RELOCATION OF 66 GRAVES FROM MOGALAKWENA MINE, MOGALAKWENA, WITHIN THE WATERBERG DISTRICT MUNICIPALITY LIMPOPO PROVINCE

BACKGROUND INFORMATION

PGS Heritage has been appointed by Anglo-American Platinum Mogalakwena, to affect the relocation of graves located on the Farms Overysel 815 LR, Zwartfontein 818 LR, Blinkwater 820 LR and Sandsloot 236 KR, Mokopane, Limpopo Province. This application deals with sixty-six (66) graves located on the Farms Overysel 815 LR and Zwartfontein 818 LR which will be affected by mining activities within the Mogalakwena project area. The graves are to be moved to existing formal cemeteries or informal traditional areas as selected by the next-of-kin. We will be assisted on this project by local service providers. The stakeholder engagement process, to identify the closest next of kin for the graves commenced on 23 October 2019. The Traditional Authorities are also consulted in the process. Of the 66 graves in this application 8 graves are older than 60 years as identified by the next-of-kin, while 16 graves are younger than 60 years. The dates of 42 graves are not known by the next-of-kin and they will therefore also be regarded as older than 60 years as per the National Heritage Resources Act (25 of 1999).

Please be advised that according to the health regulations (published in May 2013), a member of the SAPS must be on-site during the exhumation of the remains.

LOCAL WITH LEBANG

REAL CHANGE STARTS AT HOME

If we want to help build a better future, we need to start with the foundation – loving our families and being a good example to children.

Children copy and learn what they see, so it's important for our actions to speak loudly about our values, such as respect, honour, honesty and integrity.

Values are very important in parenting as they influence all behaviour and attitudes and affect our relationships and decisions. For us to truly instil our values in our children, we must act on them. Our behaviour must reflect them. It's not enough to mouth the words or think about living our values.

And those of us who aren't parents should realise that we also have a role to play. Even if we're single, even if we're childless, there's a young person somewhere who's watching what we're doing. Living our values is vital!

We can't extract from children what we fail to give.

When our sons and daughters see non-violent communication, forgiveness, gratitude and mindfulness, they become not only good husbands and wives, but also leaders who are more empathetic. This forms the foundation of a balanced household, and each such household moves our society forward to a value-driven tomorrow.

By loving the mother of our children, we not only teach our sons to respect and honour women, but we also help our daughters to realise their value and to know that their voices matter.

If we teach our children to love themselves, to be resilient, to be mindful, to always

strive to do their best, to have compassion and to know that happiness comes from within, we are creating agents of change and making a real and valuable difference in the world.

Let's ensure that our foundation is solid by committing to being a good husband or wife and even better parents – and to being a good example to every young person we interact with.

As former president Nelson Mandela said: "History will judge us by the difference we make in the everyday lives of children."
