taken into account in the Department's consideration of the application. A summary of the issues which, in the Department's view, were of the most significance is set out below:

- a) Details provided of the qualifications of the Environmental Assessment Practitioner (EAP) indicated the EAP is competent to carry out the Environmental Impact Assessment procedures.
- b) The findings of all the specialist studies conducted and their recommended mitigation measures.
- c) The need for the proposed development is to ensure that the residents of Senekal benefit from employment opportunities and availability of potable water.
- d) The Final BAR dated 03 March 2022 identified all legislation and guidelines that have been considered in the preparation of the BAR.
- e) The methodology used in assessing the potential impacts identified in the Final BAR dated 03 March 2022 and the specialist studies have been adequately indicated.
- f) A sufficient public participation process was undertaken and the applicant has satisfied the minimum requirements as prescribed in the 2014 EIA Regulations as amended for public involvement.
- g) Recommendations made by the EAP in the Final BAR, feasible and reasonable alternative options including the no-go were investigated as part of the assessment process.

4. Findings

After consideration of the information and factors listed above, the Department made the following findings –

- (a) The need for the development has been identified.
- (b) The identification and assessment of impacts are detailed in the Final BAR dated 03 March 2022 and sufficient assessment of the key identified issues and impacts have been completed.

CHIEF DIRECTORATE: ENVIRONMENTAL QUALITY & PROTECTION
Private Bag X 20801 113 St Andrews Building Tel: (051) 400 4917
Bloemfontein Bloemfontein Fax: (051) 400 4842
9300 9301 E-mail: nkoen@destea.gov.za

- (c) The procedure followed for impact assessment is adequate for the decision-making process.
- (d) The proposed mitigation of impacts identified and assessed adequately curtails the identified impacts.
- (e) EMPr measures for the pre-construction, construction, operation and rehabilitation phases of the development were proposed and included in the Final BAR and will be implemented to manage the identified environmental impacts throughout the life span of the project.
- (f) Adequate process in line with law and legislation for public participation process was undertaken and the EAP has met the minimum requirements as prescribed in the 2014 EIA Regulations as amended.

In view of the above, the Department is satisfied that, subject to compliance with the conditions contained in the Environmental Authorisation, the proposed activities will not conflict with the general objectives of integrated environmental management laid down in Chapter 5 of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and that any potential detrimental environmental impacts resulting from the proposed activities can be mitigated to acceptable levels, therefore the application is accordingly granted.
